November 3, 2010

Pat Prock  
Director of Transportation  
Arkansas School for the Deaf  
2400 W Markham St  
Little Rock, AR 72205-6129

Dear Ms. Prock,

Based on the information presented in your correspondence, dated October 26, 2010, the following determinations have been made:

Due to the required level of travel and the responsibilities assigned, a waiver under Sec. 4 regarding the use of State license plates and Seals has been granted for vehicles used in the following capacities:

Seven (7) vehicles assigned for the transportation of students with disabilities. This waiver is granted to assure access to Handicapped License plates.

Your request for a waiver under Sec. 4 regarding the use of State License plates and Seals has been denied for the following position:

Superintendent

Please be aware that, unless otherwise stated, Section 4 of Executive Order 10-14 requires all vehicles carry red, Official Business Only license plates and the official seal of either the State or your agency.

Please also be aware that, under Section 3 of Executive Order 10-14, all vehicles not assigned to individual employees must be pooled, made available to any authorized employee and must remain on State property when not in use.

Additionally, please recall that Executive Order 10-14 requires State vehicles be used solely for purposes of official State business.

Thank you for your assistance and cooperation.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard A. Weiss".

Richard A. Weiss  
Director

Good afternoon,

The Arkansas School for the Deaf (ASD) owns 27 vehicles, 8 vehicles have different tags other than the red plates carrying the "Official Use Only". One of those 8 has a regular Arkansas plate. In past years when the State needed a wavier letter of request documenting the need for those vehicles to remain with the current licensing, I would prepare the letter (SEE ATTACHED) for the ASD Superintendent.

Also attached below is a complete list of ASD vehicles, those in red are the vehicles (7) with Handicap plates. However one vehicle on that list shown in blue is the vehicle (2001 Dodge Intrepid) with a regular Arkansas plate. This vehicle is assigned to the ASD Superintendent, but receives regular use by other ASD staff attending meetings, conferences, Out-Reach, and etc. These meetings occur throughout each year covering the entire state as well as out of state. This vehicle remains own campus unless being used for the above mentioned and not used for any commuting purposes. All remaining vehicles (19) operate with regular plates.

The Arkansas School for the Blind (ASB) is provided vehicles for its transport needs by the ASD Transportation Department, and uses all the vehicles for the same purposes as ASD.

Students with varying mobility problems attend school at both campuses. The Handicap licensed vehicles are used for student transport at both ASB/ASD campuses to/from sporting events, academic events, and including recreational trips.

If this is not sufficient information or incorrect please let me know? You can contact me by phone, office 501-324-9754 or email at [patp@asd.k12.ar.us](mailto:patp@asd.k12.ar.us) or fax 501-324-8550.

Thank you,

Pat Prock  
ASD Director Transportation
