

QUALIFIED VENDOR LIST
OPEN ENDED SOLICITATION # SP-12-0240
Extended List 7/1/15 – 1/31/16
Extension 3
Updated 7/1/15

Introduction

The Office of State Procurement (OSP) has compiled a Qualified Vendors List for community-based service providers, located in the State of Arkansas, that are licensed to provide dual diagnosis, residential substance abuse treatment services, and/or chemical-free living, for the Arkansas Department of Community Correction (DCC). The Request for Qualifications is open-ended. Providers may submit their qualifications to the OSP at any time during the list period or an authorized extension.

List Updates

The original list shall be for one (1) year beginning July 1, 2012 thru June 30, 2013. The list shall be reviewed annually and upon mutual agreement shall be reissued for two (2) additional one (1) year periods or a portion thereof.

Scope of Work

The goal of the Substance Abuse Treatment Program is to provide residential, dual diagnosis and chemical-free living services to male and female probation and parole clients participating in DCC community supervision. The primary service objective for residential treatment is to provide inpatient services in a supervised drug-free environment while undergoing intensive substance abuse treatment and other court-ordered services. The number of treatment days is determined by the judge and DCC treatment staff.

Payment & Invoicing

Invoices shall be forwarded to the DCC Administrative Assistant, NO LATER THAN THE 10TH OF EACH MONTH, who will provide a copy the referring DCC office for validation of services rendered. Following validation, invoices will be forwarded to the DCC Purchasing Manager, for payment.

The service provider shall bill the DCC on a monthly basis for actual services rendered, utilizing an invoice, provided on the DCC public web site, (www.dcc.arkansas.gov/programsServices).

Payment will be based upon receipt of an original and verified invoice for services rendered and a copy of the court order with the probation and parole client's signature. DCC will not assume financial responsibility for services rendered by providers to persons without proper documentation.

The DCC obligation to reimburse providers is limited by the amount of appropriation and funding provided by the Arkansas Legislature for the specific purpose of the payment of treatment costs as described herein. Under no circumstances will DCC be financially responsible for reimbursing providers for the costs of treatment once the appropriation and funding provided by the Arkansas legislature is exhausted.

- The service provider must exhaust the probation and parole client's financial resources (Medicare, Medicaid, private insurance, etc.) prior to billing DCC for services described herein.

Reimbursement

The cost for residential treatment services to probation and parole clients shall be as specified in the qualified list and approved by DFA, and OSP, not to exceed the following maximum reimbursable cost for a specific service per probation and parole client per day contingent upon availability of appropriation and funds.
