

# ARKANSAS SOYBEAN PROMOTION BOARD

## Enabling Laws

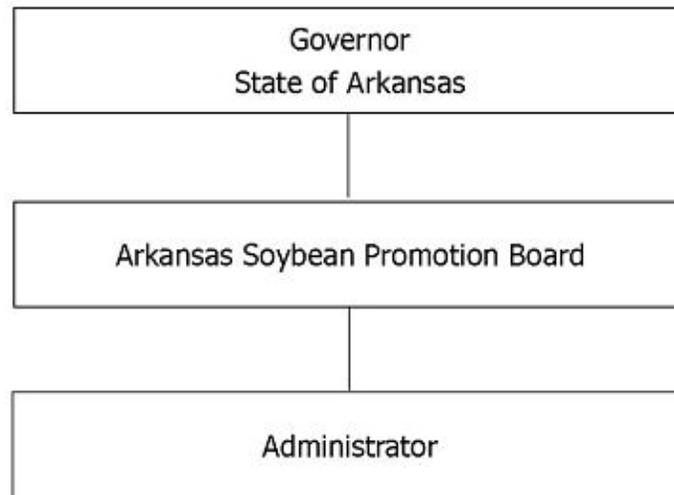

Act 165 of 2014  
A.C.A. §2-20-404 et seq.

## History and Organization

The Arkansas Soybean Promotion Board was established by Act 259 of the 1971 General Assembly to provide soybean producers in Arkansas an organization through which they can work for the improvement of the soybean industry. That legislation created a nine-member board appointed by the Governor from nominations submitted by certain soybean-related organizations to administer the program. It is the responsibility of the Board to plan and conduct a program of research, promotion and market development to foster the growth and development of the Arkansas soybean industry.

Initial legislation established an assessment rate of ¼ cent per bushel on all soybeans produced in Arkansas with an automatic escalation to ½ cent per bushel after a specified period of time. Subsequently, Act 355 of 1979 increased the assessment to one cent per bushel and Act 102 of 1989 increased the assessment rate to two cents per bushel.

Federal legislation enacted in 1990 established a national, coordinated program that preempted the State program. Approved by U.S. producers in a referendum, the National Soybean Check Off Program replaced the Arkansas assessment with a standard assessment of one-half of one percent of the net market value of all soybeans sold. One-half of all collections on soybeans produced in Arkansas are remitted to the National United Soybean Board to fund programs that are national and international in scope. The remaining one-half of the collections remain in Arkansas to be administered by the Arkansas Soybean Promotion Board and are used to fund soybean-related research, extension, promotion and market development activities. As provided for in the national legislation in October 1995, all refund provisions for the assessment were discontinued.

### **Agency Commentary**

The Arkansas Soybean Promotion Board budget is funded entirely by special revenues collected from an assessment on all soybeans produced in Arkansas. The assessment rate is one-half of one percent of the net market value for soybeans sold. Because the price of soybeans has increased dramatically in recent years, the agency's revenues have also increased accordingly. A very limited amount of funds is allocated each year for administrative and board related expenses, while most of the request is in categories that will allow funding of programs directly related to the objectives of the Board.

The Board is requesting Base Level appropriation.

## **Analysis of Budget Request**

**Appropriation:** 026 - Arkansas Soybean Board

**Funding Sources:** SBB - Arkansas Soybean Promotion Fund

The purpose of the Arkansas Soybean Promotion Board is to support the growth and development of the soybean industry in Arkansas. This appropriation is primarily used to fund a program of research through the University of Arkansas Agricultural Experiment Station, although a small portion is used for administration and for other programs designed to enhance the Arkansas soybean industry.

Funding for the Board is derived entirely from special revenue collected from an assessment of one-half of one percent of the net market value of soybeans sold in Arkansas.

The Board is requesting Base Level of \$11,895,066 each year of the 2015-2017 Biennium.

The Executive Recommendation provides for the Agency Request. Expenditure of appropriation is contingent upon available funding.

## Appropriation Summary

**Appropriation:** 026 - Arkansas Soybean Board  
**Funding Sources:** SBB - Arkansas Soybean Promotion Fund
