IFTA Interest Rates

Effective Date	IFTA Annual Interest Rate	IFTA Monthly Interest Rate
01/01/1990	12%	1% per month
07/01/2013	5%	.4167% per month

Note:

If an IFTA tax return is filed after the due date, you must calculate interest due on all tax due states. Interest is determined by multiplying tax due by the interest rate for the delinquent tax period. Please note that multiple interest rates may apply.

If you are filing a delinquent IFTA tax return using the Online IFTA Quarterly Tax Reporting System, the interest will be automatically calculated for you.
