ALV Grid Program Changes

Transaction ZPERMX_HELP: Selections Before ALV Grid Control Program Changes

This transaction allowed users to define output options prior to executing the report.

Transaction ZPERMX_HELP: Selections After ALV Grid Control Program Changes

- Period is now selected by using the drop down option  in the “Reporting Period” field. Using the icon to the right of the Reporting Period field adds the Person selection field and changes the Reporting period field to Date selection.
- Business Area and Position are now visible selection fields.
- Output options are no longer available on the selection screen. Users can still define and save layout preferences but must do so after the transaction is executed.
- “Further selections” are accessed using a different icon .
