

**ARKANSAS BUDGET SYSTEM
AGENCY PROGRAM COMMENTARY
2001 - 2003**

The Arkansas Department of Health has prepared a biennial budget request that supports providing core public health initiatives throughout the State. This request was developed with the goals of the Department as a guiding force:

- GOAL #1. The Department will participate and assist in the assessment of public health needs in Arkansas' communities.
- GOAL #2. The Department will provide leadership in developing sound public health policy based on scientific knowledge.
- GOAL #3. The Department, through public health laws and regulations and sound public health policy, will assure that high quality health care services are provided and evaluated.

To accomplish these goals, approximately 3000 Department of Health colleagues are dedicated to work activities in all 75 counties, some with multiple sites, where client services are delivered. Funding to support these efforts is provided through federal, state, and dedicated fee resources. The Department's budget for FY2001 totals approximately \$260 Million, with this budget requested to be increased to approximately \$300 Million annually. The majority of this increase will be funded through federal grants projected to be available in the upcoming biennium. The following charts illustrate the funding resources of the Department, contrasting the FY2001 budget and the FY2002 budget request.

**ARKANSAS BUDGET SYSTEM
AGENCY PROGRAM COMMENTARY
2001 - 2003**

General Revenue forecasted for the Department of Health for FY2001 totals \$57,524,905, including funding for Breast Cancer Control (\$3,200,000), In Home Services support (\$741,828), Unwed Birth/Abstinence Program (\$988,665), Youth Violence Prevention (\$462,614), and the Public Health Fund (\$51,656,798). Along with Base Level, the Department has requested General Revenue funding to support 5 basic initiatives that cannot be supported through current funding levels nor through reallocation of existing resources:

	<u>FY2002</u>	<u>FY2003</u>
◆ Information Technology Initiatives		
◆ Ongoing Expenses	\$2,194,864	\$2,205,471
◆ One Time Expenses	\$1,460,000	
◆ In Home Services Program Support	\$ 589,273	\$ 589,273
◆ Drugs/Vaccine Costs	\$ 917,640	\$ 977,055
◆ Cancer Registry State Match	\$ 106,758	\$ 108,146
◆ CLIP Costs	<u>\$ 50,973</u>	<u>\$ 52,315</u>
Additional General Revenue Requested	\$5,319,508	\$3,932,260

These additional General Revenue dollars will allow the Department to continue its efforts on improving the automated flow of information that is vital to an organization that impact all residents of the State; will allow for continued support of the indigent home bound population that have come to depend on the Department's In Home Services programs as an alternative to costly nursing home care; will allow for the purchase of drugs and vaccines used to reduce the spread of infectious disease such as tuberculosis; will provide for federal matching requirements for further development of a statewide cancer registry that will be used in tracking and analyzing the occurrence of cancer in the State; and will provide funding for the Career Ladder Incentive Program.

As is evidenced on the chart on the preceding page, federal funds comprise a vast majority of funding that supports the mission of the Department of Health. In order to make sure that authorization to spend federal funds is available, the Department is requesting to significantly increase its appropriation authorization. Federal funds support the appropriations for WIC Food Instruments-Cash (B72); the appropriations for the In Home Services Programs (2HN); and the appropriations for multiple programs through Federal Operations (362). Currently, the Department receives federal funds from the U. S. Department of Health and Human Services through both the

**ARKANSAS BUDGET SYSTEM
AGENCY PROGRAM COMMENTARY
2001 - 2003**

Medicaid and Medicare programs, as well as programs such as AIDS Prevention, Bioterrorism, Rural Hospital Flexibility, Immunization, Tuberculosis Prevention and Control, and multitudes of other health related programs. Federal funds are also received through the Environmental Protection Agency, Housing and Urban Development, and the U.S. Department of Agriculture. All requested appropriation will be utilized only if federal grants are awarded.

The Department also has numerous programs that are supported through fees, generally collected as Special Revenues. These revenues provide for many environmental programs such as marine sanitation, individual sewage systems, nuclear planning and response, and radiation control and management. Licensing activities for plumbers and heating/air conditioning/ventilation is also funded through fees collected by the Department. Health facility services and pharmacy services/drug control also fall under the purview of the Department. Additional appropriation authorization has been requested to supplement these fee funded programs, with no expenditures to be made unless the revenues are actually available. The Department has requested to consolidate two Health Facility Services appropriations (549 and 550) due to the duplication of these authorizations.

Position authorizations for the 2001-2003 biennium have been requested at a lower level than the original level of 3,291 authorized for the 1999-2001 biennium. Due to funding limitations and changes in program needs, a total reduction of 151 positions will bring the authorization level for the new biennium to 3,140 positions.

BASE LEVEL	3,043	
ADDITIONS:		
GENERAL REVENUE	11	Includes 9 Info Technology; 2 Cancer Registry
FEDERAL FUNDS	76	Includes 13 MFG positions; 15 Flex positions; Positions for Various Programmatic Needs
SPECIAL REVENUE	6	Includes 1 Plumbers Licensing; 2 HVACR; 3 Health Facilities
OTHER	4	Includes 3 in lieu of contract; 1 Tuberculosis Program
TOTAL POSITIONS REQUESTED	3,140

--	---	---	-------------------------------

**ARKANSAS BUDGET SYSTEM
AGENCY PROGRAM COMMENTARY
2001 - 2003**

Once again, federal funding supports the majority of the positions requested above Base Level. Special language has been requested to provide flexibility through pool authorization for an additional 10 non-classified positions and 50 classified positions, as well as a pool of 250 positions for In Home Services' programs, which requested Base Level position authorization. In an effort to provide career ladders for colleagues, positions were "CLIPed" to ensure promotion activities once criteria for the promotions is met. The Department is in the process of restructuring. Due to the many unknown areas of this restructuring, the position authorization for the Department of Health will remain similar to current authorizations, but changes will most likely be needed in subsequent budget years.

Special Language has been requested to compliment the appropriation and position authorization contained in the 2001-2003 biennial budget request. Generally, a continuation of existing language is requested with date changes, and minor adjustments to provide consistency within the Department's carry forward provisions, and clarification on intermittent contract aides in the Department's In Home Services' programs. Significant changes have been requested in special rates of pay to adjust salary levels based on the restructuring of the Department. New language has been requested to address interpreter needs at the Local Health Units; and has been requested to provide flexibility in addressing the Department's information technology plans.

The combination of appropriation and position authorizations, General Revenue funding, and special language requested by the Department of Health should help to remove the barriers to excellence in an effort to improve Arkansas' public health.

DEPARTMENT OF HEALTH
SUMMARY OF AUDIT FINDINGS AND RECOMMENDATIONS
FOR THE YEAR ENDED JUNE 30, 1999

Assets					Liabilities			Total Equity	
Cash and Investments	Fixed	Other	Total	Current	Long-Term	Total			
\$ 23,305,267	\$ 40,743,241	\$ 23,983,322	\$ 88,031,830	\$ 2,260,848	\$ 10,626,410	\$ 12,887,258	\$ 75,144,572		

Revenues					Expenditures					Other Sources (Uses)
Intergovernmental	Federal	Licenses and Fees	Other	Total	Salaries and Matching	Grants and Aid	Capital	Other Operating	Total	
\$ 53,566,560	\$ 82,777,083	\$ 13,706,265	\$ 86,888,589	\$ 236,938,497	\$ 106,129,772	\$ 73,691,586	\$ 2,655,511	\$ 53,846,580	\$ 236,323,449	\$ 914,810

Findings

(RECEIPTING PROCEDURES - Management failed to implement adequate internal controls over receipts in the following areas:

- A. Bureau of Health Resources - Duties connected with cash receipting are not segregated to the extent possible. Employees opening the mail and recording mail logs have access to customer records, record amounts receivable and prepare collections for deposit.
- B. Bureau of Public Health Programs - There is no receipting function in place at the point of collection in the Division of Child and Adolescent Health, the Division of Reproductive Health and the Office of Alcohol Testing. The duties connected with cash receipting in the Office of Hearing, Speech and Vision are not segregated to the extent possible.
- C. Division of Vital Records - The value of records and documents issued as a result of applications and fees received are not independently reconciled to amounts recorded as collected and deposited.)

Recommendations

Management review the receipting function to ensure controls are adequate and that all personnel are following approved policies and procedures.

Unfunded appropriation is requested for funds to be able to grant loans for the costs of establishing programs for the provision of housing for recovering substance abuse persons. No less than \$100,000 must be available for this fund. Loans are made in the amount of 4,000 and each loan must be repaid not later than 2 years after the date on which the loan is made. This is a requirement of our Substance Abuse Prevention Treatment Block Grant and this amount has been set aside for this purpose.

ANALYSIS OF BUDGET REQUEST
2001-2003**

During FY00 a cash fund appropriation of \$27,500 was established for the Department of Health to provide a mechanism for the activities of the Arkansas Governor's Council on Fitness. The mission of the Governor's Council on Fitness is to encourage participation in health and fitness activities. The Council proposes to utilize the funds to support a Statewide Fitness Conference, maintain Council website, conduct annual student fitness tests, and sponsor the Governor's Cup Run/Walk. Funding will be derived from conference registration and event activity fees, as well as private donations. The Agency request is for a Base Level of \$27,500.

The Executive Recommendation provides for the Agency Request.

**ARKANSAS BUDGET SYSTEM
ANALYSIS OF BUDGET REQUEST
2001-2003**

The Department of Health's Base Level request for Women, Infants, Children's (WIC) Food Instruments is \$48,310,375 each year of the biennium. This cash appropriation, funded by United States Department of Agriculture, provides for electronic benefits transfer of funds to vendors for at risk women, infants and children up to the age of five. This program served approximately 102,000 infants and children in 1999 and approximately 46,300 women. The Department of Health is requesting an increase in appropriation of \$11,689,625 each year of the biennium for the WIC program. The requested increase is to allow the Department to take advantage of regular increases in the contracted formula rebates. Another cause for the requested increase in appropriation is the anticipated higher participation levels by WIC recipients in the future due to continued growth in the population of those receiving WIC benefits.

The Executive Recommendation provides for the Agency Request.

**ARKANSAS BUDGET SYSTEM
ANALYSIS OF BUDGET REQUEST
2001-2003**

The Arkansas Safe Kids Coalition is co-sponsored by the Arkansas Department of Health and Arkansas Children's Hospital. The coalition is concerned with preventing unintentional injury and death to children under 14 years of age. The money for this cash account comes from two basic sources: The National Safe Kids Campaign, and General Motors Corp. The funds for this account will be used primarily for child passenger safety activities, such as child safety seat checks, replacement seats. The Department of Health's Base Level request for the Arkansas Safe Kids Coalition is \$7,500. The appropriation was established with a Cash Fund Appropriation of \$7,500 in June 2000.

The Executive Recommendation provides for the Agency Request.

**ARKANSAS BUDGET SYSTEM
ANALYSIS OF BUDGET REQUEST
2001 - 2003**

This appropriation is requested as part of the Health Department's five year plan to radically improve its information system. The first phase of this project was a transition to convert from the point-to-point telecommunications/data network to the Department of Information Services (DIS) provided frame/relay network and to exchange the WANG user terminals for PC's. This phase was completed at the end of FY2000. The next phase will be a three year project to migrate all of the Department's core health applications from the WANG mainframe into a three-tiered client/server architecture using industry standard servers, data warehousing technologies, and decision management technologies. To complete the last phase of the transition, funding is needed to support several **one time** purchases such as packaged software for vital records, labs, and home health programs; software to migrate data to the new information system; site license fees for various existing software; vendor contracts for IT consultant services; and several hardware devices such as servers, printers and data storage devices to support the overall system. This initiative is very broad in scope and impacts virtually all of the Health Department programs throughout the State. Proposed funding sources include General Revenue - \$1,460,000, Special Revenue - \$1,800,000 and Federal Revenue - \$3,000,000.

The Executive Recommendation provides for the Agency Request but the General Revenue funding portion should be transferred to the General Improvement Fund.

To continue the five year transition from the WANG mainframe to the Department's goal of a three-tiered client/server information system, we need to provide our customers with industry standard software applications and the hardware needed to make the data migration a success, This requirement is reflected in our one-time costs. This funding will be used to obtain nationally recognized software packages for several of our core health programs (IE Vital Records, Public Health Laboratories, and Home Health), provide out-sourced contracts for user training, ITS support functions, and "change management".

**ARKANSAS BUDGET SYSTEM
ANALYSIS OF BUDGET REQUEST
2001-2003**

The Health Department's Division of Radiation Control and Emergency Management has the lead State role in the emergency management program for Arkansas Nuclear One (ANO) as mandated by the Nuclear Regulatory Commission. The purpose of the program is to coordinate and plan for public health protection in the event of an accident at ANO. This program operates and maintains a dedicated emergency phone system linking the reactor control room at ANO to State and local emergency operations centers. Funding for this program comes from an assessment to Entergy, the operator of the ANO facility, as authorized by Arkansas Code §20-21-404. The Department is requesting a Base Level of \$838,724 in FY02 and \$849,333 in FY03 plus change requests of \$63,267 in FY02 and \$63,307 in FY03. Base Level includes a payplan increase of 2.6% each year over the 2001 fiscal year salary levels for the eleven positions currently authorized plus appropriate Personal Services Matching costs.

The Department is requesting an increase of \$1,505 in FY02 and \$1,545 in FY03 for Salary and Matching for Career Ladder Incentive Program costs.

Operating Expense increases each year of the biennium of \$17,762 are requested to provide for system expansion and the rising costs of recurring charges for special telephone circuits and other ongoing operating costs.

Capital Outlay increases of \$44,000 each year of the biennium are also being requested. This request includes \$18,000 for vehicle replacement, \$20,000 for radio console replacement, \$5,000 for an LCD projector and \$1,000 for hand held radios.

The Executive Recommendation provides for the Agency Request.

The Division of Radiation Control and Emergency Management requests additional CH 02 appropriation for increased telephone costs of the emergency phone system that links Arkansas Nuclear One to state and local Emergency Operations Centers. CH 11 appropriation is requested for one replacement state vehicle, aging radio consoles, replacement of two high-power base stations, replacement of 18 old fax machines and purchase of hand held radios. Repair parts are not available for the radio consoles, base stations and fax machines.
 This equipment will allow continued emergency communications to state and local government during emergencies at Arkansas Nuclear One.
 Appropriation request only-funding is provided by Entergy.

ANALYSIS OF BUDGET REQUEST
2001-2003**

The Department of Health's Emergency Medical Services and Trauma (EMS) program was established by Act 1271 of 1995. The EMS Division licenses and inspects ambulance services, certifies emergency medical technicians (EMT's) and approves EMT training programs. The Department of Health's Base Level request of \$475,000 each year of the biennium is funded from General Revenue.

The Executive Recommendation provides for the Agency Request but provides no general revenue due to the large fund balance accumulated by this program which is sufficient to fund the appropriation over the next biennium.

**ARKANSAS BUDGET SYSTEM
ANALYSIS OF BUDGET REQUEST
2001-2003**

The Breast Cancer Control Program, established by Act 434 of 1997, is a statewide program designed to increase early detection of breast cancer in Arkansas. The program provides breast cancer education, screening, diagnosis and treatment for women who are at or below 200% of the Federal Poverty Level and are uninsured or underinsured. The department is requesting a Base Level of \$3,205,123 in FY02 and \$3,210,479 in FY03 plus change requests of \$958,522 in FY02 and \$1,136,835 in FY03. Base Level includes a payplan increase of 2.6% each year over the 2001 fiscal year salary levels for the six positions authorized plus appropriate Personal Services Matching costs. The program is funded by General Revenues.

Operating Expense increases of \$10,000 each year of the biennium have been requested in anticipation of rising operating costs as the program grows and matures.

The Department is requesting increases to Conference Fees and Travel of \$7,000 each year of the biennium to provide for specialized training and costs associated with additional travel requirements of the statewide program.

The Department is also requesting increases in Professional Fees and Services of \$1,721,522 in FY02 and \$1,899,835 in FY03 to enable the program to establish contracts with private vendors for exam screening and mamography. A reallocation of \$800,000 each year from Grants/Aids to Professional Fees and Service is requested by the Department due to the Department's desire for contracting some of the program services rather than providing grants.

Capital Outlay requests of \$20,000 each year of the biennium have been requested to provide for the specialized medical equipment needs of the program.

This program is one of the Pilot Programs for Performance Based Budgeting as contemplated in Act 222 of 1999. The Accompanying form BR215P for Appropriation FE1 presents the Breast Cancer Control Program's budget data in a format designed to facilitate Performance Based Budgeting.

The Executive Recommendation provides for the Agency Request but does not provide any additional General Revenue.

**ARKANSAS BUDGET SYSTEM
ANALYSIS OF BUDGET REQUEST
2001-2003**

The Department of Health's In-Home Health Services program offers qualified individuals the opportunity to remain at home while receiving needed health care and personal assistance with activities of daily living. This In-Home Services is an alternative to extended hospitalization and nursing home placement. The Department of Health's Base Level request for In-Home Services is \$57,419,395 in FY02 and \$58,208,308 in FY03. Base Level includes a payplan increase of 2.6% each year over the 2001 fiscal year salary levels for all incumbents plus appropriated Personal Services matching costs. The Department is requesting changes of \$101,429 in FY02 and \$102,254 in FY03. This program is funded primarily by Medicare and Medicaid reimbursements but has historically received General Revenue support of approximately \$740,000 per year to provide for "no source patients" who are either underinsured or uninsured. In FY99 the Department provided \$1.2 million in "no source" care and is requesting an additional \$589,273 in General Revenue each year of the biennium to provide for these "no source" patients.

Change Requests include Salary and Matching increases of \$31,429 in FY02 and \$32,254 in FY03 to provide for Career Ladder Incentive Payments (CLIP) to qualifying staff.

A Capital Outlay request of \$70,000 each year of the biennium is requested to provide for medical equipment for the field and for tele-medicine equipment.

The Executive Recommendation provides for the Agency Request with the exception of the request for additional General Revenue.

**ARKANSAS BUDGET SYSTEM
ANALYSIS OF BUDGET REQUEST
2001-2003**

The Department of Health's Grade A Milk Program ensures that milk processed and sold in Arkansas meets standards that have been established by both the Arkansas State Board of Health and the U.S. Food and Drug Administration. Base Level includes a payplan increase of 2.6% each year over the 2001 fiscal year salary levels for the seven positions currently budgeted plus appropriate Personal Services Matching costs. The Department of Health's Base Level request for the Milk Inspection program is \$509,616 in FY02 and \$519,924 in FY03 and is funded from fees collected, as authorized by Arkansas Code §20-59-404, from the milk producers and milk plants.

Change requests to Capital Outlay of \$21,000 in FY02 and \$35,000 in FY03 are being requested by the Department for the purchase of one vehicle in FY02 and two vehicles in FY03 and for the purchase of data processing equipment in both years.

The Executive Recommendation provides for the Agency Request.

**ARKANSAS BUDGET SYSTEM
ANALYSIS OF BUDGET REQUEST
2001-2003**

The Department of Health's Radiation Control and Emergency Management Program licenses and regulates Radiologic Technologists, Radiation Therapists and Nuclear Medicine Technologists. The program is funded by licensure fees as authorized by Act 1071 of 1999. The Department is requesting a Base Level of \$210,987 in FY02 and \$214,556 in FY03 plus Change requests of \$46,067 in FY02 and \$31,139 in FY03. Base Level includes a payplan increase of 2.6% each year over the 2001 fiscal year salary levels for all incumbents plus appropriate Personal Services Matching costs.

Operating Expense increases of \$3,529 in FY02 and \$2,784 in FY03 are being requested by the Department to provide for the Program's move to the Freeway Medical Building. Capital Outlay requests of \$17,482 in FY02 and \$4,406 in FY03 are being requested to provide for office furniture and equipment and computer equipment associated with the move to the Freeway Medical Building.

Indirect cost allocations of \$25,056 in FY02 and \$23,949 in FY03 are requested to provide for the Health Departments overhead allocation for administrative services.

The Executive Recommendation provides for the Agency Request.

ANALYSIS OF BUDGET REQUEST
2001-2003**

This program serves as the primary investigative arm of several medically related boards and commissions such as the Medical Board, Nursing Board and Dental Board. Act 493 of 1997 authorizes the Pharmacy Services and Drug Control Division of the Department of Health to collect costs from various Boards for conducting investigations and inspections of alleged wrongdoing of those individuals licensed by the Boards. Base Level includes a payplan increase of 2.6% each year over the 2001 fiscal year salary levels for all incumbents plus appropriate Personal Services Matching. The Department is requesting a Base Level of \$68,968 in FY02 and \$70,556 in FY02 plus change requests of \$7,499 in FY02 and \$7,621 in FY03 for Indirect Cost Allocation for Department of Health administrative costs.

The Executive Recommendation provides for the Agency Request.

ANALYSIS OF BUDGET REQUEST
2001-2003**

The Department of Health's Marine Sanitation Program was established by Act 1101 of 1999 for the purpose of preventing the discharge of sewage from boats into the waters of the State. Funding for the program comes from fees assessed on boats equipped with marine toilets. Base Level includes a payplan increase of 2.6% each year over the 2001 fiscal year salary levels for all incumbents plus appropriate Personal Services Matching costs. The Department of Health is requesting a Base Level of \$93,879 in FY02 and \$95,455 in FY03 plus change requests of \$10,139 in FY02 and \$10,309 in FY03 for Indirect Cost Allocation for Agency Administrative costs.

The Grants/Aids line item in this appropriation is to allow for grants to marinas to purchase specialized marine equipment to assist in compliance with the provisions of Act 1101.

The Executive Recommendation provides for the Agency Request.

**ARKANSAS BUDGET SYSTEM
ANALYSIS OF BUDGET REQUEST
2001-2003**

The Department of Health provides state-wide health care and services through its ninety-four local health units operating in every county. Disease Prevention and Control services like the immunization program and Health Education Services such as the family planning and maternity programs are some of the programs and services provided at the local level. The Department of Health's Base Level request for State Operations is \$64,199,135 in FY02 and \$65,412,242 in FY03 and is funded from general revenue, fees collected, and other fund sources. Base Level includes a payplan increase of 2.6% each year over the 2001 fiscal year salary levels for all incumbents plus appropriate Personnel Services Matching costs. The Department's Total Change Level request for this appropriation of \$4,257,966 FY02 and \$4,332,583 FY03 includes an additional fifteen positions.

Change Levels requested to be funded from General Revenue for next biennium total \$3,270,235 in FY01 and \$3,342,987 in FY03. Change Levels included in the Department's General Revenue request are summarized in the following four categories:

I. INFORMATION TECHNOLOGY (\$2,194,864 in FY02 and \$2,205,471 in FY03)

The Department maintains a statewide electronic communication network, giving 94 local health units and 10 area offices direct communication with the mainframe computers in Little Rock. This network is used for on-line data processing activities including WIC vouchers, reviewing laboratory test results, and reporting and checking immunization records. This network is being replaced with a frame relay network, allowing more up-to-date technology for field staff. The Department is requesting:

- **Regular Salaries for nine new positions** which include: Four Program Support Managers – Grade 22, Four Sr. Programmer/Analyst – Grade 21, and One Sr. Systems Programmer – Grade 22. Salary and matching costs for these positions is \$434,864 in FY02 and \$445,471 in FY03.
- **Operating Expenses** increases of \$600,000 both year of the biennium for ongoing maintenance contracts, supplies and monthly line charges.
- **Professional Fees and Services** increases of \$100,000 both year of the biennium provide training the Department's staff to facilitate transition to integrated environment and for certain professional service contracts to support PC installation, troubleshooting and repair at local health units statewide.

**ARKANSAS BUDGET SYSTEM
ANALYSIS OF BUDGET REQUEST
2001-2003**

- **Capital Outlay** increases of \$1,060,000 in both years of the biennium to provide for the recurring needs of the Department for servers, computers, printers and communication equipment.

II. CANCER CONTROL (\$106,758 in FY02 and \$108,146 in FY03)

Regular Salaries for two new positions for Management Project Analyst I. Salary and matching costs for these two positions is \$59,272 in FY02 and \$60,660 in FY03.

Operating Expense increases of \$47,486 each year of the biennium for the cancer registry management project.

III. DRUGS AND VACCINE (\$917,640 in FY02 and \$977,055 in FY03)

As the state of Arkansas strives to meet, maintain and even surpass the National Year 2000 immunization goals, it has been necessary for the Department to add temporary help, and to train to assess and raise immunization levels. The Department is requesting:

- **Extra Help** of \$100,000 in FY02 and \$105,000 in FY03 and Personal Service Matching of \$7,650 in FY02 and \$8,033 in FY03 to provide help in administering the immunization program.
- **Operating Expenses** of \$809,990 in FY02 and \$864,022 in FY03 for the purchase of drug supplies and vaccine.

IV. CAREER LADDER INCENTIVE PROGRAM (CLIP)

Regular Salaries. The Department is requesting CLIP increases of \$50,973 in FY02 and \$52,315 in FY03 in Salaries and Matching for CLIP increases.

**ARKANSAS BUDGET SYSTEM
ANALYSIS OF BUDGET REQUEST
2001-2003**

Other requests which are funded from fees collected, funded from grants or unfunded total \$987,731 in FY02 and \$989,596 in FY03 and include:

Capital Outlay Requirements - (\$786,000 each year of the biennium)

This request includes \$150,000 each year for replacement of office furniture throughout the Department, \$400,000 each year for various lab, test and computer equipment for the Division of Public Health Laboratories, \$200,000 each year for lab equipment for drinking water analysis, \$12,000 in FY02 and \$5,000 in FY03 for the Radiation Control Program Computer needs, \$18,000 in FY02 and \$25,000 in FY03 to replace a vehicle and replace some radiation test equipment and \$6,000 each year for computer imaging equipment for use in training and education

CITY OF LITTLE ROCK GRANTS - (\$100,000 each year)

The City of Little Rock contracts with the Department of Health to administer and provide oversight for the City of Little Rock Adult Substance Abuse Treatment Services Program. Appropriation is needed to access the anticipated increased revenue.

Center for Health Statistics- (\$50,009 in FY02 and \$55,925 in FY03)

Contract to provide statistical analyses with UALR expires on June 30, 2001. Request is for three positions to replace contract which is \$186,468 per year.

TB Program - (\$73,234 in FY02 and \$68,723 in FY03)

The Arkansas Department of Health is a subcontractor for the "Genetic Susceptibility to Tuberculosis" project. The budget for a grant includes reimbursement to ADH for expenses related to the project including one additional position, operating expenses and equipment.

RECLASSIFICATIONS/UPGRADES

The Department has requested several positions be enhanced through reclassifications and upgrades of \$17,803 in FY02 and \$18,263 in FY03.

2001-2003**

War Memorial Stadium Parking Fees (-\$50,000 each year)

The Department of Health was authorized to pay War Memorial Stadium \$50,000 annually for the 1999-2001 biennium for the use of its parking lot. The Department is requesting that this line item be deleted from the 2001-2003 budget due to the need for the revenues in other programs.

Training \$10,685 each year for Public Health Lab employee training.

The Executive Recommendation provides for the Agency Request except for Salaries and Matching of \$224,061 in FY02 and \$140,647 in FY03 for requests related to CLIP increases, upgrades and reclassifications. The Executive Recommendation does not provide for any additional General Revenues.

<p>This request is to reclassify one position, a Health Facilities Services Director, Grade 25, to an unclassified position of Health Bureau Director, Grade 99. The position is assigned to the Health Department's Senior Leadership Team, and reflects a request submitted in the summer of for a pool position to accommodate this need in the current fiscal year. This requested reclassification is a key part of ADH's initiative to improve the State's capacity to deal with population-based health initiatives. The requested reclassification is consistent with those of the other Senior Leadership Team members' classification.</p>

<p>In 1989 the Arkansas Legislature approved enabling legislation for a cancer registry. State funds have never been appropriated. The Arkansas Central Cancer Registry (ACCR) has been operating on a limited budget from the Centers for Disease Control and Prevention. Without accurate and timely data it is impossible for the Department of Health or its partners to make sound judgements about the burden of the disease. The funds requested will allow the ACCR to increase the number of cases submitted. The ACCR will be a catalyst for making data driven decisions on Cancer Programs within Arkansas.</p>																		
002		BAA	645 361 606 ENVIRONMENTAL HEALTH PROTECTION FOOD	C08			6,000 0			6,000 0			6,000	6,000				
<p>This request is for CH 11 appropriation to purchase light-weight computer imaging equipment each year of the next biennium for use in training and education efforts statewide. Funding for the Food Protection Program comes from fees that are deposited into the Public Health Fund.</p>																		
002		BAA	645 361 610 PUBLIC HEALTH LABORATORIES PUBLIC	C08			50,000 0			50,000 0			50,000	50,000				
<p>The Public Health Laboratories perform environmental analytical analyses in support of the Federal Safe Drinking Water Act. The Lab must be able to replace equipment as it wears out or becomes obsolete. Capital appropriation is needed to replace computers that are old and outdated and not capable of running the latest software. Some expensive lab instruments can be updated mainly by adding an new computer. The Environmental Laboratory Information System will require several new items such as a server to ensure it is fully functional. Appropriation only is requested.</p>

<p>Appropriation is requested for computer equipment for the Radiation Control Program. The Acquisition of equipment will allow the Division to develop the capability for data storage/file sharing backup for radioactive material licensees and x-ray registrant information that has not been available. Appropriation only request. Program is supported by fees.</p>																		
003		BAA	645 361 208 GENERAL EXPENSE	C01			150,000 0			150,000 0			150,000	150,000				
<p>The Department of Health has not had sufficient appropriation to cover the various requests for the purchase of office furniture through out the Agency. This request is for appropriation only to cover the equipment needs of the Department.</p>																		
005		BAA	645 361 499 DRUGS AND VACCINE	C03			917,640 0			977,055 0			917,640	977,055				
<p>This is a combined funding and appropriation request from 3 program components: TB, Immunizations, and Rabies Control. The request for the TB control program is to cover the increased costs and usage for TB antigens & Therapeutic agents so we may continue our efforts to diagnose and treat active and latent TB infection and to continue our progress in reducing the threat of TB. The request for the Immunization program will be for purchasing Influenza, Pneumococcal, & Hepatitis B vaccine. These vaccines will be used to protect Arkansas citizens against contracting influenza, pneumococcal, and hepatitis B. The request for Rabies control program is to cover the increased costs and need of Rabies vaccine. An estimated 170 Arkansans require treatment for rabies each year. Current funding levels only support treatment of 72 persons.</p>

<p>The City of Little Rock is contracting with the Arkansas Department of Health/Bureau of Alcohol and Drug Abuse Prevention to administer and provide oversight for the City of Little Rock Adult Substance Abuse Treatment Services Program. Bureau activities will include administering funding to and providing monitoring of community-based organizations in the Little Rock area which provide residential substance abuse treatment services and reporting to the City of Little Rock on contract activities. This contract is expected to be renewed for the next two years. Appropriation is needed to access the anticipated increased revenue.</p>																		
009		BAA	645 361 479 TB	C07			73,234 1		68,723 1			73,234 1	68,723 1					
<p>A proposal, "Genetic Susceptibility to Tuberculosis", has been submitted by Henry Ford Health Systems, Detroit, to the National Heart, Lung, and Blood Institute for research into the genetic factors that confer resistance or susceptibility to TB among human beings. The proposed activities relate collecting information about exposure to TB and doing genetic analysis on TB patients in Arkansas and Mississippi. ADH will be subcontractor on this project. The budget for the grant includes money to reimburse ADH for expenses related to the project, including salaries, supplies, equipment, other expenses, and indirect costs. The purpose of this request is to obtain appropriations that will permit spending the grant funds if the application is successful. This request includes one position, operating expenses of \$32,242 in FY02 and \$32,643 in FY03, and capital outlay of \$5,750 in FY02.</p>																		
009		BAA	645 361 603 ENGINEERING PMS FEES	C07			200,000 0		200,000 0			200,000	200,000					
<p>Capital appropriation is requested to purchase laboratory equipment for drinking water analysis of contaminants that are not currently being analyzed. This equipment will allow the Department to continue to meet its commitment to Arkansas's public water systems as mandated by the Safe Drinking Water Act of 1996. Appropriation only request. Funding is provided through fees.</p>

009		BAA	645 361 614 RADIATION CONTROL FEES	C07			18,000 0	25,000 0	18,000	25,000				

The Radiation Control Program requests CH 11 appropriation to replace one state vehicle and to replace old radiation testing equipment. The testing equipment will replace some instruments that were originally purchased in the mid-1980's that are used almost daily to perform radiation surveys at radioactive material licensees and at x-ray registrant sites during regulatory inspections. The new instruments will also be used in radiation surveys during a radiological event response.

Appropriation only request-funding is available through fees.

**ARKANSAS BUDGET SYSTEM
ANALYSIS OF BUDGET REQUEST
2001-2003**

REVISED

The Department of Health's Base Level request Agency Request for Federal Operations is \$71,312,852 in FY02 and \$75,218,444 in FY03 and is funded entirely from Federal revenue. Change requests of \$23,218,844 in FY02 and \$21,653,796 in FY03 have been requested. Base Level includes a payplan increase of 2.6% each year over the 2001 fiscal year salary levels for all incumbents plus appropriate Personal Services matching costs. The Health Department is requesting sufficient appropriation to allow maximum flexibility to participate in Federally funded programs. The request is for unfunded appropriation and, if approved, will give the Department the ability to attend to its budgetary requirements, while providing programmatic authorization to spend grant funds.

A portion of this appropriation request is related to Breast Cancer Control and is also reflected on the accompanying BR215P for Appropriation FE1 as a part of the Performance Based Budget Presentation.

The Executive Recommendation provides for the Agency Request except for Salaries and Matching of \$201,042 in FY02 and \$221,882 in FY03 for requests related to CLIP increases, upgrades and reclassifications.

002		FHD	645 362 107 OFFICE OF MINORITY HEALTH	C08			4,000	0				4,000	0		4,000	4,000		
<p>A laptop computer and printer is requested to support minority population data collection and analysis activities related to needs assessment at the local/community level. This equipment will enhance the infra-structure of the Office of Minority Health when working with communities across the state. This request will assist the Arkansas Department of Health in meeting Agency Goal #1 - The Department will participate and assist in the assessment of public health needs in Arkansas' communities.</p>																		
002		FHD	645 362 108 SDI GRANT	C08			3,500	0				3,500	0		3,500	3,500		
<p>A desktop PC is requested to support data collection/analysis activities related to needs assessment at the local level. It will be utilized by a Hometown Health Improvement regional health coordinator placed in the field to provide technical assistance to locally developing community coalitions. An increase in local ownership of health problems and interventions to address them will not only assist the state in improving the overall health of all citizens, but allow the state to meet its identified goals of Healthy People 2010, improved access and elimination of health disparities. This request will assist the Arkansas Department of Health meet the Agency Goal #1 - The Department will participate and assist in the assessment of public health needs in Arkansas' communities.</p>

The CDC has informed the States to expect an increase in the STD Prevention Cooperative Agreements. This biennium request is for appropriation to expend additional Federal dollars. The CDC is targeting the diseases of syphilis and chlamydia for increased prevention efforts. These funds will be used for increased testing for these diseases and prevention/education efforts. It is expected that the incidence rates for these diseases will decline.																		
002		FHD	645 362 471 AIDS PREVENTION	C08			123,970 0					123,970 0			123,970	123,970		
CDC has increased the amount of funding to the states for HIV Prevention. This biennium request is for appropriation to spend these additional federal dollars. The CDC has earmarked \$100,000 of these funds to be used for evaluation. The remaining \$50,000 is to be the base amount of our annual award. The evaluation process has been established by the CDC. The timeframe span several years and include the evaluation of the community planning process, health department programs and community based organizations. Improved efficiency and cost-effectiveness should be the result of this mandated evaluation process from CDC.

<p>The Department of Health was authorized additional appropriation in the 1999-2001 Biennium established through Miscellaneous Federal Grant Authority. This request is to reestablish this appropriation in the 2001-2003 Biennium.</p>																			
003		FHD	645 362 717 FEDERAL MISC. GRANTS	C01		59,656 2	78,252 2					80,113 2		78,252 2	80,113 2				
<p>The agency of Alcohol and Drug Abuse Prevention (ADAP) requests unfunded appropriation to develop a secondary data collection program for tracking Alcohol and Drug treatment clients through other service providers within the Arkansas Department of Health. ADAP has been funded for SFY/98-01 by the federal agency, Center of Substance Abuse Treatment, to conduct Pilot Studies in areas pertinent to substance abuse treatment and performance outcome measurements (TOPPS). It has been reported that Arkansas is far ahead of all other states in data collections for the TOPPS project. It is anticipated that Arkansas will receive another contract for SFY/2002-03. 2 positions</p>																			
004		FHD	645 362 400 BUREAU ADMINISTRATION	C02			143,704 2					147,400 2		143,704 2	147,400 2				
<p>This biennium request is for appropriation only and is needed to hire two staff: Program Support Manager and a Chief Epidemiology Officer. This staff is needed to assure that ongoing bioterrorism grant goals and objectives are met. They will collaborate and coordinate with local health department staff and their communities on their capabilities to respond to a bioterrorism event locally. The ability to effectively respond to and protect the public from any public health risk, outbreak or emergency will be aided by new technologies and the coordinated and collaborative efforts of this staff. Ongoing assessments will be completed to: evaluate the information technology and biochemical/microbiological skills of statewide staff to determine training needs, appraise the distance learning capacities of the agency to provide cost effective training, monitor inventory of information technology equipment to ensure effective communication capacities, assess the organizational structure of the agency to effectively respond to a bioterrorism or emergency event, and monitor the statewide surveillance and epidemiology capacity.</p>

<p>This is a request for appropriation only to use anticipated federal funds. These funds will be necessary to assure the continued development and operation of the statewide immunization registry, the Immunization Network for Children (INC). Funds will allow the registry to gain fully operational status as defined by CDC and the satisfaction of our participants. A new position is needed to serve as training instructor for all users of the registry. This position will also conduct specialized data entry, serve as a first point of contact for registry inquiries, and monitor data quality. INC has an automated reminder/recall component to notify (via telephone) parents of children who have missed a recommended immunization which explains the request to cover telephone costs. Travel and training are needed for staff to keep abreast of registry advances. Marketing activities (including mailouts, PSAs, static display board presentations, etc.) are needed to educate and inform health care providers on registry activities and functionality. Consultant services will focus identifying and making recommendations on options to expand electronic access and increase registry functionality.</p>

<p>The Dept. of Health has not had sufficient federal appropriation to cover the various grants that are requested and received through governmental entities such as the Dept. of Health and Human Services, the Environmental Protection Agency, the Dept. of Justice and the Dept. of Agriculture. The various programs have requested additional appropriation to cover the anticipated needs of their federal grantors. The Office of Financial Management requests the establishment of a pool of federal appropriation in which to handle the unanticipated or changed needs of the programs of the Department.</p>																		
005		FHD	645 362 474 HIV CARE(RYAN WHITE)	C03			1,400,000 0					1,900,000 0			1,400,000	1,900,000		
<p>It is expected that the Health Resources Services Administration (HRSA) will offer supplemental funding for HIV medications to states that agree to make available state contributions in an amount equal to \$1 to each \$4 of federal funds provided. This request is for appropriation only for the federal component of the state match in the amount of \$1.4 million in FY02 and \$1.9 million in FY03.</p>																		
009		FHD	645 362 430 FAMILY PLANNING	C07			75,000 0					75,000 0			75,000	75,000		
<p>This biennium request is for appropriation to utilize accumulated reimbursement funds to achieve Medicaid Waiver outcomes. The proposed activities include sub recipient agreements for outreach initiatives which will also provide education/outreach, client transportation, and childcare during clinics. Additional authorization is requested for contraceptives, medical supplies, information/technical equipment and training/education for professional staff. This will enhance our service to women statewide.</p>

**ARKANSAS BUDGET SYSTEM
ANALYSIS OF BUDGET REQUEST
2001-2003**

The purpose of the Plumbers Licensing Program is to eliminate public health hazards associated with improperly installed plumbing and gas systems. Primary activities include licensing the approximately 6,000 plumbers in the State, training and Code enforcement. Funding for the program comes from license fees. Base Level includes a payplan increase of 2.6% each year over the 2001 fiscal year salary levels for all incumbents plus appropriate Personal Services Matching costs. The Department is requesting a Base Level of \$714,880 in FY02 and \$728,726 in FY03 plus Change Level requests of \$53,666 in FY02 and \$54,466 in FY03.

The Department is requesting one additional state plumbing inspector position in order to have two for each of the Department's five regions. Salary and matching for this position are \$33,677 in FY02 and \$34,477 in FY03.

An increase in Capital Outlay of \$10,000 each year of the biennium is requested to allow for the purchase of office furniture and equipment.

Indirect Cost allocation of \$9,989 each year of the biennium is requested to allow for the allocation of administrative overhead.

The Executive Recommendation provides for the Agency Request.

**ARKANSAS BUDGET SYSTEM
ANALYSIS OF BUDGET REQUEST
2001-2003**

The Youth Violence Prevention program was established by Act 969 of 1995 for the purpose of providing information and curriculum to educators and counselors on various topics related to youth violence. The Department's Base Level Request for this program is \$443,106 in FY02 and \$444,519 in FY03. Base Level includes a payplan increase of 2.6% each year over the 2001 fiscal year salary levels for all incumbents plus appropriate Personal Services Matching costs. The program is funded from General Revenues.

Included in the Department's request, is a realignment of \$83,796 in appropriation from the line item for Grants to Local Communities to the following line items: Operating Expenses - \$70,796, Conference Fees and Travel - \$1,500, Professional Fees and Services - \$10,000 and Capital Outlay - \$1,500. This realignment is for both years of the biennium and is designed to provide the program with more flexibility in meeting its objectives.

The Executive Recommendation provides for the Agency Request.

**ARKANSAS BUDGET SYSTEM
ANALYSIS OF BUDGET REQUEST
2001-2003**

The purpose of Department of Health's Individual Sewage System program is to regulate the treatment and disposal of domestic sewage from individual sewage treatment systems. The program funded from fees collected, as authorized by Arkansas Code §14-236-116. The Department's Base Level request is for \$110,426 both years of the biennium plus change requests of \$25,881 both years of the biennium.

Requested increases include \$4,852 to Conference Fees and Travel for educational travel, \$10,000 each year for anticipated increases in Professional Fees and Services and a \$5,000 increase each year to Capital Outlay for the purchase of environmental health equipment.

The Department is also requesting a \$6,029 increase in Indirect Cost Allocation each year of the biennium for Departmental administrative costs.

The Executive Recommendation provides for the Agency Request.

ANALYSIS OF BUDGET REQUEST
2001-2003**

Rural Health Services administers a matching fund (50/50) for county, local commercial, and non-profit operations for the purpose of furnishing medical equipment in clinics and contributing to construction costs of clinics. The Department is requesting a Base Level of \$800,000 each year of the biennium. This appropriation is funded from a transfer from the General Improvement Fund.

The Executive Recommendation provides for Agency Request in appropriation only.

**ARKANSAS BUDGET SYSTEM
ANALYSIS OF BUDGET REQUEST
1999 – 2001**

The Department's Heating, Ventilation, Air Conditioning and Refrigeration (HVACR) Program was created to ensure that heating and air conditioning systems are installed in a manner that is safe for the public health and to provide a means of consumer protection from unlicensed contractors. The Program is responsible for licensing HVACR mechanics, contractors, and municipal inspectors and is funded from fees collected, as authorized by Arkansas Code §17-33-204. The Department of Health is requesting a Base Level of \$922,034 in FY02 and \$940,029 in FY03 plus change requests of \$130,785 in FY02 and \$132,619 in FY03. Base Level includes a payplan increase of 2.6% each year over the 2001 fiscal year salary levels for all incumbents plus appropriate Personal Services Matching costs.

The Department is requesting additional Salaries and Matching of \$76,406 in FY02 and \$78,240 in FY03 for two new positions in anticipation of increases in program workload.

Increases to Conference Fees and Travel of \$6,000 each year of the biennium are requested to allow for training costs for the requested new positions.

Capital Outlay increases of \$21,000 each year of the biennium have been requested to allow for sales tax on vehicles, purchase office furniture, and to upgrade computer equipment.

The Executive Recommendation provides for the Agency Request.

**ARKANSAS BUDGET SYSTEM
ANALYSIS OF BUDGET REQUEST
2001-2003**

The Alcohol and Drug Abuse Prevention - Law Enforcement and Prosecutor program is funded from penalties assessed for substance abuse violations authorized by Act 161 of 1991. Funds in Drug Abuse Education and Treatment fund can only be used for drug abuse education, prevention, and treatment services. All expenditures in this program are reviewed and approved by the Little Rock Drug Court. Act 1256 of 1995 consolidated a number of laws, which distributed court costs and filing fees to state agencies. Prior to this law, the program was allocated a portion of fines for DWIs and drug-related charges. The purpose of the program is to establish drug courts, adolescent treatment services and indigent alcohol and drug treatment services. The Drug Abuse Prevention and Treatment Fund is the successor to the State Administration of Justice Fund and consists of moneys transferred or deposited from that fund. The Department of Health is requesting a Base Level of \$385,810 each year of the biennium.

The Executive Recommendation provides for the Agency Request.

**ARKANSAS BUDGET SYSTEM
ANALYSIS OF BUDGET REQUEST
2001-2003**

Health Facility Services promotes quality patient care and safety in health care facilities and outpatient services by conducting on-site surveys of certain facilities such as Hospitals, Home Health Agencies, Hospice Facilities, Birthing Centers, and Infirmaries. The Department is requesting a Base Level of \$165,931 in FY02 and \$169,264 in FY03 plus change requests of \$311,700 in FY02 and \$302,449 in FY03. Base Level includes a payplan increase of 2.6% each year over the 2001 fiscal year salary levels for all incumbents plus appropriate Personal Services Matching costs.

The Department is requesting three additional positions for the new biennium. Salary and Personal Services Matching for these three positions is \$191,492 in FY02 and \$196,241 in FY03.

Operating Expense increases of \$21,288 each year of the biennium have been requested to provide for anticipated increases in Operating expenses associated with the three positions requested.

Change requests increasing Conference Fees and Travel by \$24,000 in FY02 and \$27,000 in FY03 have been requested to provide training for staff who conduct Child Health Management Clinic Inspections.

Capital Outlay requests of \$57,000 in FY02 and \$40,000 in FY03 have been requested to purchase computer equipment for Quality Assurance Coordinators in the Regions and for updated computers for surveyors to collect facilities data and generate survey reports.

Indirect Cost Allocation of \$17,920 each year of the biennium is requested to provide for the Health Department's overhead allocation of administrative costs.

The Executive Recommendation provides for the Agency Request.

**ARKANSAS BUDGET SYSTEM
ANALYSIS OF BUDGET REQUEST
2001-2003**

The Department of Health administers the Board of Health's State Building and Local Grant Trust Fund. This is a grant program to local county and city governments for construction of new and/or renovation of facilities where public health services are provided. The Department's Base Level request for this appropriation is \$1,450,000 each year of the biennium. Funding is provided by fees collected in clinics. The Department is requesting an increase of \$350,000 each year of the biennium in anticipation of greater needs.

The Executive Recommendation provides for the Agency Request.

**ARKANSAS BUDGET SYSTEM
ANALYSIS OF BUDGET REQUEST
2001-2003**

Act 1219 of 1999 transferred the Alcohol Safety Program from the State Highway and Transportation Department to the Arkansas Department of Health effective July 1, 1999. The program addresses offenders arrested for DWI. Individuals arrested are evaluated by the Alcohol Safety Education Program (ASEP). The ASEP consists of 13 different sub-grantees throughout the State that provide counselors, conduct pre-sentence investigation, and provide information to the public related to DWI issues. Funding to support this program comes from the proceeds of court costs and fines for DWI cases. The Department is requesting a Base Level of \$1,324,403 in FY02 and \$1,326,295 in FY03 plus change requests of \$523,702 each year of the biennium. Base Level includes a payplan increase of 2.6% each year over the 2001 fiscal year salary levels for all incumbents plus appropriate Personal Services Matching costs.

The Department is requesting a \$6,702 increase in Conference Fees and Travel each year of the biennium in anticipation of training enhancements for staff members and increased travel demands of program staff members.

A \$517,000 increase in Grants/Aids each year of the biennium is also requested by the Department to provide for additional grants to sub-grantees.

The Executive Recommendation provides for Base Level plus the Agency Request of \$517,000 in Grants/Aids each year of the biennium.

<p>Additional appropriation is needed to expend carry forward funds for the Alcohol Safety Education Program for DWI/DUI offenders. Thirteen different Alcohol Safety Education Programs (ASEP) located in the State of Arkansas will attend all court sessions that are hearing cases of persons arrested for Driving While Intoxicated (DWI) or Driving Under the Influence (DUI). They will conduct a preliminary investigation, screening and recommend that the offender attend either education classes or an alcohol and drug treatment program. The ASEP will provide education classes to persons convicted of DWI or DUI.</p>
