NASPO INFORMATION: NASPO is a non-profit association dedicated to strengthening the procurement community through education, research and communication. The procurement strategy adopted for the Invitation for Bid has been approved by the NASPO Cooperative Purchasing Committee.

NASPO is comprised of the directors of the central purchasing offices in each of the fifty (50) states, the District of Columbia and the territories of the United States. NASPO is an organization though which member purchasing officials provide leadership in professional public purchasing, and improving the quality of purchasing and procurement, by exchanging information and cooperation to attain greater efficiency and economy.

The NASPO Cooperative Purchasing Incontinent Briefs Contract is a cooperative group-contracting consortium for state government departments, institutions and political subdivisions (i.e colleges, school districts, counties, cities, and other authorized entities) for the various states. The purpose of establishing an Incontinent Briefs contract is to enable participating states and the purchasing entities within those participating states, to join together in a cooperative multi-state contracting alliance, to achieve cost effective and efficient acquisition of quality products.

A state or authorized entity may elect to execute a "Participating Addendum" with the Contractors and submit a copy of the executed agreement to the Arkansas Office of State Procurement. The initial intent is to develop an Incontinent Briefs contract for use by the following states that have submitted an Intent to Participate with NASPO: Hawaii, Montana, and North Dakota.

Participation by any state, regardless of geographic location, or specific NASPO region, is permitted at any time during the term of the contract and upon any contract extensions by executing a "Participating Addendum" with the Contractors and submitting a copy to the Arkansas Office of State Procurement. Contractor must accept orders from and extend the contract prices to all participating states. The Contractors must allow qualified new state agencies, participating states facilities and political subdivisions joining the NASPO Cooperative Incontinent Briefs to be added to the current participants list and access contract prices throughout the term of the contract. The Arkansas Office of State Procurement reserves the right to add and delete other members, states, and political subdivision facilities during the term of this contract at the request of the Participating State and/or purchasing entity.

The laws of the State of Arkansas in accordance with the Uniform Commercial Code (UCC) as adopted by the State of Arkansas shall govern this procurement and any resulting contract. The laws of each participating state shall govern for purchases made by each respective participating state. A copy of the State of Arkansas Procurement Law and Regulations can be found at:

http://www.dfa.arkansas.gov/offices/procurement/guidelines/Pages/default.aspx
CONTRACT ADMINISTRATION AND CORRESPONDENCE: The State of Arkansas, Office of State Procurement, is the issuing state for this procurement and has been designated as the lead and administrative state for contract administration.

TERM OF CONTRACT: The term of this contract shall be for a period of twelve (12) months with option to renew in six (6) one (1) year increments or a portion thereof upon mutual agreement. Total term of contract not to exceed seven (7) years.

PRICE CHANGE CLAUSE: Prices will remain firm for the first twelve (12) months of the contract period. If adjustments are necessary at the end of the period, a request for increase must be submitted in writing to the Office of State Procurement with supporting manufacturer's documentation indicating percentage of increase and effective date. This increase must be for all customers in all states, not applicable to this contract alone. The State further

reserves the right to reject any proposed price increase, cancel the contract and re-bid if determined to be in the best interest of the State. The Office of State Procurement will consider and rule on all price increase requests within twenty (20) working days of receipt of all required documentation from the contractor. Price increases are limited to one time per contract period in accordance with the terms of the Price Change Clause. The Price Change Clause will remain in effect for any agreed upon periods of extension.

It is understood and agreed in the event of a reduction in the manufacturer's price, the State of Arkansas will be given the full benefit of any such decline in price immediately upon the effective date of reduction. The State of Arkansas may monitor reductions by requesting the manufacturer to provide cost comparison data at any time after the first six months of the contract to reflect base cost (at time of award) to current cost (at time of request).

WSCA - NASPO TERMS AND CONDITIONS

PARTICIPANTS: The National Association of State Procurement Officials ("NASPO") is a national association of Chief Procurement Officers that has established a procurement cooperative for state government departments, institutions and political subdivisions (i.e., colleges, school districts, counties, cities, etc.) for the NASPO Member States and territories of the United States.

The Western States Contracting Alliance (WSCA) is fifteen members of
NASPO who have focused on creating and managing multi-state cooperative contracts since 1993.

Obligations under contracts that result from this cooperative procurement are limited to those states and other eligible purchasing entities that execute a Participating Addendum.

Financial obligations of Participating States are limited to the orders placed by the departments or other state agencies and institutions having available funds.

Participating States incur no financial obligations on behalf of political subdivisions.

Unless otherwise specified in the solicitation, the resulting master price agreement(s) will be permissive.

DEFINITIONS:

"Lead State" means the State conducting this cooperative solicitation and centrally administering any resulting master price agreement with the permission of the Signatory States.

"Master Price Agreement" means this cooperative solicitation and contract, between the designated Lead State and the awarded contractors.

"Offer" or "Bid" or "Proposal" refers to the offer submitted in response to a solicitation, whether denominated as an invitation to bid, invitation for bid, request for proposal, or otherwise. "Bidder" or "Offeror" similarly refers to the person, company, or other entity submitting the bid or proposal that constitutes an offer capable of acceptance, regardless of the solicitation method used.

"Permissive Price Agreement" means that placement of orders through the price agreement is discretionary with Purchasing Entities. They may satisfy their requirements through the master price agreement without using statutory or regulatory procedures (e.g. invitations for bids) to solicit competitive bids or proposals. Purchasing Entities may, however, satisfy requirements without using the master price agreement so long as applicable procurement statutes and rules are followed.

"Participating Addendum" means a bilateral agreement executed by a contractor and a Participating State (or a political subdivision with the consent of its state's chief procurement officer) that clarifies the operation of the master price agreement for the State concerned, e.g. ordering procedures specific to a State, and may add other state-specific language or other requirements.

"Participating State" means a Signatory State that has indicated its intent to participate in a specific cooperative procurement/master price agreement by executing an Intent to Participate, or who has subsequently executed a Participating Addendum where required.

"Purchasing Entity" means a Participating State, or other legal entity, properly authorized by a Participating State to enter into a contract for the purchase of goods and/or services described in the cooperative procurement. Unless otherwise limited in the cooperative procurement or in a Participating Addendum, political subdivisions of Participating States are deemed Purchasing Entities.

QUANTITY ESTIMATES: Estimated quantities are informational and not to be construed as a warranty of accuracy of historical or anticipated volumes or a guarantee to purchase any amount.

SPECIFICATIONS: Any deviation from specifications must be clearly indicated by offeror, otherwise, it will be considered that the proposal is in strict compliance. When BRAND NAMES or manufacturers' numbers are stated in the specifications they are intended to establish a standard only and are not restrictive unless the solicitation says "no substitute." Offers will be considered on other makes, models or brands having comparable quality, style, workmanship and performance characteristics. Alternate proposals offering lower quality or inferior performance will not be considered.
