program changes, changes in laws, rules, or regulations, relocation of offices, or lack of appropriated funding, the State may cancel the contract or purchase order by giving the contractor written notice of such cancellation 30 days prior to the date of cancellation.

Any purchase orders issued and received by the vendor prior to the cancellation date may be processed by the vendor and paid for but this does not obligate the State to continue the contract beyond the cancellation date.

DELIVERY (FOB Destination, freight paid - Normal Delivery) is requested within ten (10) working days after receipt of order. If this delivery cannot be met, the bidder must state the number of days required to place the commodity in the ordering agency's designated location. Failure to state the delivery days obligates the bidder to complete delivery within ten (10) working days after receipt of order. Alternate delivery days/dates may be considered when in the best interest of the state.

"Working days" shall be defined as Monday through Friday of each week exclusive of all official State holidays.

Repeated failure to meet specified delivery requirements may result in Contract termination, or the State may pursue any other remedies that may be available to it, at its discretion.

Definition - Normal Delivery: Unit prices quoted include, at no additional charge, the contractor providing "normal delivery" service. "Normal delivery" is defined in this contract as: "Delivery to a building with an accessible dock to one specific room or area by use of material handling equipment without breaking shipping container to hand truck deliver individual cartons."

Delivery locations falling in the perimeters of this definition will not be subject to additional delivery charges. Agencies are encouraged to check with the vendor prior to ordering to ascertain any possible additional delivery charge amounts.

NOTE: Statewide Emergency Activation may require an emergency delivery requirement. The best route of delivery, based on the emergency, will be requested at that time and agreed upon between the State of Arkansas and the awarded vendor. Should the delivery during Statewide Emergency Activation require additional cost, that cost is to be negotiated by the awarded vendor and the ordering agency at the time of order placement.

CUSTOMER ACCOUNT NUMBERS: Contractor must establish customer/account identification for use by each individual Ordering Entity. Some Ordering Entities may require (and Contractor will provide) multiple customer/account numbers (Agencies with multiple locations of service).

MISCELLANEOUS CHARGES/ALLOWANCES:

Prior to any work being performed under this contract that will result in additional costs, written authorization must be obtained from the Office of State Procurement.
