TRANSFER PROVISIONS. The state-supported institution of higher education in this act may transfer appropriations between the various line items within each appropriation contained in this appropriation act. Such transfers shall be made only after the approval of the Department of Higher Education and the Chief Fiscal Officer of the State, and the approval of the Legislative Council.

The General Assembly has determined that the institution in this act could be operated more efficiently if some flexibility is given to that institution and that flexibility is being accomplished by providing authority to transfer between items of appropriation made by this act. Since the General Assembly has granted the institution broad powers under the transfer of appropriations, it is both necessary and appropriate that the General Assembly maintain oversight of the utilization of the transfers by requiring prior approval of the Legislative Council in the utilization of the transfer authority. Therefore, the requirement of approval by the Legislative Council is not a severable part of this section. If the requirement of approval by the Legislative Council is ruled unconstitutional by a court of competent jurisdiction, this entire section is void.

positions established from this pool and the source and duration of funds associated with the positions.

(c) If the University of Arkansas for Medical Sciences requests continuation of any "Clinical Expansion and Research Pool" position(s) as established herein during the next fiscal year, the position(s) must be requested as a new position(s) in the agency's budget request.

(d) Determining the number of personnel to be employed by a state agency is the prerogative of the General Assembly and is usually accomplished by delineating the maximum number of personnel by identifying job titles and the maximum grade or salary attached to those titles. The General Assembly has determined that the University of Arkansas for Medical Sciences could be operated more efficiently if some flexibility is given to that institution. That flexibility is being accomplished by providing a position pool in Subsection (a) of this Section and since the General Assembly has granted the agency broad powers under the growth pool concept, it is both necessary and appropriate that the General Assembly maintain oversight of the utilization of the position pool by requiring review of the Legislative Council or Joint Budget Committee in the utilization of the position pool. Therefore, the requirement of review by the Legislative Council or Joint Budget Committee is not a severable part of this section. If the requirement of review by the Legislative Council or Joint Budget Committee is ruled unconstitutional by a court of competent jurisdiction, this entire section is void.

The provisions of this section shall be in effect only from July 1, ~~2014~~ 2015 through June 30, ~~2015~~ 2016.
