DF&A announces new online service will be available starting January 1, 2018
International Registration Plan offered online for first-time registrants

LITTLE ROCK, Arkansas (December 5, 2017) - The Office of Motor Vehicle of the Arkansas Department of Finance and Administration (DF&A) today announced that services to setup an International Registration Plan (IRP) will be made available online for first-time registrants starting January 1st, 2018. This service can be found online at DFA's Trucking Portal, www.dfa.arkansas.gov/trucking.

IRP is an agreement between contiguous states in the U.S. and Canadian provinces that provides apportioned registration fees to these states and provinces. With a fee based on the distance traveled in participating jurisdictions, IRP allows a carrier to register in only their home state, yet legally engage in interstate commerce.

The services offered online include customer document upload and instantaneous printing of the cab card after the registration and completion of the payment from IRP carriers. Online customers will also be allowed thirty (30) days to submit source documents from the registration paid date. In addition, online supplement credit card limit has been increased from \$500.00 to \$1,000.00.
