

**ARKANSAS BUDGET SYSTEM
AGENCY PROGRAM COMMENTARY
2001-2003**

APPROPRIATION 054-STATE

Change Level One requests \$4,000 in each year of the biennium to provide for increases in the annual maintenance costs for the integrated online circulation system. Change Level Two is a request for \$80,000 in FY 2002 to provide shelving for Blind and Physically Handicapped materials. Change Level Three requests \$52,273 in each year of the biennium in Character 46, Books and Materials, to purchase an additional 1,480 new books to replace outdated materials. Change Level Four is a request in FY 2002 for a total of \$54,000 to provide access to a growing number of electronic information resources. of this amount, \$50,000 is requested in Character 46, Information Materials, to add an additional ten reference databases. Totals of \$2,000 in Character 09 and \$2,000 in Character 10 are included in order to provide technology-related training and seminars. In FY 2003, a total of \$3,000 in Character 11, Capital Outlay, is requested to replace outdated computer equipment. Change Level Five seeks \$28,500 in each year of the biennium in Capital Outlay to purchase mapcases, microform cases, and CD ROM cabinets. These storage units are needed to meet minimum federal standards for documents. Change Level Six requests funding in both years of the biennium for one new position, a Librarian III, Grade 19, to undertake an imaging project to convert 219,018 selected items to electronic format. In addition, in FY 2002, an additional \$2,000 in Character 09 for training, \$5,000 in Character 11 for a computer workstation, and \$1,000 for software is also requested. In FY 2003, a total of \$30,000 in Character 10 for outsourcing some digitalization of 4,000 documents is also requested. Change Level Seven requests funds to create an Arkansas Catalog Of State Agencies, an online catalog that lists the holdings of participating state agencies. In FY 2002, \$3,000 is requested in Character 02 to add holdings information to the international OCLC database. An additional \$4,000 is requested in Character 09 for staff training. In FY 2003, \$5,000 is requested in Character 02 to support network services. An additional \$10,000 in Character 02 for data processing software to increase the catalog capacity, and an additional \$5,000 is requested in Character 11 to purchase a computer workstation for the project.

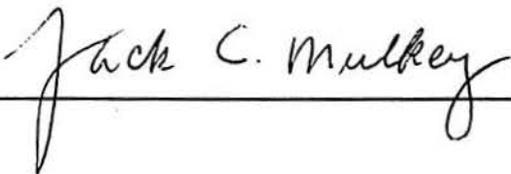

APPROPRIATION 055-FEDERAL

The Arkansas State Library administers the Library Services and Technology Act (LSTA) program in Arkansas. Purposes of LSTA, P.L. 104-208, as amended, are: 1) to consolidate federal library service programs; 2) to stimulate excellence and promote access to learning and information resources in all types of libraries for individuals of all ages; 3) to promote library services that provide all users access to information through state, regional, national and international electronic networks; 4) to provide linkages among and between libraries; and 5) to promote targeted library services to people of diverse geographic, cultural, and socioeconomic backgrounds, to individuals with disabilities, and to people with limited functional literacy or information skills.

In order to qualify for these federal funds, the State Library is required to submit and have approved a five year plan for library services. It should be noted that Congress annually appropriates funds for this Act, but there is never any way to predict the level of funding. Federal appropriation is expected to range between one and two million dollars per federal fiscal year.

APPROPRIATION 083-AID TO PUBLIC LIBRARIES

Since 1937, the Arkansas Legislature has regularly appropriated funds for Aid to Public Libraries. These funds augment meager local resources of public libraries which, at \$12.51 per capita spent in FY 1998, rank Arkansas public libraries expenditures per capita among the lowest in the United States. Public library funding in Arkansas is little more than half of the national average of \$23.93 per capita spent in FY 1998. The purpose of Aid to Public Libraries is to encourage local library support, promote resource sharing, provide professional administration, compensate for differences in populations and tax bases, provide library service for the blind, promote system regionalization, and augment meager local library resources.

**ARKANSAS BUDGET SYSTEM
AGENCY PROGRAM COMMENTARY
2001-2003**

Change Level One in State Aid For Public Libraries is a request for base level plus new funds in the amount of \$5,324,222 in FY 2002. This level of funding in FY 2002 will bring state support to \$4.00 per capita. In FY 2003, an additional \$5,076,606 is requested over the FY 2002 total appropriation, bringing the State Aid For Public Libraries support to the recommended level of \$6 per capita.

APPROPRIATION 858-STATE LIBRARY REVOLVING FUND

The Arkansas State Library Revolving Fund is used to receive and disburse payment for lost books, interlibrary loan charges assessed by other libraries, and to deposit funds from agency coin-operated copy machines. The cash flow from these activities is usually small, but is growing. Other state agencies sometimes contract for the provision of special data base services, and the State Library must maintain an appropriation level that permits the agency to enter cost-recovery agreements.

2001 - 2003**

The Arkansas State Library periodically hosts various workshops related to library development. Examples of recent workshops include a September 1999 workshop for trustees of public library boards concerning roles and responsibilities, and a December 1999 workshop for public library directors for training in statistical online data entry and retrieval. This cash appropriation is used to process the registration fees charged to workshop participants.

The Executive Recommendation provides for the Agency Request.

**ARKANSAS BUDGET SYSTEM
ANALYSIS OF BUDGET REQUEST
2001 – 2003**

The Arkansas State Library serves the knowledge and information needs of the people, institutions and agencies of the State by providing leadership in the development and coordination of library and information resources and services.

Base Level includes a pay plan increase of 2.6% each year over the FY01 salary levels for all incumbents plus appropriate Personal Services Matching costs. Base Level positions which were authorized by the 82nd General Assembly for the Career Ladder Incentive Program (CLIP) are reflected at the maximum authorized classification with additional appropriation only and in accordance with CLIP guidelines.

Change Level requests for this general revenue funded appropriation include:

- (1) One new position, a Librarian III (Grade 19), for an imaging project to convert 219,018 selected items to an electronic format. The salary and matching costs are \$31,319 for FY02 and \$32,056 for FY03. Additional FY02 requests for this project are \$2,000 in training, \$1,000 for software, and \$5,000 for a computer workstation. \$30,000 in Professional Fees and Services for FY03 would provide for outsourcing digitalization of 4,000 documents.
- (2) An increase in Operating Expenses of \$4,000 each year for annual maintenance costs for the integrated online circulation system.
- (3) Capital Outlay of \$80,000 in FY02 for the Blind and Physically Handicapped program. \$65,000 would be used to convert Braille shelving to moveable compact shelving with 21 new sections, and \$15,000 would purchase 50 new double-sided shelving sections for cassettes.
- (4) An increase of \$52,273 each year in the Books and Subscriptions line item would purchase 1,480 new books which represents a 1.5% annual replacement of the circulating nonfiction reference collection.
- (5) An increase of \$50,000 each year would build a core Internet Reference Collection by adding 10 new electronic subscriptions to the current 22 databases of full-text periodicals and reference materials. Additional increases for technology-related training and seminars include \$2,000 in Conference Fees and Travel and \$2,000 in Professional Fees and Services each year. Capital Outlay of \$3,000 in FY03 is for computer equipment for the Collection.

- (6) Capital Outlay of \$28,500 each year to purchase 25 map cases, 5 microform cases and 6 CD ROM (Compact Disk- Read Only Memory) cabinets.
- (7) To create an Arkansas Catalog of State Agencies, the State Library is requesting Operating Expenses of \$18,000 for FY02 and \$5,000 for FY03, \$4,000 in Conference Fees and Travel for FY02, and \$5,000 in Capital Outlay for FY03.

The Executive Recommendation provides for the Base Level plus the Capital Outlay request. General Revenue is recommended at Base Level.

<p>Character 02 in the amount of \$4,000 each year of the biennium is requested to provide for increases in the annual maintenance cost for the integrated online circulation system. This system includes an online public catalog and fully automated circulation module. The catalog may be viewed on the Website of the State Library, and the circulation system makes it possible for the general public to checkout materials onsite. The annual maintenance fee provides for year around support services from the SIRSI Company, vendor of the system, as well as all software upgrades.</p>

<p>\$80,000 in Capital Outlay, Character 11, is requested in FY 2002 for Library Services to the Blind and Physically Handicapped. \$65,000 will be used to convert 87 sections of Braille shelving to moveable compact shelving which will add 21 new double-sided sections. \$15,000 will be used to add 50 new double-sided sections of cassette talking book shelving. At the present time there is no space available to add regular shelving. Compact shelving would help remedy the problem. Over 20,000 new copies of Braille and cassette material are received free from the National Library Service each year and must be retained by the State Library Services for the Blind and Physically Handicapped. Library Services to the Blind and Physically Handicapped provides the entire state with Braille material. With the closing of two subregional libraries in Jonesboro and Fayetteville, the service is now required to provide cassette materials to 52 counties.</p>

<p>In FY 2001, approximately 52% of the State Library's Books and Materials budget was re-budgeted to the agency's Technology Budget to purchase and integrate new electronic information resources into the reference collection. Limitations in the remaining budget permit only annual renewals of periodical resources. Therefore, an additional amount of \$52,273 in Character 46, Books and Materials, is requested for each year of the biennium. This amount represents an annual purchase of 1,480 new books or a 1.5% annual replacement in the State Library's circulating nonfiction reference collection. This is far less than the recommended 10% replacement figure.</p>

<p>A total of \$50,000 in Character 46, Activity 92, is requested in each year of the biennium to build a core Internet Reference Collection. New technology provides the State Library with an opportunity to provide patron access to a growing number of electronic information resources via the World Wide Web. The current agency Technology Budget allows the continuation of only 22 new electronic subscriptions to full-text periodical and reference databases. The additional funding requested will increase the number to 32 subscriptions. Totals of \$2,000 in Character 09 and \$2,000 in Character 10 are also requested in each year of the biennium to meet the needs for technology-related educational training and conferences. A total of \$3,000 in Character 11, Capital Outlay is requested in FY 2003 to replace outdated computer equipment.</p>

These storage units are needed to enable the State Library to meet Federal Depository Library System requirements and pass annual inspections by Washington. As the only Arkansas Regional Depository, the agency is responsible for storing and maintaining the 1,748,326 federal documents received from the Government Printing Office (GPO) since 1979. Collection holdings include materials in all formats including 189,000 print volumes, 98,113 periodical issues, 5,077 CD ROMs, 1,314,590 microfiche, 48,257 maps and charts, and 36,170 preprints. <p>An increasing number of Arkansas state agencies provide access to current publications and resources in digital format via the World Wide Web. Access to retrospective information from state government in this format, however, is nearly non-existent. The State Library, as the official State Documents Depository, proposes to fill in the information gaps by implementing an ongoing digital imaging project for retrospective state documents. Select volumes from the depository collection holdings of 219,018 items will be used for conversion into digital format. To implement the first phase of the project, a Librarian III, Grade 19, staff position for the documents section is requested. Additional support is also requested: In FY 2002, \$2,000 in Character 09 for training; \$5,000 in Character 11 for a computer workstation; and \$1,000 in Character 02 for software. In FY 2003, a total of \$30,000 in Character 10 for outsourcing digitization of print copies of approximately 4,000 documents is also requested.</p>

<p>To expand services to state government and to all Arkansas citizens, the State Library requests funds to increase the cataloging of Arkansas state agency resources, primarily in digital format, that are not received as part of the agency's State Documents Depository and Publications Clearinghouse program. State Library staff will create and add bibliographic records to OCLC, an international library catalog, and to ArkStar, the State Library's Sirsi Unicorn electronic catalog which is accessible via the Internet to citizens worldwide. The ArkStar catalog records will also include electronic links to the state agencies' digital resources. In FY 2002, \$3,000 is requested in Character 02, Network Services, to add holdings data to the international OCLC database, and \$4,000 is requested in Character 09 for staff training. In FY 2003, \$5,000 is requested in Character 02, Network Services, for continuing OCLC holdings input, and \$10,000 in Character 02 is requested for an increase in Sirsi Unicorn system maintenance and programming fees. In addition, \$5,000 in Character 11, Capital Outlay, is requested to purchase a computer workstation including a 15 GB hard drive, Pentium 3 processor, 21 inch monitor, printer, scanner, desk and chair.</p>

**ARKANSAS BUDGET SYSTEM
ANALYSIS OF BUDGET REQUEST
2001 - 2003**

Federal funds for the Arkansas State Library are provided by the U. S. Department of Education through the Institute of Museum and Library Services. The federal program – the Library Services and Technology Act (LSTA) - promotes access to information resources in all types of libraries, promotes access to library materials through electronic networks, and provides linkages between libraries.

Base Level includes a pay plan increase of 2.6% each year over the FY01 salary levels for all incumbents plus appropriate Personal Services Matching costs. Base Level positions which were authorized by the 82nd General Assembly for the Career Ladder Incentive Program (CLIP) are reflected at the maximum authorized classification with additional appropriation only and in accordance with CLIP guidelines.

Change Level requests for this federally funded appropriation include:

- (1) Continuation of appropriation authorized in FY01 through a Miscellaneous Federal Grant – Operating Expenses of \$375,582 to continue subscriptions to online databases, and Capital Outlay of \$33,342 for shelving.
- (2) Operating Expenses of \$4,500 each year for a cooperative project with the Arkansas History Commission to catalog the Commission's unique historical resources and make them available to library patrons.
- (3) Professional Fees and Services of \$12,000 each year to contract with a library preservation service to conduct site surveys to assess the needs of Arkansas institutions regarding the appropriate care, storage and preservation of the predominantly paper or film-based collections.
- (4) A \$35,000 increase each year in Aid to Libraries to allow additional subgrants to libraries based on an anticipated increase in federal funding.

The Executive Recommendation provides for the Agency Request.
