**1207.** No jockey riding in a race, nor his attendant, shall make any wager nor shall any wager be made on the behalf of a jockey or his attendant on any horse other than the horse ridden by said jockey in such race.

**1208.** No person shall offer or give a jockey any money or other benefit in connection with a race, unless said person is the owner or trainer of the horse ridden in said race by said jockey.

**1209.** No person shall assume or pay, directly or indirectly, a fine imposed upon a jockey; provided, however, the Racing Commission may authorize the payment of such fine by the owner or trainer of the horse ridden by the jockey at the time of the infraction resulting in such fine.

**1210.** No transfer of any thoroughbred horse shall be made for the purpose of avoiding ineligibility or disqualifications.

**1211.** A thoroughbred horse, starting in a race, shall not be shod with ordinary or training shoes or turn down shoes. Horses entered to race or training at Oaklawn Park are prohibited from wearing toe grabs with a height greater than four millimeters, bends, jar caulks, stickers or any other appliance worn on the front shoes.

**1212.** No person shall tamper or attempt to tamper with any thoroughbred horse in such a way as to affect his speed in a race, nor shall he counsel or in any way aid or abet any such tampering.

**1213.** Bar plates may be used only with the consent of the Stewards.

**1214.** No electrical or mechanical device or other expedient designed to increase or decrease the speed of a horse, or that would tend to do so, other than the ordinary whip, shall be possessed by any one or applied by any one to a horse at any time on the grounds of a franchise holder during a Race Meeting, whether in a race or otherwise, provided this rule is not intended to preclude any pre-race external treatments permitted under Rule 1218(b).

**1215.** While within the confines of a racetrack, its buildings or on the grounds, no person, other than a veterinarian licensed by the Racing Commission, shall have in his/her possession any equipment for hypodermic administration. Non-injectable medication prescribed by a properly licensed veterinarian for an existing condition may be possessed.

**1216.** No person shall administer, permit or authorize the administration of any narcotic, stimulant, tranquilizer, depressant, local anesthetic, steroids, NSAIDS or any substance which interferes with recognized testing procedures, except as provided in Rule 1217 and Rule 1232, in any manner whatsoever, internally or externally, to any horse after 6:00 p.m. prior to each race day. The administration of any drugs or chemical substance shall be done at the risk of the person or persons administering, authorizing or permitting the administration, and all such persons shall assume the risk that if the horse tests positive after an analysis by the Racing Commission Chemist, it shall be a violation of Rule 1233, whether the drug or chemical substance was administered before or after 6: 00 p.m. prior to race day.

**1217.** See separate booklet for Rule 1217(A) (B) & (C), Uniform Classification Guidelines for Foreign Substances and Recommended Penalties.

**1218.** Any trainer, attendant, owner, veterinarian or other person who shall participate in the illegal administration of any drug, medication or chemical substance to any horse entered in a race, or otherwise tamper with an entered horse for the purpose of enhancing or retarding the performance of such a horse, shall be punished to such an extent as the Stewards rule.

(a) Upon receipt of a positive laboratory report, the Stewards shall direct that no undistributed money earned by the positive horse be awarded pending a final determination of the matter. Distributed purse money may be ordered returned by the Stewards. If it is determined that a violation has occurred, the purse money will be ordered forfeited and redistributed among the other horses in the race as determined by the Stewards. Pari-mutuel wagering shall not be affected by purse money redistribution.

(b) (1) External non-invasive treatments such as icing, massage therapy, use of magnetic blanket or vibrator, or equine chiropractic treatments may be administered prior to the time the horse is required to be in the paddock for any race in which the horse is entered; provided, however, such permitted external treatments shall not include any activity involving (i) any incision or piercing of the skin, (ii) the application of extracorporeal shock wave therapy or radial pulse wave therapy otherwise prohibited by Rule 1217(C), or (iii) the use of any prohibited drug or other prohibited substance.

(2) No device designed to produce localized anesthesia at the site or underlying tissues may be used on a horse after 6:00 p.m. on the day immediately prior to any day the horse is an entry in a race. The application of extracorporeal shock wave therapy and radial pulse wave therapy must comply with Rule 1217(C).

(3) Any person performing any equine chiropractic services on the grounds of the association shall consult with a veterinarian licensed by the Commission regarding the chiropractic services to be performed, and shall conduct such services in compliance with applicable Arkansas law governing such services. In addition, any person performing any equine chiropractic services on the grounds of the association must be licensed as a vendor by the Commission, and must have such further licenses if and to the extent required by applicable Arkansas law.

(4) Any machine or other device to be used in connection with any chiropractic treatment on any horse on the grounds of the association must be registered with and approved by the Commission or its designee before use. Any machine or other device producing localized anesthesia or electronic or other similar shock wave used in connection with any treatment on any horse on the grounds of the association, including, without limitation, any laser, ultrasound and nerve stimulator devices (e.g., "TENS" machine), must be registered with and approved by the Commission or its designee before use. Customarily used vibrators, magnetic blankets and magnetic boots are not required to be so registered. No machine or other device which produces localized anesthesia at the site or underlying issues lasting more than twelve (12) hours shall be approved unless use is limited to such lead times before racing as the official veterinarian shall determine is necessary for the anesthesia effect to properly dissipate.

(5) Use of any machine or other device required to be registered with the Commission or its designee under subsection (4) of this rule on a horse on the grounds of the association must be reported to the official veterinarian on the prescribed form not later than the time prescribed by the official veterinarian.

**1219.** Repealed December 2, 2015.

**1220.** Any franchise holder, owner, trainer or other licensee employing persons at Oaklawn Jockey Club who fails to hire qualified persons for the job duties assigned to said employer's employees or fails to adequately supervise, direct or train the employees so employed by said employer may be fined, suspended or excluded.

**1221.** Any time a horse is disqualified from a race for any reason, the purse money won by that horse shall be redistributed, unless the Commission finds that there are special circumstances justifying the owner, trainer or jockey sharing in the purse.

### **1231. Total Dissolved Carbon Dioxide Testing**

#### **A. Definitions**

1. *Bicarbonate Loading or Milkshaking* -- terms used to describe the administration of bicarbonate of soda (sodium bicarbonate or  $\text{NaHCO}_3$ ) or other substances that affect total dissolved carbon dioxide levels, administered through a nasogastric tube or by any other means,

which shall be deemed to have an adverse effect on the horse by changing its normal physiological state through elevation of blood total dissolved carbon dioxide.

2. *Nasogastric Tube* -- any tube which can be inserted through the nose that extends into the stomach.

B. Procedures

1. The state veterinarian may draw blood samples from a horse for the purpose of obtaining a TCO<sub>2</sub> (total dissolved carbon dioxide) concentration level.

2. Blood samples for TCO<sub>2</sub> shall be drawn at the discretion of the State Veterinarian.

3. The TCO<sub>2</sub> level in the blood shall not exceed:

a. 39.0 millimole per liter if the horse is competing on furosemide (lasix) or other permitted medication known to affect TCO<sub>2</sub>;

b. 37.0 millimole per liter if the horse is not competing on furosemide (lasix) or other permitted medication known to affect TCO<sub>2</sub>.

4. In the event a sample drawn from a horse contains an amount of TCO<sub>2</sub> which exceeds the levels described above, the following penalties shall apply:

a. The first time the laboratory reports an excessive TCO<sub>2</sub> level, the trainer shall be fined \$1,000 and the purse shall be redistributed.

b. The second time the laboratory reports an excessive TCO<sub>2</sub> level, the stewards shall suspend the trainer for the duration of the race meeting plus 10 days or for a period not to exceed 6 months, whichever is greater, impose a fine of up to \$1,500, with redistribution of the purse, and shall refer the case to the commission.

c. For each subsequent report of an excessive TCO<sub>2</sub> level, the Stewards or Commission may suspend the trainer for up to one year and impose a fine of up to \$2,500, with redistribution of the purse.

5. There shall be no split sample testing on blood samples drawn for purposes of TCO<sub>2</sub> testing.

6. No licensee other than veterinarians shall possess a nasogastric tube, as described herein, on the premises under the jurisdiction of the commission.

**1232. MEDICATION: FUROSEMIDE (LASIX)**

(1) Furosemide may be administered intravenously to a horse, which is entered to compete in a race. Except under the instructions of the official veterinarian or the racing veterinarian for the purpose of removing a horse from the Veterinarian's List or to facilitate the collection of a post-race urine sample, furosemide shall be permitted only after the official veterinarian has placed the horse on the Furosemide

List. In order for a horse to be placed on the Furosemide List the following process must be followed.

- (a) After the horse's licensed trainer and licensed veterinarian determine that it would be in the horse's best interests to race with furosemide they shall notify the official veterinarian or his/her designee, using the prescribed form, that they wish the horse to be put on the Furosemide List.
  - (b) The form must be received by the official veterinarian or his/her designee by the proper time deadlines so as to ensure public notification.
  - (c) A horse placed on the official Furosemide List must remain on that list unless the licensed trainer and licensed veterinarian submit a written request to remove the horse from the list. The request must be made to the official veterinarian or his/her designee, on the proper form, no later than the time of entry.
  - (d) After a horse has been removed from the Furosemide List, the horse may not be placed back on the list for a period of 60 calendar days unless it is determined to be detrimental to the welfare of the horse, in consultation with the official veterinarian. If a horse is removed from the official Furosemide List a second time in a 365-day period, the horse may not be placed back on the list for a period of 90 calendar days.
- (2) The use of furosemide shall be permitted under the following circumstances on association grounds where a detention barn is utilized:
- (a) Furosemide shall be administered at the direction of the official veterinarian no less than four hours prior to post time for the race for which the horse is entered.
  - (b) A horse qualified for furosemide administration must be brought to the detention barn within time to comply with the four-hour administration requirement specified above.
  - (c) The dose administered shall not exceed 500 mg. nor be less than 150 mg.
  - (d) Furosemide shall be administered by a single, intravenous injection.
  - (e) After treatment, the horse shall be required by the Commission to remain in the detention barn in the care, custody and control of its trainer or the trainer's designated representative under association and/or Commission security supervision until called to the saddling paddock.
- (3) The use of furosemide shall be permitted under the following circumstances on association grounds where a detention barn is not utilized:
- (a) Furosemide shall be administered no less than four hours prior to post time for the race for which the horse is entered.

- (b) The furosemide dosage administered shall not exceed 500 mg. nor be less than 150 mg.
  - (c) Furosemide shall be administered by a single, intravenous injection.
  - (d) The trainer of the treated horse shall cause to be delivered to the official veterinarian no later than one hour prior to post time for the race for which the horse is entered the following information under oath on a form provided by the Commission:
    - (i) The name of the horse, racetrack name, the date and time the furosemide was administered to the entered horse;
    - (ii) The dosage amount of furosemide administered to the entered horse; and
    - (iii) The printed name and signature of the attending licensed veterinarian who administered the furosemide.
- (4) Test results must show a detectable concentration of the drug in the post-race serum, plasma or urine sample.
- (a) The specific gravity of post-race urine samples may be measured to ensure that samples are sufficiently concentrated for proper chemical analysis. The specific gravity shall not be below 1.010. If the specific gravity of the urine is found to be below 1.010 or if a urine sample is unavailable for testing, quantitation of furosemide in serum or plasma shall be performed;
  - (b) Quantitation of furosemide in serum or plasma shall be performed when the specific gravity of the corresponding urine sample is not measured or if measured below 1.010. Concentrations may not exceed 100 nanograms of furosemide per milliliter of serum or plasma.

**1232(A). LASIX Administration - 2015**

(a) The Commission Veterinarian shall designate the veterinarians (each referred to herein as a “**Designated LASIX Veterinarian**”) authorized to administer LASIX (furosemide) as independent contractors to horses on the grounds of the franchise holder not less than four (4) hours before the published post time for the race in which the horse is entered to run. The number of veterinarians designated by the Commission Veterinarian as Designated LASIX Veterinarians shall not be more than the number reasonably necessary, in the reasonable judgment of the Commission Veterinarian, to appropriately and efficiently administer LASIX (furosemide) on a timely basis to horses on the grounds of the franchise holder as contemplated by this rule. A Designated LASIX Veterinarian must be a veterinarian licensed and in good standing to practice veterinary medicine under the laws of Arkansas, have sufficient experience, reasonably satisfactory to the Commission Veterinarian, performing veterinary services for horses, including administration of LASIX (furosemide), and have a current malpractice insurance policy in effect

with coverage customary for veterinarians performing veterinary services on the grounds of the franchise holder (and shall provide to the Commission Veterinarian a customary certificate of insurance in a form acceptable to the Commission Veterinarian).

(b) A Designated LASIX Veterinarian may not perform other veterinary services on the grounds of the franchise holder, or for any horse entered or expected to be entered to race at Oaklawn during the then current racing season, except (i) administration of LASIX (furosemide) as contemplated by this rule, (ii) assisting as independent contractors in pre-race exams with consent of the Commission Veterinarian, or (iii) to address emergency situations.

(c) The fee charged by the Designated LASIX Veterinarians for LASIX (furosemide) administration shall not exceed the fair market fee for such services. The fees charged by the Designated LASIX Veterinarians for LASIX (furosemide) administration shall be billed to applicable horse owner's account with the Horsemen's Bookkeeper and paid through the Horsemen's Bookkeeper.

(d) Except as otherwise provided in subsection (e) of this rule, no veterinarian or other person, except a Designated LASIX Veterinarian, may administer LASIX (furosemide) to any horse on the day the horse is scheduled to race prior to the running of the race, or after 6:00 p.m. on the day immediately before such race day.

(e) In the event of a shortage or other unavailability of a sufficient number of Designated LASIX Veterinarians to appropriately and efficiently administer LASIX (furosemide) on a timely basis to horses on the grounds of the franchise holder as contemplated by this rule, the Commission or Stewards may authorize any licensed veterinarian to administer LASIX (furosemide) to horses under this rule and other applicable rules of the Commission.

**1233. THE TRAINER SHALL BE RESPONSIBLE FOR AND BE THE ABSOLUTE INSURER OF THE CONDITION OF AN ENTRY THE TRAINER ENTERS REGARDLESS OF THE ACTS OF THIRD PARTIES.** Should the chemical analysis of saliva, urine or blood specimen detect the presence of any drug, medication or chemical substances, including but not limited to narcotics, stimulants, tranquilizers, depressants, steroids, NSAIDS not specifically permitted by Rule 1217(C), or any substance which interferes with testing procedures, the trainer of the horse may, in the discretion of the Stewards, subject to appeal to the Racing Commission, be fined, suspended and ruled off the track. In addition, any other person responsible for the care or attendance of the horse may be penalized as determined by the Stewards or Racing Commission.

(a) A licensed assistant trainer shall assume the same duties and responsibilities as imposed on the holder of a trainer's license. The designation of an assistant trainer shall not relieve the trainer's absolute responsibility for the condition of the entry, but shall, in addition, place the assistant trainer under such absolute responsibility. It is the intent

of this Rule that both the trainer and the assistant trainer may, in the discretion of the Stewards or Racing Commission, be fined, ruled off or otherwise penalized under the absolute insurer Rule for the same incident or infraction.

- (b) The trainer shall be responsible for:
  - (1) Using the services of those veterinarians licensed by the Commission to attend horses that are on association grounds;
  - (2) Immediately reporting the alteration of the sex of a horse to the horse identifier and the racing secretary;

**1234.** Any person who has been convicted by any court having proper jurisdiction of the possession or use of narcotics may be denied a license or be ruled off.

**1235.** At the beginning of each racing season, the Racing Commission may employ a Chemist for the purpose of making chemical analysis of saliva or other excretions or body fluids taken by the Commission Veterinarian from any entry running on any track operating under a franchise from the Racing Commission.

**1236.** If after a race a sample of saliva or other excretions or body fluids is to be taken by the Commission Veterinarian from a horse that has competed in the race, nothing shall be administered or given in any manner whatsoever to the said horse (except with the permission of and in the presence of the Track Veterinarian or Commission Veterinarian) until the Commission Veterinarian obtains the sample.

**1237.** The Commission Veterinarian, at his discretion, may administer a diuretic to any horse from which a urine sample is to be taken in order to expedite the test of the horse, unless the trainer of the horse shall have expressly requested otherwise in a signed statement delivered to the Commission Veterinarian prior to the administration by the Commission Veterinarian of the diuretic to the horse.

**1238.** Every owner or his authorized agent or trainer of any entry shall immediately, upon request by the Racing Commission, submit any entry of which he is the owner or authorized agent or trainer to any veterinarian designated by the Racing Commission for such examination or tests as said veterinarian may deem advisable. The Commission Veterinarian may detain an entry as long as he deems necessary in order to obtain a specimen.

**1239.** During the taking of the samples by the Commission Veterinarian, the owner or trainer in each instance must be present and witness the procedure. If for any reason the owner or trainer cannot be present, he must first advise the Commission Veterinarian in writing the name of the person to act as his witness when the sample is taken.

**1240.** The sample so taken shall be immediately sealed in a container in the presence of the owner, trainer or witness, and evidence of such sealing must be noted thereon by the signature

of the owner, trainer or witness. The owner, trainer, witness or chemist appointed by them shall have the right and opportunity to witness the examination and testing of said specimen by the Commission Chemist, provided that a written request for same, signed by the owner or trainer, is submitted to the Commission Veterinarian at the time of the taking of the specimen. Thereupon, said owner or trainer will receive written notification of the time and place of such examination and testing, and in such event the seal of the container containing said specimens shall not be disturbed by the Commission Chemist until the time so appointed and in the presence of the chemist selected by the owner or trainer, if said chemist selected by the owner or trainer is present at the time and place so appointed for the examination and testing.

**1241.** Upon such sealing of the container containing the specimens, the container shall be encased and deposited in a large-size carrying case, all of which shall be stored and kept while at the racetrack. Any such carrying case shall be properly locked with an individual lock, the keys to which shall only be in possession of the Commission Veterinarian and the Commission Chemist.

**1242.** The franchise holder shall make provisions for suitable space, with a door equipped with proper lock and keys, where such specimens can be stored by the Commission Veterinarian. The Commission Veterinarian shall be in control and custody of all specimens until they are transported to the Commission Chemist.

**1243.** The Commission Veterinarian and Commission Chemist shall each keep, in addition to the record placed on the containers containing the specimen, separate individual records showing date, track, race, entry, name of owner, name of trainer, name of witness, name of guard, name of transportation agent who delivered the specimen to the Commission Chemist and the time and date of receipt by the Commission Chemist, analysis made and result thereof.

**1244.** Every franchise holder and all officials and employees thereof shall give every possible aid and assistance to any department, bureau, divisions, officer, agent, inspector or any other person connected with the United States Government or with the State of Arkansas or any local authority who may be investigating or prosecuting any such person they may suspect of being guilty of possessing any drug, hypodermic needles, batteries or other similar appliances.

**1245.** Any horse that has been the subject of fraudulent practice may be disqualified by the Stewards for no longer period than the duration of the meeting.

**1245(A)**

(a) Any horse exhibiting a positive response to a test for the presence of any antibodies of any blood doping agent, including, but not limited to, Erythropoietin, Darbepoetin, Oxyglobin and Hemopure, (a "Blood Doping Agent") shall be ineligible to start or race until the owner or trainer, at his or her own expense, provides proof, in a form and substance acceptable to the Stewards, of a subsequent negative test result for antibodies of Blood Doping Agents from a laboratory approved by the Commission, provided any such test sample and test must be obtained

and conducted under collection and test procedures acceptable to the Commission Veterinarian. The Blood Doping Agents to be tested for shall include Erythropoietin, Darbepoetin, Oxyglobin, Hemopure and such other blood doping agents determined from time to time by the Commission Veterinarian.

(b) Notwithstanding any inconsistent provision of these Rules, the trainer of the horse shall not be subject to application of the trainer's responsibility penalty based solely on a finding by the laboratory that the Blood Doping Agent first detected in the initial positive test remains present in the horse in a subsequent sample taken from that horse for purposes of any subsequent test for Blood Doping Agents performed on the horse in an effort to determine the horse's re-eligibility to start and race again pursuant to subsection (a) of this Rule.

**1247.** If any owner, trainer, attendant or any person uses profane or indecent language to officials or otherwise disturbs the peace on the grounds of the franchise holder, he or she shall be liable for a fine, suspension, or both, or shall be ruled off.

**1248.** The Stewards may fine, suspend or rule off any person who has violated the Rules of the Commission, State or Federal law.

**1249.** Should any licensee of the Racing Commission incur expenses while racing at any licensed track and wrongfully refuses to pay the same when due and payable, or within a reasonable time after demand, such licensee shall be deemed guilty of conduct detrimental to the best interest of racing, and for such reason may be suspended until proper restitution is made.

**1250.** Employees or patrons who are careless of the safety of themselves and others, negligent, insubordinate, dishonest, immoral, quarrelsome or otherwise vicious, or who do not conduct themselves in such manner and do not handle their personal matters while on the premises of any licensed track in such a way that the franchise holder or Racing Commission will not be subject to criticism or loss of good will, will be prohibited or removed from the premises of any track and denied wagering privileges.

**1251.** Complaints against an official or officials shall be made to the Stewards in writing, signed by the complainant(s). Complaints charging any infraction of any law of the State of Arkansas or Rule of the Racing Commission may be made by any person, but if the complainant is an owner, trainer or authorized agent and if he fails to substantiate the charge, he may be liable for a fine, suspension or any other appropriate sanction. All such complaints shall be reported to the Racing Commission, together with the action taken on them by the Stewards.

**1252.** The Stewards shall take notice of corrupt and fraudulent practices and other infractions of the Laws or Rules of the Racing Commission.

**1253.** Stewards may exclude from all places under their control any person who has been excluded by the appropriate horse racing authority of any other state, territory or country from

racing facilities located in such other state, territory or country. Stewards may decline to license, or may suspend any license theretofore granted to, and may exclude any person who they find has violated any of these Rules, provided any such suspension and exclusion shall be for a period not exceeding the license year and may fine any such licensee any amount up to and including \$2,500. All fines shall be paid to the Racing Commission. If the Stewards are of the opinion that the violation or violations involved warrant greater punishment, they shall so report to the Racing Commission. The Stewards shall make daily reports in writing to the Racing Commission of the rulings.

**1254.** When any licensee, horse or stable is suspended by the Stewards, such suspension shall immediately become effective on all other tracks under the jurisdiction of the Racing Commission until such time as the case in question is decided upon by the Racing Commission. The license of anyone ruled off of any Arkansas track for fraud or fraudulent practice, or for violation of any of the Rules of Racing of the Racing Commission shall thereby be revoked. When a person is ruled off for any fraudulent practice in relation to a particular horse wholly or partly belonging to him, he shall return all money or prizes that such horse has fraudulently won. Fines must be paid within forty-eight (48) hours. Delinquents may be summarily suspended. All fines shall be collected by the Racing Commission. An unpaid fine may not be rescinded by the Stewards except with the approval of the Racing Commission.

**1255.** No racing official other than the Stewards and the Commission shall have the authority to impose a fine or suspension for violation of the Rules or state law. In instances where the individual rule does not specify the amount of the fine, the Stewards may impose a fine in the amount of \$2,500, and the Commission may impose fines up to \$5,000.

**1256.** Any persons, firms, associations or corporation penalized or disciplined under the Law or under these Rules, or who is otherwise aggrieved by any action, proceeding or decision of a racing official or franchise holder licensed by the Racing Commission may appeal to the Racing Commission for a review of such action, proceeding or decision by requesting a hearing before the Racing Commission, which may take whatever action it deems appropriate.

**1257.** Appeals to the Racing Commission must be filed in writing at the office of the Racing Commission within three days after the date of said action, proceeding or imposition of said discipline or penalty.

**1258.** Appeals to the Racing Commission shall be signed by the person making it, and must set forth his reasons for believing he is entitled to a hearing.

**1259.** All papers filed with the Racing Commission shall be the property of the Racing Commission.

**1260.** An appeal from any action, proceeding or decision of a racing official or franchise holder shall not serve to stay or otherwise affect such action, proceeding or decision until the

appeal has been acted upon by the Racing Commission, unless otherwise ordered by the Racing Commission or by a Court of competent jurisdiction.

(a) An appeal from any action, proceeding or decision of a racing official or franchise holder, hearings on misconduct of jockeys, owners or trainers, applications for franchises, licenses or dates to conduct Race Meetings, and similar matters shall be heard by the Racing Commission at an informal hearing on not less than twenty-four (24) hours' notice. Minutes of said hearings shall be kept by the Racing Commission, which minutes need not be verbatim.

(b) All other hearings conducted by the Racing Commission shall be formal hearings and governed by the following practices and procedures:

(1) **Pleadings.** Pleadings before the Racing Commission shall be by application or complaint, answer, motion and reply. All pleadings shall be typewritten and unless otherwise required by law, filed in duplicate with one additional copy mailed to each member of the Racing Commission at his address of record.

(2) **Transcript.** The proceedings shall be reported and transcribed by a qualified court reporter. However, a transcript of the proceedings shall be made at the expense of the Racing Commission only if directed by the Chairman or any two Commission members. Minutes of the proceedings shall be maintained by the Racing Commission and need not be verbatim.

(3) **Notice.** Except as otherwise provided by law, not less than twenty-four (24) hours' notice of the proceedings shall be served upon the applicant, all other parties and such persons that have requested notice of the proceedings in writing, which request shall be directed to the Chairman of the Racing Commission.

(c) Formal and informal hearings shall be governed by the following practice and procedures:

(1) **Attorneys.** Any person or party affected by the proceedings shall be entitled to represent himself or be represented by an attorney at law to be retained at his expense; provided, however, the Chairman may prohibit an attorney from practicing before the Racing Commission on a showing that such attorney has personally engaged in conduct in violation of the laws of the State of Arkansas pertaining to thoroughbred horse racing or Rules of the Commission.

(2) **Service of Complaint and Notice.** Service of all notices and complaints shall be accomplished by sending same to such person or his agent for service. The complaint or notice must be sent by certified or registered United States mail addressed to the recipient, with return receipt requested, or by service by an officer authorized to serve process. A proof of service shall be filed with the Racing Commission.

(3) **Depositions.** Upon application to the Chairman, the Chairman may cause depositions of witnesses to be taken in such manner as he may direct.

(4) **Public Hearings.** All hearings before the Racing Commission shall be open to the public.

(5) **Subpoena.** Any party to a hearing before this Racing Commission, including an applicant, may on written or oral motion to the Chairman and the Commission, its attorney or any Commissioner request the issuance of a subpoena, both ad testificandum and duces tecum, for any witness to appear before the Racing Commission. Upon receiving the request, the Chairman shall issue the requested subpoena directed to the Sheriff of the County of the witness's residence or any other officer authorized by law to serve process, requiring him to summon the person named therein to attend at a particular time and place to testify as a witness. It may, when the Chairman so directs, require the witness to bring with him any book, writing paper, document, tape, record or other thing under his control. The subpoena shall be served and the return made, as provided by law for the Circuit Courts of this State. Any witness subpoenaed shall attend and give evidence until the matter before the Racing Commission is decided or such witness is discharged by the Chairman. The failure to appear and be sworn shall be punished as provided by law.

In any case not provided for by this Rule with regard to the issuance of subpoenas, the law of Arkansas with regard to subpoenas issued by the Circuit Courts of this State shall apply.

(6) **Conduct of Hearing.** The Chairman shall have the power to preserve and enforce order during any proceeding before the Racing Commission, to administer oaths, to rule upon all questions arising during the course of the hearing, to hold conferences before and during the hearing for the settlement or simplification of issues, to make or recommend decisions, to compel the attendance and testimony of the witness, to require the production of books, papers, documents and other evidence, and generally to regulate and guide the course of the pending proceeding. In the absence of the Chairman, a majority of the remaining members of the Commission may select one of their number to act as Chairman, and the acting Chairman shall thereupon be authorized to discharge the duties of Chairman. Except as otherwise provided by Law for the conduct of hearings by the Racing Commission, the hearings shall be conducted as prescribed for adjudication and rule making under the Arkansas Administrative Procedure Act.

(7) **Appearance.** Unless incapacitated, a person placing a claim or defending a privilege before the Racing Commission shall appear in person, and may not be excused from answering questions directed by the Commission or its attorney and supplying information thereto.

(8) **Consolidation of Issues.** Hearings involving several applicants or complaints having a common issue may be joined and heard together at the discretion of the Racing Commission.

(9) **Action by Commission.** All orders, findings of fact, rulings and other formal action taking by the Racing Commission during the course of a hearing or at the conclusion thereof shall be in writing and a copy furnished to all parties and persons that have requested notice pursuant to subsection (b) (3) above. Any member of the Racing Commission may submit a minority or supplemental report or dissent. Orders of the Racing Commission and all pleadings and applications shall be maintained on permanent file by the Racing Commission for public inspection.

(10) **Costs.** The Racing Commission may tax appropriate costs to any person or party.

(d) Any person or party shall, upon written application to the Racing Commission, be entitled to a formal hearing upon posting a bond for costs thereof. The provisions of this Rule are severable.

### **TRACK VETERINARIAN**

**1261.** Each Association shall have a registered veterinarian licensed to practice under the laws of Arkansas. The Track Veterinarian shall be on the grounds at pre-post weighing in time and during all racing hours. No Track Veterinarian, during the Track Veterinarian's employment by the Association, shall be permitted to engage in private veterinary practice involving thoroughbreds racing at Oaklawn Jockey Club; nor be employed by or receive any compensation directly or indirectly from any owner or trainer licensed by the Commission during the current Race Meeting; nor sell or buy, for himself/herself or another, any thoroughbred; nor place any wager in any manner on any race run at the Association; nor sell any drug supplies; nor sell horse insurance; nor be licensed to participate in racing in any other capacity during the course of the Race Meeting.

(b) The licensee shall be summoned to a meeting of the Stewards called for the purpose of investigating suspected or alleged violations by the licensee, at which all Stewards shall be present. The Racing Commission shall take jurisdiction on any applications for extensions in cases where personal injuries in the conduct of his or her duty and restrictions occurring at tracks licensed by the Racing Commission. In order to qualify for an extension of his or her apprentice allowance, an apprentice rider must have been rendered unable to ride for a period of not less than fourteen (14) consecutive days during the period in which he or she was entitled to an apprentice allowance. In the case of inability of an apprentice to ride because of service in the Armed Forces of the United States, the Racing Commission will take jurisdiction only on an apprentice allowance that was executed and filed at time of execution in this State. All other extensions must be acted on by the Racing Commission with which the original apprentice allowance was filed.

(d) Apprentice Jockey Certificates and Apprentice Jockey Extension Request Forms shall be in a form approved by the Racing Commission. The apprentice jockey shall keep the apprentice jockey's Apprentice Certificate with him/her at all times. Prior to riding, the Apprentice Certificate shall be submitted to the Clerk of Scales at each racing Association in which the apprentice is licensed and riding, and the apprentice jockey shall keep an accurate updated record of the apprentice jockey's first forty (40) winners, to be recorded on the certificate by the presiding Clerk of Scales.

**2201.** No race not reported in the Daily Racing Form, Equibase or other publications recognized as official by the Stewards shall be considered in determining an apprentice jockey's right to the apprentice allowance.

**2202.** A licensed apprentice who loses his or her apprentice allowance for any reason shall obtain a jockey license before being permitted to ride again.

### **ENTRIES**

**2212.** “Entry” shall mean according to the requirements of the test:

(a) A horse made eligible to run in a race.

(b) Two or more horses that are entered or run in a race and are coupled because of common ties. However, in any race where two or more horses owned by different owners but trained by the same trainer are entered or run in the race, the horses may run in said race as separate betting interests if approved by the Racing Secretary in coordination with the Stewards. Horses in claiming races with a claiming price of \$20,000 or greater may run as separate betting interests if approved by the Racing Secretary in coordination with the Stewards.

(c) If any horses trained by the same trainer and/or owned by the same owner race uncoupled in any race, and one or more of them shall be disqualified for violation of the rules of racing, any other horses entered by that same trainer and/or owner shall also be disqualified if in the judgment of the stewards such violation prevented any other horse or horses from finishing ahead of the other part of the uncoupled entry. If said violation is without such effect upon the finish of the race, penalty therefore may be applied against the offender only.

**2213.** A horse shall not be qualified to start in any race unless he has been and continues properly entered therein.

**2214.** For all races, the Racing Secretary is the person authorized to receive entries and declarations.

**2215.** Entries and declarations shall be made in writing and signed by the owner of the horse or by the owner’s authorized agent or some person deputed by the owner, and each franchise holder shall provide blank forms on which entries and declarations are to be made.

**2216.** The Racing Secretary may also allow entries to be made by telephone or other electronic means in a manner and form acceptable to the Racing Secretary.

**2217.** Any person having a recorded interest in a horse may enter that horse unless prohibited by the terms of the partnership papers registered with the Racing Commission.

**2218.** Joint subscriptions and entries may be made by any one or more of the owners. However, all partners and each of them shall be jointly and separately liable for all fees and forfeits.

**2220.** The Racing Secretary may call upon an owner or trainer for any proof of the eligibility of any entered horse or of any horse offered for entry, and in default of such proof may decline to accept the entry.

**2221.** (a) The entries of any person, or the transfer of any entry, may be refused with or without either notice or reason being given therefor.

(b) The franchise holder, with permission from the stewards, shall have the right to refuse the acceptance of any nomination to any stakes race, and to revoke any previously accepted nomination, for any reason. If a nomination is denied or revoked, all nomination fees tendered or paid with respect to the horse for its nomination for such race shall be returned to the owner of the horse whose nomination was denied or revoked. Denial or refusal to allow a horse to enter or start because of race being postponed or cancelled; overfill of entries; failure to satisfy any eligibility condition; scratch by stewards for horse's actions in paddock, during warm-up, or in starting gate (including breaking through the gate), scratch by stewards on advice of track veterinarian, or scratch by stewards for violation of any other rule, shall not be grounds for refund of any nomination fee.

**2222.** No horse shall be allowed to enter or start in any flat race unless duly registered and named at the Registry Office of The Jockey Club (New York).

**2222.1** No horse shall be allowed to start unless the registration papers are on file with the Racing Secretary.

**2223.** If a horse's name is changed, the horse's new name shall be registered with The Jockey Club (New York). The horse's old name, as well as the horse's new name, must be given in every entry list until the horse has run three (3) races. Both names must be printed on the official program for those three (3) races.

**2224.** At the time of entry of a horse starting for the first time, a certificate of registration shall be required by the Racing Secretary.

(a) No horse shall be entered or started unless in the care, custody and complete control of the licensed registered trainer. Program trainers are not permitted.

(b) No horse shall be permitted to start that has not been fully identified.

(c) No horse shall be allowed to race unless the horse has been lip-tattooed. For good cause, the Stewards or the identifier may waive this requirement if the horse is otherwise properly identified. However, the horse shall be tattooed thereafter within such time as set by the Stewards.

(d) Any person attempting to establish the identity of a horse or the horse's ownership shall be held to account, the same as the owner, and shall be subject to the same penalty in case of fraud or attempted fraud.

**2225.** No horse shall be permitted to enter or to start unless stabled on the grounds of the franchise holder, except with the permission of the Racing Secretary.

**2228.** No horse shall be permitted to start whose name and true ownership is not registered with the Racing Secretary.

**2229.** All ownerships in a horse, except a trainer's percentage of his winnings, shall be filed with the Racing Secretary before the horse shall start, as also shall every change in ownership thereafter during the Race Meeting.

**2230.** No horse may be entered in two or more races scheduled to run on the same day unless all of the races into which the horse is entered for such day are stakes races.

**2231.** To compete in a race, a horse must be eligible at the time of starting that race.

**2232.** A horse shall not be qualified to be entered or to start in any race if owned in whole or in part, or if under the management, directly or indirectly, of a disqualified or ineligible person.

**2233.** If an entry from any disqualified person or a disqualified horse is received, such entry shall be void and any money paid for such entry shall be returned, if the disqualification is disclosed forty-five (45) minutes before post time for the race. Otherwise, any such money shall be paid to the winner.

**2234.** No entry shall be accepted from husband or wife while either is disqualified.

**2235.** No horse on the schooling list shall be qualified to be entered or to start.

**2236.** No horse on the Official Starter's or Veterinarian's List shall be allowed to be entered or to start.

**2237.** If a horse is sold to a disqualified person, said horse's racing engagements shall be void as of the date of sale.

**2238.** No horse shall be allowed to enter or to start in any race if the owner of that horse is in arrears, except with the approval of the Stewards.

**2239.** In divided races, the starters in the separate divisions shall be determined by the Racing Secretary, provided, however, when it is determined that an overnight handicap will be divided, the event must be divided by listing the entries consecutively according to weights

assigned, and assigning entries to each division from high weights to low weights. No entry will be permitted to start in one division to the exclusion of a single entry regardless of the type of conditions of any overnight race. However, an entry may be split into each division of the divided race and be treated as separate single entries. All divided races will be considered separate races.

**2240.** Entries in claiming races may be accepted for not more than two horses, whether they are owned by the same or different interests. At the time of entry, a preference must be made to the end that each interest may have an entry in each division should the race be divided.

**2241.** In making multiple entries to purse races, trainers and owners must signify a preference.

**2242.** In purse races at least eight horses in entirely different interests must enter and six or more must start, or the race may be declared off.

**2243.** The franchise holder shall have the right to withdraw or change any unclosed race.

**2244.** If a race is declared off because of insufficient entries, the franchise holder may split any overnight race that may have closed, and cause a new drawing for post positions.

**2245.** An entry in a sweepstakes is a subscription and cannot be withdrawn.

**2246.** A horse shall not be allowed to leave the paddock for a race if there remains unpaid any stake or entrance money payable with respect to that horse for the race, unless permission to leave and race shall have otherwise been granted by the Racing Secretary.

**2247.** If a horse is excused from the race by the Stewards before off time, the starting fee shall be refunded.

**2248.** If a horse is locked in the gate and if the conditions of that race include fees of any kind (nominating or starting), such fees, together with the jockey fees, shall be returned to the owner of any horse so prevented from participating in that race. If for any reason a race is not run, said fees shall be returned to the owners.

**2249.** The nominator is liable for the entrance money or stake, and the death of an entered horse or a mistake in his entry (if eligible) shall not release the nominator or transfer from such liability; nor shall the entrance money or stake of an eligible horse to any race which is run off be returnable for the entry's failure to start for any cause.

**2250.** Except in a match race, no entry, subscription or right of entry under it shall become void on the death of the nominator or subscribed. Such rights shall follow the horse.

**2251.** Entries shall be closed at an established time. The Racing Secretary, however, may postpone the closing of entries for any day's racing schedule, with the approval of the Stewards.

**2252.** The franchise holder, through its Racing Secretary, shall establish the time of closing of entries, subject to the approval of the Racing Commission.

**2253.** In the absence of notice to the contrary, entrance and declarations for sweepstakes, which close during or on the eve of a Race Meeting, close at the office of the Racing Secretary, who shall make provision therefor. Closing at all other times for sweepstakes shall be at the office of the franchise holder.

**2254.** Except in overnight races, if the hour for closing of entries or for declarations is not stated, it is understood to be midnight at the close of the day specified.

**2255.** Nominations for stake races shall be valid if received or postmarked before midnight on the established day of closing of nominations as printed in the condition of the stakes.

**2256.** If a miscarriage of any nomination or declaration in a stake race is claimed, satisfactory proof that it was mailed or telegraphed must be presented within a reasonable time, or such evidence will not be considered.

**2257.** Entries that have closed shall be compiled without delay by the Racing Secretary and conspicuously posted.

**2258.** (a) The maximum number of starters in any race shall be limited to the number of starting positions afforded by the Association starting gate and extensions thereof. The maximum number of starters shall further be limited by the number of horses that, in the opinion of the Stewards, considering the safety of the horses and riders, can be afforded a fair and equal start. A fully paid entry in a stakes race, when denied the opportunity of starting because the number of entries exceeds the capacity of the starting gate and extensions thereof, will be entitled to refund of nomination and/or entry fee.

(b) In handicaps (stakes and overnights) preference will be given to high weights. In allowance stakes, if the number of entries exceeds the limitations of the starting gate and extensions thereof, preference will be given to horses that have accumulated the highest earnings, excluding earnings won in restricted races. For the purpose of this preference, a restricted race shall mean (i) a State Bred Race (a race where entries are restricted to horses qualifying under State Breeding programs), (ii) a Sales Restricted Race (a race where entries are restricted by origin of purchase). On restricted stakes races for Arkansas-breds, total earnings in EITHER open or restricted races will determine preference to start.

(c) In the event part or all of a purse for a race is sponsored and provided by a party other than the franchise holder, the conditions imposed on the race by the sponsor for the

selection of starters and the distribution of that part of the purse provided by the third party for the sponsored race shall supersede any contrary provisions of these Rules, if approved by the Racing Commission.

**2259.** In a purse race, twelve (12) horses only will be drawn to compete. (See Rules 2279-2289 for disposition of excess entries.)

**2260.** Purse distribution will be paid back on the following basis: winner 60%, place 20%, show 10%, fourth 5% and fifth 3%, and the remaining 2% shall be divided and paid equally among the other official starters in the race (i.e., sixth through last).

**2261.** No alterations shall be made in any entry after the closing of entries, but an error may be corrected.

**2262.** The entry of any horse that has been excused from starting on account of sickness or physical disability will not be accepted for forty-eight (48) hours after such excuse.

**2263.** Any horse that has been the subject of fraudulent practice may be disqualified by the Stewards for no longer period than the duration of the meeting.

**2263(A)**

(a) Any horse exhibiting a positive response to a test for the presence of any antibodies of any blood doping agent, including, but not limited to, Erythropoietin, Darbepoetin, Oxyglobin and Hemopure, (a "Blood Doping Agent") shall be ineligible to start or race until the owner or trainer, at his or her own expense, provides proof, in a form and substance acceptable to the Stewards, of a subsequent negative test result for antibodies of Blood Doping Agents from a laboratory approved by the Commission, provided any such test sample and test must be obtained and conducted under collection and test procedures acceptable to the Commission Veterinarian. The Blood Doping Agents to be tested for shall include Erythropoietin, Darbepoetin, Oxyglobin, Hemopure and such other blood doping agents determined from time to time by the Commission Veterinarian.

(b) Notwithstanding any inconsistent provision of these Rules, the trainer of the horse shall not be subject to application of the trainer's responsibility penalty based solely on a finding by the laboratory that the Blood Doping Agent first detected in the initial positive test remains present in the horse in a subsequent sample taken from that horse for purposes of any subsequent test for Blood Doping Agents performed on the horse in an effort to determine the horse's re-eligibility to start and race again pursuant to subsection (a) of this Rule.

**EQUIPMENT CHANGES**

**2265.** Permission for any change of equipment from that which a horse carried in his last previous race can be obtained only from the Stewards, and must be obtained before the closing of entries for the race in which the horse is to run with changed equipment.

**2266.** Permission for a horse to add blinkers to his equipment or to discontinue the use of them must be approved by the Starter before being granted by the Stewards.

### **DECLARATIONS AND SCRATCHES**

**2267.** No horse shall be considered scratched or declared out of an engagement until the owner or his authorized agent or some person deputed by him shall have given due notice in writing to the Racing Secretary.

**2268.** No horse in an overnight race shall be scratched without the approval of the Stewards.

**2269.** For stake races, if a horse is not named through the entry box at the usual time of closing, the horse is automatically out.

**2270.** The declaration or scratch of a horse out of an engagement is irrevocable.

**2271.** Scratches from stake races will close forty-five (45) minutes before post time.

**2272.** Declarations and scratches from purse races shall be made to the Racing Secretary by the owner or his authorized agent or some person deputed by him, before the time stipulated by the regulations of the franchise holder.

**2273.** If the miscarriage of any declaration, by mail or otherwise, is alleged, satisfactory proof of such miscarriage shall be required of the complainant; otherwise, the declaration shall not be accepted as of the time alleged.

### **POSTPONEMENT AND CANCELLATION OF RACES**

**2274.** If the whole or a part of a racing program is cancelled, any race involved may be rescheduled by the Racing Commission.

**2275.** If a stake race is declared off, all subscriptions and fees paid in connection with that race shall be refunded.

**2276.** Public notice shall be given at the earliest practicable time if a published race is declared off.

**2277.** No race that has closed with sufficient entries shall be declared off except by the Stewards in their discretion.

**2278.** The Stewards may postpone a race from one race-day to the next race-day.

### **PREFERRED AND ALSO ELIGIBLE LISTS**

**2279.** The Racing Secretary shall keep a list of all horses excluded from races because of too many entries, and horses on such list are to have preference in any race in which they may afterwards be entered in accordance with the regulations adopted by the Racing Secretary for the Race Meeting. This shall be known as the preferred list.

**2280.** The Racing Secretary may, in his sole discretion, decide for any Race Meeting whether or not there shall be an also-eligible list.

**2281.** If more than twelve (12) horses are entered for any purse race, a list of names not to exceed six (6) may be drawn from the overflow entries and listed as eligible to start, if originally carded horse or horses are excused from the race. A new drawing shall be taken from all horses on the also-eligible list, and their order of eligibility and post positions shall be determined by the sequence in which they are drawn. The owner or trainer of any horse on the also-eligible list shall, if he does not intend to start, so notify the Racing Secretary not later than scratch time.

**2282.** If the entries in a race exceed eighteen (18) and the also-eligible list is being used, then those in excess of eighteen (18) not drawn automatically go on the preferred list.

**2283.** If the also-eligible list is not being used, all horses in excess of twelve (12) not so drawn as eligible, or also eligible, automatically go on the preferred list.

**2284.** Division of the preferred list with regard to claiming price and/or to distance shall be made at the discretion of the Racing Secretary, but whichever system is adopted shall be maintained for the entire Race Meeting.

**2286.** The name of no horse shall be placed on the preferred list if the owner thereof did not accept when presented the opportunity of starting.

**2287.** Horses whose names appear in the entries and have an opportunity to start, EXCEPTING HORSES ENTERED IN SWEEPSTAKES, will be given no consideration whatsoever should they be entered for the following day and the race overfill.

**2288.** A copy of the preferred list will be posted each day by 7 a.m., and any claim of error must be made by 12 noon of that same day.

**2289.** In entering horses on the preferred list, a claim of preference must be made at time of entry and noted on the entry, or the preference shall be lost. No claim of error will be considered by the Stewards if the person making the claim has signed an entry not marked in keeping with this Rule.

## **POST POSITION**

**2290.** Post positions shall be determined publicly by lot in the presence of the Racing Secretary or his deputy, one or more Stewards or their deputies, and at least one trainer licensed by the Racing Commission.

**2291.** Beginning from the inside rail, the horses shall take their positions at the post in keeping with the numerical order resulting from the public drawing.

## **WEIGHT PENALTIES AND ALLOWANCES**

**2292.** Weight penalties are obligatory.

**2293.** Weight allowance is obligatory except by permission of a Steward. Such permission must be obtained at time of entry.

**2294.** Weight allowance, including apprentice allowance, must be claimed at time of entry or prior to the drawing of the races.

**2295.** Said weight allowance shall not be abandoned after the posting of entries except by consent of the Stewards.

**2296.** Penalties and allowance of weight are not cumulative, unless so declared by the conditions of a race.

**2297.** A horse shall start with only the allowance of weight entitled at the time of starting, regardless of the claimed allowance at the time of entry.

**2298.** Horses incurring weight penalties for a race shall not be entitled to any of the weight allowances for that race.

**2299.** Horses not entitled to the first weight allowance in a race shall not be entitled to the second and so on.

**2300.** Omission to claim a weight allowance is not cause of disqualification.

**2301.** Claim of weight allowance to which a horse is not entitled shall not disqualify unless protest is made in writing and lodged with the Stewards at least sixty (60) minutes before post time of the race in question.

**2302.** No horse shall incur a weight penalty or be barred from any race for having been placed second or lower in any race.

**2303.** No horse shall be given a weight allowance for failure to finish second or in any lower place in any race.

**2304.** Penalties incurred in steeplechase or hurdle races shall not apply to races on the flat or vice-versa.

**2305.** Allowances due in steeplechase or hurdle races shall not apply to races on the flat or vice-versa.

**2306.** Penalties shall not be invoked nor allowances made in arriving at the weights to be carried in matches or in private sweepstakes.

**2307.** No horse shall receive allowance of weight or be relieved of extra weight for having been beaten in one or more races, provided this Rule shall not prohibit maiden allowances or allowances to horses which have not won within a specified period or which have not won a race of specified value.

**2308.** When the decision of a race is in dispute, all horses involved in the dispute with respect to the winner's credit shall be liable to all weight penalties attached to the winnings of that race until a winner has been adjudged.

**2309.** Reports, records and statistics as published by The Daily Racing Form, Equibase or other publications recognized as official by the Stewards shall be considered official in determining eligibility, allowances and penalties, but may be corrected.

**2311.** No horse shall incur a weight penalty for a placement from which he is disqualified, but a horse placed through the disqualification of another horse shall incur the weight penalties of that placement. No such placement, however, shall make a horse ineligible to a race that already has been run.

**2312.** A horse involved in a Dead Heat for the first place shall be liable to weight penalty for the amount received.

### **WEIGHT, SCALE OF**

**2313.** The following is the scale of weights for age, and shall be carried when not otherwise specified in the condition of the race.

(a) In races of intermediate lengths, the weights for the shorter distance shall be carried.

(b) In races exclusively for three-years-olds or four-year-olds, the weight shall be 126 pounds.

(c) Except in handicaps, fillies and mares three years old and over shall be allowed five (5) pounds before September 1st, and three (3) pounds thereafter.

(d) Except in handicaps, no horse three years old or over shall carry less than eighty-four (84) pounds.

(e) “Welter Weight” is twenty-eight (28) pounds added to weight for age.

### **WEIGHING IN**

**2314.** After a race has been run and after he has pulled up the horse he has ridden, the jockey shall ride promptly to the finish line and there dismount, after obtaining permission from the Judges, and present himself to the Clerk of Scales to be weighed in.

**2315.** If a jockey is prevented from riding his mount to the finish line because of an accident or of illness either to himself or his horse, he may walk or be carried to the scales, or he may be excused by the Stewards from weighing in.

**2316.** Except by permission of the Stewards, every jockey must upon returning to the finish line unsaddle the horse he has ridden, and no person shall touch said horse except by his bridle.

**2317.** No person shall assist a jockey in removing from his horse the equipment that is to be included in the jockey’s weight, except by permission of the Stewards.

**2318.** No person shall throw any covering over any horse at the place of dismounting until the jockey has removed the equipment that is to be included in his weight.

**2319.** No jockey shall before weighing in willfully touch any person or thing other than the equipment that is to be included in his weight.

**2320.** Each jockey shall in weighing in carry over to the scales all pieces of equipment with which he weighed out. Thereafter he may hand it to his attendant.

**2321.** In the event a jockey weighs in following the running of the race more than two (2) pounds short of the weight that the jockey was assigned in the race, the Clerk of Scales shall immediately so notify the Stewards, and the Stewards shall investigate and when warranted take disciplinary action against the individual or individuals responsible for the violation. When warranted, such action shall include disqualification of the horse from receiving what would otherwise be its share of the purse. In the event that a horse is disqualified pursuant to this Rule after the declaration of the race as “Official,” such disqualification shall not affect the results of the race for pari-mutuel wagering purposes or in so far as the payout to patrons is concerned. In the event a jockey weighs in following the running of the race more than two (2) pounds short of the weight that the jockey was assigned in the race and the Clerk of Scales so notifies the Stewards before the declaration of the race as “Official,” the jockey’s mount shall be disqualified for all purposes, including for purposes of pari-mutuel wagering and in so far as the payout to patrons is concerned.

**2322.** When a horse is disqualified under Rule 2321 and there is evidence of fraud or attempted fraud, any other horse in the race owned or controlled by the same interest or trained by the same trainer also shall be disqualified.

**2323.** No jockey shall weigh in at more than two (2) pounds over the weight at which he weighed out, except in so far as said weight may have been affected by the elements.

### **WEIGHING OUT**

**2324.** The specified jockeys shall be weighed out for their respective mounts in each race by the Clerk of Scales not less than ten (10) minutes before the time fixed for the race. In case of a substitution of riders after the original rider has been weighed out, the substitute rider shall be weighed as promptly as possible and the name of the substitute and his weight publicly announced and posted.

**2325.** A jockey's weight shall include his/her clothing, boots, goggles, saddle and its attachments, etc. The franchise holder should include the following language in its daily program: All jockeys will carry approximately three (3) pounds more than the published weight to account for safety equipment including helmet, vest and riding crop that is not included in the required weighing out procedure.

**2326.** None of the following items should be included in a jockey's weight: whip, or a substitute for a whip, protective helmet, head number, bridle, bit, reins or saddle cloth.

**2327.** No bridle shall exceed two (2) pounds in weight, and no whip (or substitute for a whip) shall exceed one (1) pound in weight unless approved by the Stewards.

**2328.** Seven (7) pounds is the limit of the overweight any horse is allowed to carry.

**2329.** The franchise holder shall provide the only attendants who will be permitted to assist jockeys in weighing out.

### **PADDOCK TO POST**

**2331.** Permission must be obtained from a Steward to exercise a horse between races.

**2332.** When a horse is being so warmed up before entering the paddock, his official program number must be displayed by the rider.

**2333.** In a race, each horse shall carry a conspicuous saddlecloth number corresponding to his number on the official program. In the case of an Entry, each horse making up the Entry shall carry the same number with a distinguishing letter. For example, 1,1A,1X. In the case of a

Field, the horses comprising the Field shall carry an individual number; i.e. 12, 13, 14, 15 and so on.

**2334.** Horses must be in the paddock at least twenty minutes before post time, or at the time appointed by the Stewards.

**2335.** Every horse must be saddled in the paddock or designated saddling area.

**2336.** All horses shall parade such a distance as is reasonable and proper in the opinion of the Stewards, unless excused by the Paddock Judge as provided in Rule 2023. If a horse is so excused from parading and is led to the post, he must pass over the same route as that followed by the parade.

**2337.** All horses shall carry their respective weights from paddock to post and during the running of the race.

**2338.** Parading horses shall pass the Stewards' stand in the numerical order of their exhibited number. Only a horse being led by the parade leader, or excused from parading, may parade out of numerical order.

**2339.** In the discretion of the Stewards, parading horses maybe allowed to break out of numerical order after passing from in front of the stands, or may be required to maintain their order until arrival at the post.

**2340.** After the horses enter the track, no jockey shall dismount and no horse shall be entitled to the care of an attendant without consent of the Stewards or the Starter.

**2341.** In case of accident to a jockey or to his mount or equipment, the Stewards or the Starter may permit the jockey to dismount and the horse to be cared for during the delay, and may permit all jockeys to dismount and all horses to be attended during the delay.

**2342.** If a jockey is thrown on the way from the paddock to the post, the horse must be remounted, returned to the point where the jockey was thrown and then proceed over the route of the parade to the post.

**2343.** If the jockey is so injured on the way to the post as to require another jockey, the horse shall be taken to the paddock, another jockey obtained and then ridden over any uncompleted portion of the exact route of the parade to the starting point.

**2344.** If a horse leaves the course while moving from paddock to post, he shall return to the course at the nearest practical point to that which he left the course, and shall complete his parade to the post from the point at which he left the course.

**2345.** No person shall willfully delay the arrival of a horse at the post.

### **POST TO FINISH**

**2347.** (a) When clear, a horse may be taken to any part of the course, but no horse shall, and no jockey shall carelessly or willfully permit his/her mount to, cross or weave in front of another horse, or jostle another horse, in such a way as to impede other horses or constitute or cause interference or intimidation.

(b) A jockey shall not ride carelessly or willfully in a manner that jeopardizes the safety of any horse or other jockey.

(c) No jockey shall carelessly or willfully strike or touch another jockey or another jockey's horse or equipment.

**2348.** The Stewards or the Commission may fine and/or suspend a jockey for violation of any rule of the Commission, whether or not the horse ridden by the jockey is disqualified in connection with the incident in question.

**2349.** (a) In the case of any violation of Rule 2347, 2348, or any other applicable rule of the Commission, the offending horse, or the horse of the offending jockey, as the case may be, may be disqualified, if in the opinion of the Stewards, the violation affected the outcome of the race, regardless of whether the foul was accidental, willful or the result of careless riding.

(b) When the Stewards determine that a horse shall be disqualified for interference, they may place the offending horse behind such horses as in their judgment it interfered with, or they may place it last.

(c) Should the Stewards determine that there is more than one incident of interference in a race where disqualification is warranted, the Stewards shall deal with the incidents in the order in which the incident occurs during the race from start to finish; except in the case where the same horses are involved in multiple incidents. Once a horse has been disqualified, it should remain placed behind the horse with which it interfered.

**2350.** No jockey shall unnecessarily cause his horse to shorten his stride with a view to complaint.

**2351.** All horses shall be ridden out in every race. A jockey shall not ease up or coast to the finish without reasonable cause, even if the horse has no apparent chance to win prize money. A jockey shall give a best effort during a race, and each horse shall be ridden to win.

**2352.** If two horses run in one interest in any race, each shall give best effort. The practice of declaring to win with one or the other of such horses will not be allowed.

**2353.** The Stewards shall take cognizance of foul riding and may entertain reports from other racing officials of the Race Meeting whether or not formal complaint is made, but no complaint shall be considered which comes from any person other than the jockey, trainer or owner of the horse interfered with.

**2354.** No owner, trainer or jockey shall complain frivolously that his horses were crossed or jostled.

**2356.** The time for the first horse to cross the finish line shall be the official time of the race.

### **PROTESTS**

**2357.** A protest, except a protest involving fraud, may be filed only by the owner (or his authorized agent), trainer or jockey of a horse engaged in the race over which the protest is made, or by a racing official of the Race Meeting.

**2358.** A protest involving fraud may be made by any person.

**2359.** A protest, except a claim growing out of happenings in the running of the race, must be made in writing signed by the complainant and filed with the Stewards at least sixty (60) minutes before post time of the race in question. To merit consideration, any protest over the status of an alleged maiden must be made in writing, signed by the complainant and filed with the Stewards at least two (2) hours before the programmed post time for the first race of the day on which the protested maiden is scheduled to run.

**2360.** A protest against a horse engaged in a race, and filed with the Stewards not less than sixty (60) minutes before post time, shall receive immediate consideration. In default of proof within thirty (30) minutes of post time that the horse is qualified to start, the horse may be disqualified from starting.

**2361.** To merit consideration, a protest against the programmed distance of a race must be made at least thirty (30) minutes before post time for that race, but nothing in this Rule shall affect the Rule for races run at a wrong distance as compared with the official program.

**2362.** To merit consideration, a protest against a horse based on a happening in a race must be made to the Stewards before the placing of the horses for that race has been officially confirmed.

**2363.** Jockeys wishing to claim a foul or otherwise protest a happening in a race must do so by communicating to the outrider as promptly as practical following the running of the race. If the jockey's horse is pulled up prior to reaching the outrider, the jockey must proceed to the

outrider in order to request a claim of foul or protest. The outrider must wait for those horses that pass the outrider before they are pulled up (and for the jockeys on horses pulled up prior to reaching the outrider to have had the opportunity to communicate a foul or protest claim to the outrider) before communicating a no-claim/no-protest status to the Stewards. If for any reason the outrider is unable to communicate to the Stewards, the Stewards shall not declare the race "Official" until the jockeys riding the first five (5) horses to finish shall have weighed in. Any jockey who has requested to register a claim of foul or protest also must contact the Stewards promptly upon dismounting. If the outrider is not confident regarding the decision to permit the quick official, the outrider shall so notify the Stewards and request a hold, and in such event the race shall not be declared "Official" by the Stewards until after either (i) the outrider shall have subsequently released the hold and notified the Stewards of no-claim/no-protest status or (ii) the jockeys riding the first five horses to finish have been weighed in.

**2364.** A person or persons lodging a protest must pay all the costs and expenses incurred in determining the objection unless his objection is upheld, in which case the cost shall be paid by the offender.

**2365.** Pending the determination of a protest, any money or prize won by a protested horse, or any other money affected by the outcome of the protest shall be paid to and held by the Racing Secretary until the protest is determined.

**2366.** (a) If a protest (except for foul riding) against a horse that has won or has been placed is sustained by the Stewards, the horse shall be assigned to last position in the race, and the other horses in the race shall be advanced accordingly in the order of their finish.

(b) The Stewards are vested with the power to determine the extent of the disqualification in case of fouls. They may place the offending horse behind such horses as in their judgment it interfered with, or they may place it last.

**2367.** In the case of a disqualification, the Stewards shall immediately make public the reason for the disqualification, and the same shall be announced over the public address system.

**2368.** A protest may not be withdrawn without permission of the Stewards.

**2369.** No person shall make frivolous protests.

**2370.** The Stewards shall keep a record of all protests and complaints and of any action taken thereon, and shall report both daily to the Racing Commission.

**2371.** If a horse be disqualified for a foul under these Rules, any other horse in the race owned wholly or in part by the same interest or trained by the same trainer may also be disqualified.

## WINNINGS

**2374.** Winnings shall include all net monies won in all countries, up to the time appointed for the start, including walkovers and forfeits, but not second and third money nor the value of a prize not in money.

**2375.** Winnings during a year shall be reckoned from January 1st of that year.

**2376.** Winner or non-winner of a specified sum means winner or non-winner of a single race of that value to the winner, unless otherwise stated.

**2377.** In computing the value of a series of races in which an extra sum of money is won by the winning of two or more races of the series, the extra amount shall not be included in the horse's winnings until the series, or that part of it, is finished, and hence the extra amount is definitely ascertainable. When ascertained, it shall be added to the race which determines the extra amount.

**2378.** Foreign winnings shall be estimated on the basis of the normal rate of exchange prevailing on the day of the winnings.

**2379.** All franchise racing holders, owners, trainers, jockeys, agents, grooms and platers, and all licensees are deemed to accept the conditions under which franchise holder conducts the race meeting. Any person shall, before he/she terminates or discontinues his/her employment, engagement or activities under such accepted conditions, give the person's employer or other party for whom the person works, as the case may be, at least seven (7) days notice in writing of his/her intention to terminate or discontinue his/her employment, engagement or activities, provided, the employer or other party for whom the person works may waive the requirement of such advance notice. The Commission may, upon notice to all parties of interest, conduct a hearing or hearings with respect to any termination or discontinuance of employment, engagement or activities and if the Commission shall find that the cause for said termination or discontinuance of employment, engagement or activities under such accepted conditions is unreasonable or unlawful or contrary to the rules, regulations and conditions of the Commission, or the statutes of the State of Arkansas, or in bad faith or detrimental to the public interest or against the best interest of racing, or if the Commission shall find that the licensee or said persons have failed to give the required written notice herein provided, or in any other manner violated these Rules, it may, in its discretion, revoke, cancel, withdraw or suspend the licenses of any such trainer, jockey, agent, groom, plater, and other licensee, or may forever prohibit said person or persons from engaging in any activities at any race track in State of Arkansas, or take other appropriate disciplinary action in the circumstances.

## DEAD HEATS

**2381.** When two or more horses run a Dead Heat, the Dead Heat shall not be run off.

**2382.** The owners of the horses in a Dead Heat shall divide equally the purse money involved.

**2383.** If a Dead Heat is for the first place, each horse shall be considered a winner of the amount received according to the preceding Rule.

**2384.** When a Dead Heat is run for second place and an objection is made to the winner of the race, and sustained, the horses that ran the Dead Heat, shall be deemed to have run a Dead Heat for first place.

**2385.** Owners shall divide equally all monies and other prizes; and if no agreement can be reached as to which of them shall receive a cup, plate or other indivisible prize, they shall draw lots for it in the presence of one or more of the Stewards.

**2386.** In a Dead Heat for first place, the winning jockeys shall receive 10% of the winning purse, and in all other cases the jockeys involved shall divide equally the sum total of the fees they would have received individually had one beaten the other, or others. Likewise, the owners of the horses involved shall pay their equal share of the jockey's fees.

### **MUTUELS**

**2387.** When two or more horses run in a race and are coupled because of common ties, they are called an "Entry", and a wager on one of them shall be a wager on all of them.

**2388.** When the individual horses competing in a race exceed the numbering capacity of the totalisator, the highest numbered horse within the capacity of the totalisator and all horses of a higher number shall be grouped together and called the "Field", and a wager on one of them shall be a wager on all of them.

**2389.** With the approval of the proper officers of the franchise holder, the following Rules will apply.

(a) If less than six interests qualify horses to start in a race, the Manager of the Pari-mutuel Department shall be permitted to prohibit show wagering on that race.

(b) If less than five interests qualify horses to start in a race, the said Manager shall be permitted to prohibit both place and show wagering on that race.

(c) If less than three interests qualify horses to start in a race, and both of the horses qualified are coupled as an Entry, the said Manager shall be permitted to prohibit wagering on that race.

(d) The said Manager may prohibit wagering on any particular horse in any race.

**2390.** Before the wagering starts on each race, the morning line showing “Odds” on each horse may be posted on the public board. Entries shall be listed as one horse, and likewise the Field shall be listed as one horse.

**2391.** After wagering has begun on each race and immediately after there is \$1,000 (more or less, depending on circumstances) in the Straight Pool, the “Approximate Odds” on each horse must be computed at each cycle of the Tote Board. Said “Approximate Odds” shall agree with the amount wagered on each horse in the Straight Pool. There shall be a minimum of four sets (and more under proper circumstances) of “Approximate Odds” posted during the wagering on each race. These “Odds”, however, are approximate and not the exact figures used in the payoff.

**2392.** Wagering shall cease not later than off time, and no tickets shall be sold after the totalisator has been locked or wagering ceased.

**2393.** If, for any reason other than power failure or accidental locking, the pari-mutuel ticket issuing machines are closed during the wagering on a race, and before off time, they shall remain closed until after the race. Wagering shall cease on that race, and the payoff for that race shall be computed on the sums then wagered in each pool.

**2394.** If a horse or horses are locked in the gate, the proper racing official shall promptly notify the Manager of the Pari-mutuel Department of the name and number of said horse or horses.

**2395.** At the end of each race, the Placing Judges shall advise the Manager of the Pari-mutuel Department of the official placement of the horses, and no payoff shall be made until the receipt of such notice.

**2396.** Whenever the Tote Board fails mechanically and is obviously unreliable as to the amounts wagered, the payoff shall be computed on the sums then wagered in each pool as shown by the recapitulation of the sales registered by each ticket issuing machine.

**2397.** If an error is made in posting the payoff figures on the Tote Board, it shall be corrected promptly and only the correct amounts shall be used in the payoff, irrespective of the error on the Tote Board. If, because of mechanical failure, it is impossible to promptly correct the posted payoff, a statement shall be made over the public address system stating the facts and corrections.

**2398.** In the event of an irreparable breakdown of the totalisator or the ticket issuing machines or both during the wagering on a race, the wagering for that race shall be declared closed. The payoff for that race shall be computed on the sums wagered in each pool up to the time of the breakdown.

**2399.** In all cases when a horse has been excused by the Stewards after wagering has started, but before off time, all money wagered on the horse so excused shall be deducted from the pool and be refunded.

**2400.** Should an accident in the starting gate, malfunction of the starting gate, or other unusual event caused by outside elements compromise the fairness of the race or safety of race participants, the Stewards, in consultation with the Official Starter, may declare individual horses to be non-starters or declare a no contest, and, subject to other Rules of the Commission applicable to multi-race wagers, exclude individual horses from one or more pari-mutuel pools and order a refund of pari-mutuel wagers on the horses involved, as the circumstances warrant in fairness to the bettors and race participants.

**2401.** If no horse finishes in a race, all money wagered on that race shall be refunded.

**2402.** If two or more horses in a race are coupled on the same mutuel ticket, there shall be no refunds unless all of the horses so coupled are excused before off time or all of the horses so coupled are locked in the gate.

**2403.** If a jockey weighs in more than two (2) pounds short of the weight that the jockey was assigned in the race, and his mount is disqualified by the Stewards in consequence of short weight prior to the declaration of the race as "Official," all moneys wagered on said horse shall be deducted from the pool and refunded. If a jockey weighs in more than two (2) pounds short of the weight that the jockey was assigned in the race, and his mount is disqualified by the Stewards in consequence of short weight after the results of the race have been declared "Official," the moneys wagered on said horse shall not be deducted from the pool or refunded and such disqualification shall not affect the results of the race for pari-mutuel wagering purposes or in so far as the pay out to patrons is concerned.

**2404.** In the case of an Entry, if one of the jockeys riding the Entry weighs in short of weight by more than two (2) pounds and his mount is disqualified by the Stewards in consequence of short weight prior to the result of the race being declared "Official," no refund shall be made unless the other portion of the Entry also is disqualified by the Stewards for short weight prior to the result of the race being declared "Official," in which case all moneys wagered on the Entry so disqualified prior to the results of the race being declared "Official" shall be deducted from the pool and refunded. This Rule applies with equal effect to the Field. See Rule 2321 and 2403 in the event a jockey weighs in short of weight by more than two (2) pounds after the results of the race have been declared "Official." Such resulting disqualification of the mount (after the results of the race have been declared "Official") shall not affect the results of the race for pari-mutuel wagering purposes or in so far as the payout to patrons is concerned.

**2405.** In the case of a race postponed beyond the day originally scheduled, all money wagered on said race shall be refunded.

**2406.** If a race is declared off by the Stewards after wagering begins on that race, all money wagered on that race shall be refunded.

**2407.** If a horse wins and there is no money wagered on that horse to win, the Straight Pool shall be apportioned among the holders of the place tickets on that horse, if any; otherwise, among holders of the show tickets on that horse.

**2408.** If no money has been wagered to place on a horse which is placed first or second in a race, the Place Pool for that race shall be apportioned among the holders of the place tickets on the other horse which was placed first or second.

**2409.** If no money has been wagered to show on a horse which is placed first, second or third in a race, the Show Pool in that race shall be apportioned among the holders of show tickets on the other horses which are placed first, second or third in that place.

**2410.** If only one horse finishes in a race, the Place and Show Pools shall be apportioned among the holders of place and show tickets on that horse.

**2411.** If only two horses finish in a race, the Show Pool shall be apportioned among the holders of show tickets on those two horses.

**2412.** Any ruling of the Stewards with regard to the reward of purse money made after the sign "Official" has been purposely displayed by the Placing Judges shall have no bearing on the mutuel payoff.

**2413.** Whenever there is a difference in any pool or pools; i.e., a difference between the sum total of the wagers on the individual horses as compared with the grand total as shown by the Tote Board, the larger amount shall be used as the basis for computing the payoff. The said larger amount shall be used as the base on which the commissions are computed and paid to the franchise holder and to the Racing Commission respectively, except that at racetracks which use equipment such as computers, which make it possible to determine immediately the correct amount of money wagered, the correct amount so determined shall be used as the basis for computing the payoff and commissions. In cases where the lesser amount is used, the Racing Commission auditor on duty must be in agreement with the figure used.

**2414.** The Manager of the Pari-mutuel Department shall furnish a copy of all calculating sheets to the Racing Commission.

**2415.** Payments due on all wagers shall be made in conformity with the well-established practice of the pari-mutuel system. Money wagered on winning tickets is returned in full, plus the

profits. The practice is to work in dollars and not in the number of tickets. The break permitted by Law is deducted in all of the calculations arriving at the payoff price; i.e., the odd cents over any multiple of ten cents of winnings per dollar wagered are deducted.

**2416.** Any claim by a person that a wrong ticket has been delivered to him must be made before leaving the mutuel ticket window. No claim shall be considered thereafter and no claim shall be considered for tickets thrown away, lost, changed, destroyed or mutilated beyond identification. Payment of wagers will be made only on presentation of appropriate pari-mutuel tickets.

**2417.** Should an emergency arise in connection with the operation of the pari-mutuel department not covered by these Rules and an immediate decision is necessary, the Manager of the Pari-mutuel Department shall make the decision. The Manager of the Pari-mutuel Department shall be properly and timely advised by the Racing Secretary, prior to the beginning of wagering of each race, of the horses that will compete in the race.

**2418.** No minor shall be allowed to wager, and no jockey in colors shall enter the betting area.

**2419.** The minimum payout on all winning wagers in live horse racing shall be equal to the amount wagered plus ten percent (10%) (i.e., the minimum payout on a \$1.00 wager shall be \$1.10, the minimum payout on a \$2.00 wager shall be \$2.20, etc.). However, in the event of a minus pool in live horse racing, the minimum payout on all winning wagers in that pool shall be equal to the amount wagered plus five percent (5%) (i.e., the minimum payout on a \$1.00 wager shall be \$1.05, the minimum payout on a \$2.00 wager shall be \$2.10, etc.).

#### **STEPS IN CALCULATING THE PAYOFF IN WIN POOL**

**2420.** (a) The commission authorized by law is deducted from the sum total wagered in the Win Pool. The balance is called the "Net Pool".

(b) The amount wagered on the winner is then divided into the "Net Pool". The quotient thus obtained is the payoff price on the winner for each dollar wagered, and it includes the dollar wagered on the winner.

#### **STEPS IN CALCULATING THE PAYOFF IN A PLACE POOL**

**2421.** (a) The commission authorized by law is deducted from the sum total wagered in the Place Pool. The balance is called the "Net Pool".

(b) The sum total of the amount wagered in the Place Pool on the horses placed first and second is deducted from the "Net Pool". This gives a remainder, which is the profit or winnings. The said profit is divided into two equal parts between those who wagered in the Place Pool, on the winner and those who wagered on the horse that was placed second.

(c) Using the amount wagered in the Place Pool on the winner "to Place" as a divisor and one-half of the profits of the Place Pool as specified in (b) as a dividend, the quotient thus obtained is the profit per dollar wagered in the Place Pool on the winner "to Place".

(d) Using the amount wagered in the Place Pool on the horse placed second "to Place" as a divisor and the other half of the profits as specified in (b) as a dividend, the quotient thus obtained is the profit per dollar wagered in the Place Pool on the second horse "to Place".

(e) In each of the next above paragraphs (c) and (d), the profit per dollar wagered is the resultant. The sums wagered on the horses placed first and second must be returned, therefore add to the quotient the dollar taken out of the "Net Pool" in (b). The result is the payoff for each dollar wagered on horses placed first and second in the Place Pool.

#### **STEPS IN CALCULATING THE PAYOFF IN A SHOW POOL**

**2422.** (a) The commission authorized by law is deducted from the sum total wagered in the "Show Pool". The balance is called the "Net Pool".

(b) The sum total of the amount wagered in the Show Pool on the horses placed first, second and third is deducted from the "Net Pool". This gives a remainder, which is the profit or winnings. The said profit is divided into three equal parts among those who wagered in the Show Pool on the winner, the second horse and the third horse.

(c) Using the amount wagered in the Show Pool on the winner "to Show" as a divisor and one-third of the profits of the Show Pool as specified in (b) as a dividend, the quotient thus obtained is the profit per dollar wagered in the Show Pool on the winner "to Show".

(d) Using the amount wagered in the Show Pool on the horse placed second "to Show" as a divisor and one-third of the profits as specified in (b) as a dividend, the quotient thus obtained is the profit per dollar wagered in the Show Pool on the second horse "to Show".

(e) Using the amount wagered in the Show Pool on the horse placed third "to Show" as a divisor and one-third of the profits as specified in (b) as a dividend, the quotient thus obtained is the profit per dollar in the Show Pool wagered on the third horse "to Show".

(f) In each of the next above paragraphs (c), (d) and (e), the profit per dollar wagered is the resultant. The sums wagered on the horses placed first, second and third must be returned, therefore add to the quotient the dollar taken out of the "Net Pool" in (b). The result is the payoff price for each dollar wagered on horses placed first, second and third in the Show Pool.

### **STEPS IN CALCULATING THE PAYOFF IN DEAD HEATS**

**2423.** In the case of a Dead Heat in the Straight Pool, the payoff prices shall be figured as in a Place Pool.

(a) In the case of a Dead Heat for second in the Place Pool, the winner of the race receives its half share of the profits in that pool; and each of the two horses that Dead Heat for second receives one-half of the remaining half of the profit.

(b) In the case of a Dead Heat for third or "Show" in the Show Pool, the first and second horses each receive a normal one-third of the profits in that pool; and the two horses that Dead Heat for third each receive one-half of the remaining third of the profits.

(c) Where two or more horses racing for one interest or Field horses participate in Dead Heats, each horse of the Entry or Field is entitled to his/her proportionate share of the profits in the Pool in which the Dead Heat occurs and the other pools affected. For example: Where two horses of an Entry or Field "Dead Heat" for win, the win and place prices are calculated as Straight Pools, and the Entry is entitled to two-thirds of the profits of the Show Pool.

### **DAILY DOUBLE**

**2424.** (a) Two Daily Doubles will be permitted during any single racing program.

(b) If no ticket is sold combining the two winners of the Daily Double, the pool shall then be apportioned equally between those having tickets including the winner in the first race of the Daily Double and those having tickets including the winner in the last race of the Daily Double in the same manner in which a Place Pool is calculated and distributed.

(c) If no ticket is sold including the winner of the first race of the Daily Double, then the entire pool will be paid to the holders of tickets which include the winner of the last race of the Daily Double.

(d) Likewise, if no ticket is sold including the winner of the last race of the Daily Double, the entire pool will be paid to the holders of tickets which include the winner of the first race of the Daily Double.

(e) If no ticket is sold including a winner of either race of the Daily Double, then the pool shall be paid to holders of tickets which include the horses finishing second in the two races of the Daily Double.

(f) If no ticket is sold that would require distribution of the Daily Double pool to a winner under the sub-sections (b), (c), (d) and (e) of Rule 2424, the Association shall make a complete and full refund of the Daily Double Pool.

(g) There shall be a refund of Daily Double wagers in the event of a horse being scratched before the betting on the Daily Double has closed. (This refund is to apply only to wagers on the horse scratched.)

(h) It is required that a complete tabulation of sale or “take-off” of all combinations of tickets in the Daily Double Pool be made, and a copy of said “take-off” be in the hands of the Racing Commission auditor as soon as practicable.

(i) In the event a horse is scratched or excused in the second half of the Daily Double, after the first half is official, all tickets combining the scratched horse with the winner of the first half of the Daily Double shall be paid a price per dollar denomination calculated as follows: The net Daily Double Pool (gross pool less commission) shall be divided by the purchase price of all tickets combining the winner of the first half, and the quotient thus obtained shall be the price to be paid to holders of tickets combining the winner of the first half and the scratched or excused horse in the second half. The entire consolation pool (number of eligible tickets times the consolation), shall be deducted from the Daily Double Pool.

(j) Before the running of the race comprising the last half of the Daily Double Pool, there shall be displayed in a prominent place, easily visible from the grandstand, clubhouse and bleachers, the payoff of each combination coupled with the winner of the first half of the Daily Double.

(k) In case of a Dead Heat for winner in the first half of the Daily Double, the payoff of the Daily Double need not be posted until after the running of the second half of the Daily Double, owing to the complicated calculations involved. However, announcement of this fact must be made over the loudspeaker and notice to this effect be posted on Tote Board at the conclusion of first half of Daily Double.

(l) If a Dead Heat should result in either the first or second race of the Daily Double, the total pool is figured as a Place Pool.

### **EXACTA WAGERING**

**2424.1** The Exacta Pool is a contract by the purchaser of one (1) ticket combining two (2) horses in a single race, selecting the two (2) horses that will subsequently finish first and second in that race. Payment of the ticket shall be made only to the purchaser who has selected the same order of finish as officially posted.

(a) The exacta is not a “parlay” and has no connection with or relation to the win, place and show betting and will be calculated as an entirely separate pool.

(b) If no ticket is sold on the winning combination of an Exacta Pool, the net pool shall be distributed equally between holders of tickets selecting the winning horse to finish first and/or holders of tickets selecting the second place horse to finish second.

(c) If no ticket is sold that would require distribution of an Exacta Pool to winner as above defined, the Association shall make a complete and full refund of Exacta Pool.

(d) In case of a Dead Heat between two (2) horses for first place, the net Exacta Pool shall be calculated and distributed as a place pool to holders of tickets of the winning combinations. In case of a Dead Heat between two (2) horses for second place, the Exacta Pool shall be figured as a place pool, the holders of tickets combining the winning horse and the two (2) horses finishing second participating in the payoff.

(e) In the event of a Dead Heat for second place, if no ticket is sold on one (1) of the two (2) winning combinations, the entire net pool shall be calculated as a Win Pool and distributed to those holding tickets on the other winning combination. If no tickets combine the winning horse with either of the place horses in the Dead Heat, the Exacta Pool shall be calculated and distributed as a Place Pool to holders of tickets representing any interest in the net pool.

(f) In the event of any Entry finishing first and second, the net Exacta Pool shall be distributed to holders of tickets selecting the Entry to win combined with the horse finishing third.

### **MINUS POOL**

**2425.** In the event of a Minus Pool, the deficiency shall be absorbed by the breaks accruing for that day. In the event the breaks accruing for that day are not sufficient to absorb such Minus Pool, the remaining deficiency will be borne solely by the franchise holder.

### **CLAIMING**

**2426.** In claiming races on the flat, any horse is subject to claim by (i) any owner in good standing or (ii) by a person who has been issued a “claiming authorization” as provided below in Rule 2426 (a “Claiming Authorization”). However, no owner (who has not otherwise been issued a Claiming Authorization) may claim a horse at Oaklawn unless that owner (either individually or through co-ownership, partnership, limited liability company, corporation or other entity in which the owner owns an equity interest); (1) has foal papers on file in the Oaklawn racing office with respect to a horse eligible to race at Oaklawn, and (2) either (i) has had an “official start” in a prior race at Oaklawn during the current race meet or (ii) was an “official starter” in the race in which the claim is submitted; provided, in the event an owner (either individually or through co-

ownership, partnership, limited liability company, corporation or other entity in which the owner owns an equity interest) has started a horse at the Oaklawn meeting and does not currently have foal papers on file in the racing office with respect to a horse eligible to race at Oaklawn because his last horse(s) was claimed, that owner is not required to obtain a "Claiming Authorization" and is immediately eligible to claim a horse at Oaklawn, provided such claim is in compliance with all other applicable claiming rules. As an example, if an owner (who has not previously had an "official start" in a prior race at Oaklawn during the current race meet) owns in whole or in part Horse A entered in an Oaklawn race, the owner may, if otherwise in compliance with applicable rules, submit a claim for another horse in the race, but that claim shall be void if Horse A fails to become an "official starter" in the race.

#### CLAIMING AUTHORIZATION:

(a) The Stewards or their appointed representatives shall issue a Claiming Authorization to any person who makes application therefor on forms prescribed for that purpose and who:

(1) meets all requirements for the issuance of an owner's license;

(2) either (A) is not presently involved, and does not have a spouse presently involved, as an owner of a horse in thoroughbred racing able and eligible to race at Oaklawn, (B) was an owner (either individually or through co-ownership, partnership, limited liability company, corporation or other entity in which the owner owns an equity interest) of a horse that had an "official start" in a prior race at Oaklawn during the immediately preceding Oaklawn race meet, or (C) has foal papers on file in the Oaklawn racing office with respect to a horse eligible to race at Oaklawn;

(3) has an agreement with a licensed trainer to take charge of, care for and train any horse claimed pursuant to the Claiming Authorization (and the holder of a Claiming Authorization and the trainer shall each promptly notify the Stewards in writing if such agreement is terminated before a horse is successfully claimed); and

(4) has at least the amount of the claim on deposit or credited with the horsemen's bookkeeper.

However, notwithstanding the foregoing, a Claiming Authorization may not be issued to any thoroughbred horse trainer licensed as such in any jurisdiction unless the trainer is a member of a partnership, limited liability company, corporation or other entity that would otherwise be eligible for a Claiming Authorization and the claim is being made by that partnership, limited liability company, corporation or other entity.

(b) The Claiming Authorization shall be valid for the calendar year in which it is issued or until such earlier time as the person to whom the Claiming Authorization was issued (i) executes a claim and becomes an owner of a horse through use of the Claiming Authorization, or (ii) in the case of a Claiming Authorization issued to a person under section 2426(a)(2)(A) above, through private purchase. A person shall not be eligible for issuance of more than one (1) Claiming Authorization for the same race meeting unless the person presents evidence to the satisfaction of the Stewards that the person is no longer the owner (either individually or through co-ownership, partnership, limited liability company, corporation or other entity in which the owner owns an equity interest) of a horse able to race at Oaklawn because of illness or injury to the horse.

(c) If the applicant has not been issued an owner's license for the current race meet, the same fee charged for an owner's license shall be payable to the Commission by the applicant prior to issuance of a Claiming Authorization. The holder of a Claiming Authorization shall not, by virtue thereof, be entitled to admission to the grandstand, clubhouse, or other spectator facility at prices less than those charged the general public.

(d) An application for Claiming Authorization may be denied or revoked for any reason that would justify denial, suspension or revocation of an owner's license. Any person whose Claiming Authorization is denied or revoked shall have the same rights to notice and hearing as an owner whose license is denied, suspended or revoked.

(e) A holder of a Claiming Authorization for the current race meet who has not previously been granted an owner's license for the current race meet will be issued an owner's license without payment of any additional fees, but subject to the other requirements for issuance of an owner's license.

**2426-A.** At the time of entry into a claiming race, the owner (or trainer acting under authorization from the owner) may opt to declare a horse ineligible to be claimed provided: (a) the horse has not been an official starter in a race at any racetrack for a minimum of ninety (90) days since its last race as an official starter; (b) the horse's last race as an official starter was a claiming race in which the horse was eligible to be claimed; (c) the horse is entered for a claiming price equal to or greater than the claiming price at which it last started as an official starter; (d) failure to declare the horse ineligible at the time of entry may not be remedied; and (e) ineligibility to be claimed shall apply only to the first start as an official starter following each such 90-day or longer layoff.

**2427.** A claim maybe made by an authorized agent, but agent may claim only for the account of those for whom he is licensed as agent.

**2428.** No person shall claim his own horse or cause his own horse to be claimed, directly or indirectly, for his own account.

**2429.** No person shall claim more than one horse from any one race.

**2430.** When a stable consists of horses owned by more than one person and trained by the same trainer, not more than one claim may be entered on behalf of such stable in any one race.

**2431.** The claiming price of each horse in a claiming race shall be printed in the official program, and all claims for said horse shall be for the amount so designated.

**2432.** Each claim shall be made in writing on a form supplied by the franchise holder. It shall be properly signed and enclosed in an envelope provided for the purpose by the Racing Secretary. The envelope shall have no identification mark on it, but it shall be marked with the number of the race. It shall be sealed and deposited in a locked box provided for this purpose by the Racing Secretary.

**2433.** No money or its equivalent shall be put in the claiming box. For a claim to be valid the person making the claim must have a credit balance in his account with the franchise holder's horseman's account of not less than the amount of the claim (plus any applicable sales tax).

All claims shall be deposited in the claiming box at least fifteen (15) minutes before the established post time of the race out of which the claim is made.

**2434.**

(a) Claims are irrevocable except as otherwise provided in subsection (e) of this Rule.

(b) At the time of filing the claim form, claimants shall have the right to designate on the claim form a request for a post-race test of the claimed horse for anabolic steroids and blood doping agents determined from time to time by the Commission Veterinarian, including, but not limited to, Erythropoietin, Darbepoetin, Oxyglobin and Hemopure, (a "Blood Doping Agent"). In the event a request for the post-race test for anabolic steroids and Blood Doping Agents is marked on the successful claimant's claim form, the claimed horse shall be taken to the test barn immediately after the race, a blood sample shall be drawn from the horse by the Commission Veterinarian or Commission Veterinarian's assistant, and the sample shall be submitted to a Commission-approved laboratory to test for the presence of anabolic steroids and Blood Doping Agent antibodies. The blood sample shall be taken, contained and submitted to the Commission-approved laboratory in accordance with the rules and procedures, including split samples, applicable to other post-race tests for foreign substances. The Blood Doping Agents to be tested for shall include Erythropoietin, Darbepoetin, Oxyglobin, Hemopure and such other blood doping agents determined from time to time by the Commission Veterinarian.

(c) The successful claimant shall be responsible for paying the cost for the test for anabolic steroids and Blood Doping Agents. This cost shall be posted by the Commission

Veterinarian and shall be deducted from the successful claimant's account with the horse men's bookkeeper.

(d) If for any reason the claimed horse is unable to go to the test barn following the race, the Commission Veterinarian or Commission Veterinarian's Assistant will make reasonable efforts to reach the horse and draw a blood sample for testing. If for any reason the Commission Veterinarian or Commission Veterinarian's Assistant is unable or otherwise fails to draw a blood sample, the successful claimant's right to revoke the claim under this Rule shall be forfeited.

(e) The successful claimant shall have the right to void the claim if the Stewards determine that the blood sample from the claimed horse exhibited a positive response to the antibody test for any Blood Doping Agent under the testing guidelines established by the Commission Veterinarian or for anabolic steroids; provided, any such revocation of the claim must be submitted in writing to the Stewards within the forty-eight (48) hour period after the Stewards' decision on the positive test result is made public, as set forth below.

(f) Once the Stewards' determination of the positive test result for anabolic steroids and a Blood Doping Agent is made public, the successful claimant shall have forty-eight (48) hours thereafter to exercise his or her right to revoke the claim. Such revocation must be in writing and must be submitted to the Stewards within said forty-eight (48) hour time period. If no such revocation is received by the Stewards within the designated forty-eight (48) hour time period, the successful claimant shall forfeit the right to revoke the claim.

(g) If the successful claimant revokes the claim in accordance with this Rule, the Stewards shall order that (i) the horse be returned promptly to the former owner from whom the horse was claimed, and (ii) the claim money be returned promptly to the claimant revoking the claim, regardless of any appeals, hearings or other delays of any type.

(h) The successful claimant shall be responsible for all expenses for the care and maintenance of the horse from the time the horse is transferred to the claimant until the time the horse is returned to the prior owner following revocation of the claim in accordance with this Rule.

(i) In the event a claimed horse suffers a fatality during the running of the race (or on the race track after the running of the race and before control of the horse is transferred to the claimant), or the horse is otherwise removed from the race track in the horse ambulance, the claim shall be declared void by the Board of Stewards unless the claimant notifies the Board of Stewards within fifteen (15) minutes after the race is declared official that the claimant desires for the claim to remain in effect. Any such notice must be provided within said fifteen (15) minute period by the claimant-owner or the claimant-owner's trainer, or by a representative thereof designated in writing for this purpose by the claimant-owner or claimant-owner's trainer to the Board of Stewards prior to the running of the race with respect to which the claim was submitted.

(j) In the event a claimed horse suffers an injury during the running of the race (or on the race track after the running of the race and before control of the horse is transferred to the

claimant), but the horse is not removed from the race track in the horse ambulance (i) pursuant to instructions from the Association Veterinarian, (ii) contrary to instructions from the Association Veterinarian, (iii) because of unavailability of a horse ambulance, or (iv) because of other extenuating circumstances (e.g., horse is injured in the race, loses jockey, and runs loose off the track), the Board of Stewards may, after consultation with the Association Veterinarian, declare the claim void unless the claimant notifies the Board of Stewards within fifteen (15) minutes after the race is declared official that the claimant desires for the claim to remain in effect. Any such notice must be provided within said fifteen (15) minute period by the claimant-owner or the claimant-owner's trainer, or by a representative thereof designated in writing for this purpose by the claimant-owner or claimant-owner's trainer to the Board of Stewards prior to the running of the race with respect to which the claim was submitted.

**2435.** When claiming time has expired, the claiming box shall be delivered to the Racing Secretary or the Racing Secretary's deputy. The Racing Secretary or the Racing Secretary's deputy shall open the box, and thereafter all claims are in their possession. The claiming box shall be available in the office of the Racing Secretary each racing day until fifteen (15) minutes before scheduled post time of each race. Where after the claiming box shall be available in the possession of the Racing Secretary or the Racing Secretary's deputy.

**2436.** The Racing Secretary or the Racing Secretary's deputy, shall open the claim envelope for each race as soon as, but not until, the horses for said race enter the track on the way from paddock to post; and immediately thereafter check with the horsemen's bookkeeper to ascertain whether or not the proper credit balance has been established with the franchise holder.

**2437.** The Stewards may at any time, in their discretion, require any person filing a claim to make affidavit in writing that he is claiming in accordance with the Rules.

**2438.** Claims that are made not in keeping with the Rules shall be void.

**2439.** A claimed horse shall run in the interest and for the account of the owner from whom claimed.

**2440.** Title to a claimed horse shall be vested in the successful claimant at the time the horse becomes a starter. A horse is a starter when the stall doors of the starting gate open in front of it at the time the starter dispatches the horses.

**2441.** Any horse that has been claimed shall, after the race has been run, be taken to a claimed horse exchange area approved by the Board of Stewards for delivery to the claimant. However, if a urine or other test is to be made, the horse shall be taken to the test barn and the test made immediately. Thereafter, possession of the horse shall be delivered to the claimant.

**2442.** A horse claimed shall not be delivered by the original owner to the successful claimant until written authorization is given by the Racing Secretary.

**2443.** No person shall refuse to deliver to the person legally entitled thereto a horse claimed out of a claiming race.

**2444.** If more than one claim is filed for the same horse, the title to the horse shall be determined by lot under the direction and supervision of one or more of the Stewards.

**2445.** For a period of twenty (20) days after the claim, a claimed horse shall not start in a race in which the determining eligibility price is less than twenty-five percent (25%) more than the price at which it was claimed. The day claimed shall not count for purposes of counting the applicable twenty (20) day period, and for this purpose the immediate following calendar day after the day claimed shall be the first day. The horse shall be entitled to enter whenever necessary so that the horse may start on the twenty-first (21<sup>st</sup>) calendar day following the claim, for any claiming price.

**2446.** No horse claimed in a claiming race shall be sold or transferred, wholly or in part, to anyone within thirty (30) days after the day claimed except in another claiming race. Further, when a horse is claimed at a recognized race meeting under rules that are at variance with this Rule, title to such horse shall be recognized in Arkansas to follow the rule of the race meeting under which it was claimed.

**2447.** No claimed horse shall remain in the same stable or under the care or management of the owner or trainer from whom claimed.

**2448.** A horse claimed at a recognized race meeting under rules which are at variance with those of Arkansas shall, while racing in Arkansas, pay the penalties imposed on claimed horses by the Arkansas Rules, and shall pay any additional penalty imposed by the rules under which it was claimed.

**2449.** The engagements of a claimed horse pass automatically with the horse to the claimant. Notwithstanding any designation of sex or age appearing on the racing program or in any racing publication, the claimant of a horse shall be solely responsible for determining the age or sex of the horse claimed.

**2450.** The holder of a claim, whether it be a mortgage, bill of sale or lien of any kind against a horse, shall be required to file the same with the Racing Secretary previous to the time the horse is entered. Failure to do so shall forfeit his rights in the winnings of the horse previous to the time his claim is properly filed.

**2451.** No person shall enter a horse in a claiming race without disclosing its true ownership.

**2453.** An allegation of ownership of a horse entered in a claiming race will not be considered after closing time for claims on that race.

**2454.** No person shall offer or enter into an agreement to claim or not to claim, or attempt to prevent another person from claiming, any horse in a claiming race.

**2455.** No person shall attempt by intimidation to prevent any one from running a horse in any claiming race for which it is entered.

**2456.** No owner or trainer shall make any agreement for the protection of each other's horses in a claiming race.

**2457.** Any horse claimed at Oaklawn Jockey Club will not be eligible to start at any other track until the current Oaklawn meeting is closed, unless approved by the Stewards. See also Rule 2458 below for additional restrictions on starting horses at other racetracks after the current Oaklawn meeting is closed.

**2458(a).** Except as otherwise provided in this Rule 2458, no horse claimed during an Oaklawn race meet shall be eligible to race at another track for a period of thirty (30) days following the end of the Oaklawn racing season unless the claimed horse has subsequently run back in another race at Oaklawn following the claim.

(b) Horses claimed during the final fifteen (15) scheduled race days of an Oaklawn race meet are excepted from the requirements of Rule 2458(a).

(c) Horses entered in good faith in a subsequent race at Oaklawn with appropriate conditions that are unable to run back before of failure of the subsequent race at Oaklawn to fill or failure to draw in from the also eligible list may be excepted from the requirements of Rule 2458(a), if approved by the Racing Secretary and Stewards.

(d) Horses also may be excused from the requirements of Rule 2458(a) with approval by the Racing Secretary and Stewards in other appropriate circumstances where the horse was unable for good cause to run back in a subsequent race at Oaklawn.

### **OAKLAWN JOCKEY CLUB CLASSIX RULES**

#### **2460.**

(a) The Classix pari-mutuel pool is not a parlay and has no connection with or relation to any other pari-mutuel pool conducted by Oaklawn, nor to any Win, Place and Show Pool shown on the totalisator, nor to the Rules governing the distribution of such other pools.

(b) The Classix pari-mutuel Pool consists of amounts contributed for a selection for win only in each of six races designated by Oaklawn. Each person purchasing a Classix ticket shall designate the winning horse in each of the six races comprising the Classix.

(c) Those horses constituting an Entry of coupled horses or those horses coupled to constitute the Mutuel Field in a race comprising the Classix shall race as a single wagering interest for the purpose of the Classix pari-mutuel pool calculations and payouts to the public. However, if any part of either an Entry or the Field racing as a single wagering interest is a starter in a race the Entry or the Field selection shall remain as the designated selection to win that race for the Classix calculation and the selection shall not be deemed a scratch.

(d) The Classix pari-mutuel pool shall be handled as follows:

(1) The net amount in the Classix pari-mutuel pool will be divided into the Major Share (75%) and the Minor (Consolation) Share (25%).

(A) The Major Share (75%) will be distributed among holders of Classix tickets which correctly designate the official winner in each of the six races comprising the Classix.

(B) The Minor Share (25%) will be distributed among the holders of Classix tickets which correctly designate the most official winners, but fewer than six, of the six races comprising the Classix.

(2) In the event there is no pari-mutuel ticket properly issued which correctly designates the official winner in each of the six races comprising the Classix, the Major Share (75%) shall not be distributed, but shall be carried over to the next racing day and be added to the Major Share for distribution among holders of Classix tickets which correctly designate the official winner in each of the six races comprising the Classix.

(3) The management of Oaklawn reserves the right to cancel (terminate) Classix wagering. Public notice must be given at least seventy-two (72) hours prior to the date of cancellation (termination).

(4) Should no distribution be made pursuant to subsection (D) (1) (A) of this Rule on the last day of Oaklawn's meeting in which Classix wagering is offered (held), then that portion of the distributable pool and all monies accumulated therein shall be distributed to the holders of tickets correctly designating the most winning selections of the six races comprising the Classix for that day.

(e) In the event a Classix pari-mutuel ticket designates a selection in any one or more of the races comprising the Classix and that selection is scratched, excused or determined by the Stewards to be a non-starter in the race, the actual favorite, as evidenced by the amounts

wagered in the win pool at the time of the start of the race, will be substituted for the non-starting selection for all purposes, including pool calculations and payoffs.

(f) In the event of a Dead Heat for win between two or more horses in any Classix race, all such horses in the Dead Heat for win shall be considered as winning horses in the race for the purpose of calculating the pool.

(g) No Classix shall be refunded except when all six legs are cancelled or declared as "No Contest". The refund shall apply only to the Classix pool established on that racing card. Any net pool carryover accrued from a previous Classix feature shall be further carried over to the next scheduled Classix Pool operated by Oaklawn.

In the event that any number of races less six comprising the Classix are completed, one hundred percent (100%) of the net pool for the Classix shall be distributed among holders of pari-mutuel tickets that designate the most winners in the completed races. No carryover from a previous day shall be added to the Classix pool in which less than six races have been completed. Any net pool carryover accrued from a previous Classix feature shall be further carried over to the next scheduled Classix Pool operated by Oaklawn.

(h) No parimutuel ticket for the Classix Pool shall be sold, exchanged or canceled after the time of the closing of wagering in the first of the six races comprising the Classix, except for such refunds on Classix tickets as required by these Rules, and no person shall disclose the number of tickets sold in the Classix Pool, or the number or amount of tickets sold in the Classix Pool, or the number or amount of tickets selecting winners of the Classix races, until such time as the Stewards have determined the last race comprising the Classix each day to be official.

(i) A Classix pari-mutuel ticket shall constitute a binding contract between the holder of the ticket and Oaklawn, and said ticket shall constitute an acceptance of the Classix Rules.

### **PICK-3 WAGERING**

#### **2461.**

(a) The Pick-3 pari-mutuel Pool is not a parlay and has no connection with or relation to any other pari-mutuel pool conducted by the Association, nor to any Win, Place or Show pool, nor to the Rules governing the distribution of such other pools.

(b) A valid Pick-3 ticket shall be evidence of a binding contract between the holder of the ticket and the racing Association, and the said ticket shall constitute an acceptance of Pick-3 provisions and Rules.

(c) The Pick-3 pari-mutuel Pool consists of amounts contributed for a selection for win only in each of three (3) races designated by the Association with prior approval of the Racing Commission. Each person purchasing a Pick-3 ticket shall designate the winning horse in each of the three (3) races comprising the Pick-3.

(d) Those horses constituting an Entry of coupled horses or those horses coupled to constitute the Field in a race comprising the Pick-3 shall race as a single wagering interest for the purpose of the Pick-3 pari-mutuel Pool calculations and payouts to the public. However, if any part of either an Entry or the Field racing as a single interest is a starter in a race, the entry or the field selection shall remain as the designated selection to win in that race for the Pick-3 calculation, and the selection shall not be deemed a scratch.

(e) The net amount in the pari-mutuel Pool subject to distribution among winning ticket holders shall be distributed among the holders of tickets that correctly designate the winners in all three races comprising the Pick-3.

(f) If no ticket is sold combining the three winners of the Pick-3, the net amount in the Pick-3 pari-mutuel Pool shall be distributed among holders of tickets which include the winners of at least two of the three races comprising the Pick-3.

(g) If no ticket is sold combining at least two winners of the Pick-3, the net amount in the Pick-3 pari-mutuel Pool shall be distributed among holders of tickets which include the winner of any one race comprising the Pick-3.

(h) If no ticket is sold that would require distribution of the Pick-3 Pool to a winner under this Rule, the Association shall make a complete and full refund of the Pick-3 Pool.

(i) If for any reason one of the races comprising the Pick-3 is cancelled, the net amount of the Pick-3 pari-mutuel Pool shall be distributed as provided above in subsections (f), (g) and (h) of this Rule.

(j) If for any reason two or more of the races comprising the Pick-3 are cancelled, a full and complete refund will be made of the Pick-3 Pool.

(k) In the event a Pick-3 ticket designates a selection in any one or more of the races comprising the Pick-3 and that selection is scratched, excused or determined by the Stewards to be a non-starter in the race, the actual favorite, as evidenced by the amounts wagered in the Win Pool at the time of the start of the race, will be substituted for the non-starting selection for all purposes, including pool calculations and payoffs.

(l) In the event of a Dead Heat for win between two or more horses in any Pick-3 race, all such horses in the Dead Heat for win shall be considered as winning horses in the race for the purpose of calculating the pool.

(m) No pari-mutuel ticket for the Pick-3 Pool shall be sold, exchanged or cancelled after the time of the closing of wagering in the first of the three races comprising the Pick-3, except for such refunds on Pick-3 tickets as required by this Rule, and no person shall disclose the number of tickets sold in the Pick-3 pool or the number or amount of tickets selecting winners of Pick-3 races until such time as the Stewards have determined the last race comprising the Pick-3 to be official.

### **Trifecta Wager**

#### **2462.**

(a) The Trifecta requires selection of the first three (3) finishers, in their exact order for a single race.

(b) The Net Trifecta Pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(1) As a single priced pool to those whose combination finished in correct sequence, as the first three betting interests.

(2) If there are no such wagers in (1), then as a single priced pool to those whose combination included, in correct sequence, the first two betting interests.

(3) If there are no such wagers in (1) or (2), then as a single priced pool to those whose combination correctly selected the first place betting interest only.

(4) If there are no such wagers in (1), (2) or (3), then the entire pool shall be refunded on Trifecta wagers for that race.

(c) If less than three (3) betting interests finish and the race is declared official, payoffs will be made based upon the order of finish of those interests completing the race. The balance of any selection beyond the number of betting interests completing the race shall be ignored.

(d) If there is a Dead Heat for first involving:

(1) Contestants representing three (3) or more betting interests, all of the wagering combinations selecting three (3) betting interests that correspond with any of the betting interests involved in the Dead Heat shall share in a profit split.

(2) Contestants representing two (2) betting interests, both of the betting interests, irrespective of order, along with the third-place betting interests shall share in a profit split.

(e) If there is a Dead Heat for second, all of the combinations correctly selecting the winner combined with any two (2) of the betting interests involved in the Dead Heat for second shall share in a profit split.

(f) If there is a Dead Heat for third, all wagering combinations correctly selecting the first two (2) finishers, in correct sequence, along with any of the betting interests involved in the Dead Heat for third shall share in a profit split.

(g) Entries coupled as a single wagering interest and a Field of horses when designated as a single wagering interest are permitted. Such a single wagering interest constitutes an individual wagering selection, and a scratch of any horse that is part of an Entry or the Field shall not constitute a scratch of the single wagering interest.

(h) For Trifecta races, at least five (5) betting interests shall be carded; provided, if only four (4) betting interests are carded, or if scratches occurring after opening the Trifecta Pool reduce the race to four (4) betting interests, Trifecta wagering on the race will still be permitted. However, in no event shall Trifecta wagering be allowed on a race with fewer than four (4) betting interests.

### **Quinella Wager**

#### **2463.**

(a) The Quinella is not a parlay and has no connection with or relation to the Win, Place and Show Pools. All tickets on the Quinella will be calculated in a separate pool.

(b) All Quinella tickets will be for the win and place combination only. When purchasing a Quinella ticket, two (2) horses are selected, which must finish 1-2 or 2-1. For example, if numbers 3 and 6 are selected, they must come in 3 first and 6 second, or 6 first and 3 second.

(c) Entries or Field horses in a race comprising the quinella shall race as single wagering interests for the purpose of pari-mutuel pool calculations and payouts to the public. If, in the event that any part of the Entry or the Field is a starter, there shall be no refund to persons wagering on such Entry or Field. In the event any part of an Entry or the Field finishes first, the order of finish of all other horses making up such Entry or Field will be disregarded in determining which horse finished second for the purpose of this Rule.

(d) Should any horse or horses entered in a Quinella race be scratched or excused by the Stewards after wagering has commenced, or should any horse or horses be prevented from racing because of the failure of stall doors on the starting gate to open, all tickets including such horse or horses shall be deducted from the Quinella Pool and refunded to the purchasers of tickets on the horse or horses so excused or prevented from racing.

(e) Should there be no tickets sold on the winning combination in a Quinella race, any and all Quinella tickets bearing the number of individual win horse and any and all Quinella tickets bearing the number of the individual place horse shall be deemed winning tickets, and the payoff shall be calculated as a Place Pool.

(f) Should there be no tickets sold on the winning combination in a Quinella race and should there be no Quinella tickets sold bearing the number of the individual win horse, any and all Quinella tickets bearing the number of the individual place horse shall be deemed winning tickets, and the payoff shall be calculated as a Win Pool.

(g) Should there be no tickets on the winning combination in a Quinella race, and should there be no Quinella tickets sold bearing the number of the individual place horse, any and all tickets bearing the number of the individual win horse shall be deemed winning tickets, and the payoff shall be calculated as a Win Pool.

(h) Should there be no tickets on the winning combinations in a Quinella race, and should there be no Quinella tickets sold bearing the number of the individual win horse, and should there be no Quinella tickets sold bearing the number of the individual place horse, the Quinella shall be deemed "No Contest," and all money in the Quinella shall be promptly refunded.

(i) Should, after an official start is effected, only one horse finish the Quinella race, the total money is figured as a Win Pool, with those who have picked that one horse in the race participating in the pool.

(j) Should a two (2) horse Dead Heat for win result in a Quinella race, the two horses involved in the Dead Heat shall be the winners of the Quinella race.

(k) Should a multiple Dead Heat for win result in a Quinella race, all horses involved in the Dead Heat shall be winners of the Quinella and payoffs figured accordingly. Example: Should numbers 1, 3 and 5 Dead Heat for win, the winning Quinella combinations would be 1-3, 1-5, 3-1, 3-5, 5-1, 5-3. The net pool, after deducting the amount wagered on the winning combinations, will be equally distributed in payoff calculations on the winning combinations.

(l) Should a two (2) horse Dead Heat for place result in a Quinella race, the total pool is calculated as a Place Pool.

(m) Should a multiple Dead Heat for place result in a Quinella race, all combinations coupling the winning horse with the individual place horses shall be winners of the Quinella race, and payoffs calculated accordingly.

(a) **Summary:** The BingoBet™ is a pari-mutuel wager placed on a bingo-style ticket played through a pari-mutuel system. The BingoBet™ is a single race wager in which runners are selected and placed in eight boxes arranged in a square of three columns and three rows. The middle box is a free box.

(1) The first column contains the runner numbers selected to finish first (win); the second column contains the runner numbers selected to finish first or second (win or place); the third column contains the runner numbers selected to finish first, second or third (win, place or show).

(2) A wager contains one winning BingoBet™ combination, called a “bingo,” for each straight line of boxes (which may include the free middle box) that matches these finishers either vertically, horizontally, or diagonally.

(3) A single wager may contain as many as eight winning bingos.

(4) If a wager wins both diagonal bingos and no others, forming the shape of the letter “X,” an additional Perfect-X Pool is paid.

(5) If a wager wins all eight bingos, the Carryover Pool is paid out.

(b) **Entering a wager.** The customer has the option to:

(1) Select a single runner, whose number will randomly appear in at least one of the eight number boxes, and allow the computer to randomly assign runner numbers to the other seven boxes.

(2) Allow the computer to randomly assign runner numbers to all eight boxes.

(c) **Wager amount.** The minimum BingoBet™ wager shall be \$1. Wagers may be restricted to specific denominations.

(d) Cancellation of wager. Claims for cancellation of a BingoBet™ wager may be made only if the wager does not contain the requested runner number, and only if the claim is made before the customer leaves the window.

(e) Carryover Pool and Seed Pool Percents. After wagering closes for a BingoBet™ race and commissions have been deducted from the gross pool:

(1) An additional percentage of the gross pool may be deducted and added to the Carryover Pool brought forward from previous races.

(2) Another percentage of the gross pool may be deducted and added to the Seed Pool brought forward from previous races.

(3) Another percentage of the gross pool may be deducted and added to the Perfect -X Pool brought forward from previous races.

(4) The remaining amount is the net Bingo-Bet™ Pool.

(5) The designated percentages to be deducted may be changed, and shall be posted at least a day in advance of the performance in which the change takes effect.

(f) Net BingoBet™ Pool Distribution.

(1) The net BingoBet™ Pool payoffs shall be calculated based on separate winning bingos, regardless of whether they appear on a single wager, so that a winning BingoBet™ wager can be paid the sum of the payoffs for several winning bingos.

(2) Wagers which select enough winning bingos to be eligible for distribution of the Carryover pool shall not be included in the number of winning bingos for the net BingoBet™ Pool distribution.

(3) The net BingoBet™ Pool shall be divided by the number of \$1 winning bingos. The resulting quotient, rounded down in accordance with established pari-mutuel practice, is the payoff for each \$1 winning bingo.

(4) If there are no wagers that win the net BingoBet™ Pool, then the net BingoBet™ Pool shall be added to the Carryover Pool for distribution as described below.

(g) Perfect -X Pool Distribution. The Perfect-X Pool shall be distributed among those BingoBet™ wagers which contain both diagonal bingos and no others, forming the shape of the letter “X,” which includes all four corner boxes and the free middle box, but none of the other four boxes.

(1) The Perfect-X Pool shall be divided by the number of \$1 BingoBet™ wagers which qualify as Perfect-X winners. The resulting quotient, rounded down in accordance with established pari-mutuel practice, and added to the payoff due for two \$1 winning bingos, is the payoff for each such \$1 wager.

(2) If there are no wagers that win the Perfect-X Pool, it shall be carried forward to the next corresponding BingoBet™ race.

(h) Carryover Pool Distribution. The Carryover Pool shall be distributed among those BingoBet™ wagers which contain all eight winning bingos, i.e. wagers in which all eight boxes contain selections which match the proper finishers, in addition to the free middle box.

(1) The Carryover Pool shall be divided by the number of \$1 BingoBet™ wagers which select all eight winning bingos. The resulting quotient, rounded down in accordance with established pari-mutuel practice, is the payoff for each such \$1 wager.

(2) A guaranteed minimum amount may be designated for the Carryover Pool, such that if the Carryover Pool is won before it reaches this minimum, then the guaranteed minimum amount shall be distributed.

(3) If the Carryover Pool is not distributed, it shall be carried forward to the next corresponding BingoBet™ race.

(4) When the Carryover Pool has been won, the Seed Pool, if any, shall become the new Carryover Pool for the next BingoBet™ race.

(i) Entries and Fields. In a contest involving coupled Entries and Fields, only the highest placed member of the coupling is included in the order of finish for the BingoBet™. For example, if the actual order of finish is 1/1A/2/3, then the official order of finish for the BingoBet™ is 1/2/3.

(j) Dead Heat. If there is a Dead Heat for first, second or third place in the race, the runners involved in the Dead Heat shall all be considered as finishing in the position for which there was a dead heat. For example, if runners 1 and 2 are in a Dead Heat for first, then both 1 and 2 are considered first. If runner 3 came in next, it is still third.

(k) Scratches. Should a runner be scratched:

(1) The actual favorite, as evidenced by the amounts bet in the Win Pool when betting on the race is closed, shall be substituted for that runner.

(2) If the amount bet in the Win Pool is identical on two or more favorites, the favorite with the lowest program number shall be substituted for that runner.

if: (1) Refunds. The entire gross BingoBet™ Pool for the race shall be refunded

- (1) less than seven (7) wagering interests remain live in the race;
- (2) less than three (3) wagering interests finish the race; or
- (3) the race is cancelled or declared “no contest.”

### **SUPERFECTA POOL**

#### **2465.**

(a) The Superfecta requires the selection of the first four (4) finishers, in their exact order, for a single race.

(b) The net Superfecta Pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(1) As a single price pool to those whose combination finished in correct sequence as the first four (4) betting interests.

(2) If there are no such wagers in (1), then as a single price pool to those whose combination included, in correct sequence, the first three (3) betting interests.

(3) If there are no such wagers in (1) or (2), then as a single price pool to those whose combination included, in correct sequence, the first two (2) betting interests.

(4) If there are no such wagers in (1), (2) or (3), then as a single price pool to those whose combination correctly selected the first place betting interest only.

(5) If there are no such wagers in (1), (2), (3) or (4), then the entire pool shall be refunded on Superfecta wagers for that race.

(c) If less than four (4) betting interests finish and the race is declared official, payoffs will be made based upon the order of finish of those betting interests completing the race. The balance of any selection beyond the number of betting interests completing the race shall be ignored.

(d) If there is a Dead Heat for first involving:

(1) Contestants representing four (4) or more betting interests, all of the wagering combinations selecting four (4) betting interests that correspond with any of the betting interests involved in the Dead Heat shall share in a profit split.

(2) Contestants representing three (3) betting interests, all of the wagering combinations selecting the three (3) Dead Heated betting interests, irrespective of order, along with the fourth place betting interest shall share in a profit split.

(3) Contestants representing two (2) betting interests, both of the wagering combinations selecting the two Dead Heated betting interests, irrespective of order, along with the third place and fourth place betting interests shall share in a profit split.

(e) If there is a Dead Heat for second involving:

(1) Contestants representing three (3) or more betting interests, all of the wagering combinations correctly selecting the winner combined with any of the three (3) betting interests involved in the Dead Heat for second shall share in a profit split.

(2) Contestants representing two (2) betting interests, all of the wagering combinations correctly selecting the winner, the two (2) Dead Heated betting interests, irrespective of order, and the fourth place betting interest shall share in a profit split.

(f) If there is a Dead Heat for third, all wagering combinations correctly selecting the first two (2) finishers, in correct sequence, along with any two (2) of the betting interests involved in the Dead Heat for third shall share in a profit split.

(g) If there is a Dead Heat for fourth, all wagering combinations correctly selecting the first three (3) finishers, in correct sequence, along with any of the betting interests involved in the Dead Heat for fourth shall share in a profit split.

(h) Entries coupled as a single wagering interest and a Field of horses when designated as a single wagering interest are permitted. Such a single wagering interest shall constitute an individual wagering selection, and a scratch of any horse that is part of an Entry or the Field shall not constitute a scratch of the single wagering interest.

(i) In the event that more than one (1) component of a Field or coupled Entry finishes within the first four (4) finishing positions, the first member of the Field or coupled Entry to finish shall determine the position (first, second, third or fourth) of the single betting interest. The net pool shall then be distributed to those whose selection included the Field or coupled Entry and each of the other three (3) betting interests in accordance with the priorities otherwise set forth in this Superfecta Rule.

(j) For Superfecta races, at least six (6) betting interests shall be carded; provided, however, if only five (5) betting interests are carded, or if scratches occurring after opening reduce the Superfecta Pool to five (5) betting interests, Superfecta wagering on the race shall still be permitted, but in no event shall Superfecta wagering be allowed on a race with fewer than five (5) betting interests.

## **PICK-4 WAGERING**

### **2466.**

(a) The Pick-4 requires selection of the first-place finisher in each of four (4) designated races. The Association shall designate the four (4) races comprising the Pick-4, with prior approval of the Racing Commission. Any changes to the approved Pick-4 format shall require prior approval from the Racing Commission.

(b) The net Pick-4 pool shall be distributed as a single price pool among the holders of valid tickets that designate the first-place finisher in the greatest number of races comprising the Pick-4, based upon the official order of finish. For example, the net amount in the Pick-4 pool shall be distributed among the holders of valid tickets that correctly designate the official winner of all four (4) races comprising the Pick-4. If there is no valid ticket sold that correctly designates the official winner of all four (4) of the Pick-4 races, the net amount in the Pick-4 pool shall be distributed among the holders of valid tickets that correctly designate the official winner of any three (3) of the races comprising the Pick-4. If there is no valid ticket sold that correctly designates the official winner of at least three (3) of the Pick-4 races, the net amount in the Pick-4 pool shall be distributed among the holders of valid tickets that correctly designate the official winner of any two (2) of the races comprising the Pick-4. If there is no valid ticket sold that correctly designates the official winner of at least two (2) of the Pick-4 races, the net amount in the Pick-4 pool shall be distributed among the holders of valid tickets that correctly designate the official winner of any one (1) of the races comprising the Pick-4. If there are no winning wagers (i.e., if there is no valid ticket sold that correctly designates the official winner of at least one (1) of the Pick-4 races), the Pick-4 pool shall be refunded.

(c) If there is a dead heat for first in any of the Pick-4 races involving:

(1) horses representing the same betting interest, the net Pick-4 pool shall be distributed as if no dead heat occurred.

(2) horses representing two (2) or more betting interests, all such horses in the dead heat for win shall be considered as winning horses in the race for purposes of calculating the Pick-4 pool and payouts to the public.

(d) Should a betting interest in any of the Pick-4 races be scratched, the actual favorite, as evidence by total amounts wagered in the Win pool at the host association for the race at the close of wagering on that race, shall be substituted for the scratched betting interest for all purposes of the Pick-4, including Pick-4 pool calculations. In the event that the Win pool total at the host association for the race at the close of wagering on that race for two (2) or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalisator shall produce reports showing each of the wagering combinations with substituted betting interests which became winners as a result of the substitution, in addition to the normal winning combination.

(e) Those horses constituting an Entry of coupled horses or those horses coupled to constitute the Field in a race comprising the Pick-4 shall race as a single wagering interest for purposes of the Pick-4 pool calculations and payouts to the public. If only part of an Entry or part of the Field racing as a single interest scratch and any part of the Entry or part of the Field racing as a single interest is a starter in the race, the Entry or the Field selection shall remain as the designated selection to win in that race for the Pick-4 calculation, and the selection of the Entry or Field, as the case may be, shall not be deemed a scratch.

(f) The Pick-4 pool shall be canceled and all Pick-4 wagers for that Pick-4 shall be refunded if at least three (3) contests included as part of such Pick-4 are canceled or declared “no contest.”

(g) If one (1) or two (2) contest(s) included as part of a Pick-4 are canceled or declared “no contest”, the net Pick-4 pool shall be distributed as a single price pool among the holders of valid tickets that designate the first-place finisher in the greatest number of remaining Pick-4 races for that Pick-4.

(h) Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of live tickets remaining is strictly prohibited until such time as the Stewards have determined the last race comprising the Pick-4 to be official. This shall not prohibit necessary communication between totalisator and pari-mutuel department employees for processing of pool data.

(i) The Association may suspend previously approved Pick-4 wagering with the prior approval of the Racing Commission.

### **Pick 5 Wagering**

#### **Rule 2467.**

(a) The Pick-5 requires the selection of the first-place finisher in each of five (5) designated races. The Association shall designate the five (5) races comprising the Pick-5, with prior approval of the Racing Commission. Any changes to the approved Pick-5 format shall require approval from the Racing Commission.

(b) The net Pick-5 pool shall be distributed as a single price pool among the holders of valid tickets that designate the first-place finisher in the greatest number of races comprising the Pick-5, based upon the official order of finish. For example, the net amount in the Pick-5 pool shall be distributed among the holders of valid tickets that correctly designate the official winner of all five (5) races in the Pick-5. If there is no valid ticket sold that correctly designates the official winner of all five (5) of the Pick 5 races, the net amount in the Pick-5 pool shall be distributed among the holders of valid tickets that correctly the designate the official winner of any four (4) of the races comprising the Pick 5. If there is no valid ticket sold that correctly designates the official winner of at least four (4) of the Pick-5 races, the net amount in the Pick-5 pool shall be distributed among holders of valid tickets that correctly designate the official winner of any three (3) of the races comprising the Pick 5. If there is no valid ticket sold that correctly designates the official winner of at least three (3) of the Pick-5 races, the net amount in the Pick-5 pool shall be distributed among holders of valid tickets that correctly designate the official winner of any two (2) of the races comprising the Pick 5. If there is no valid ticket sold that correctly designates the official winner of at least two (2) of the Pick-5 races, the net amount in the Pick-5 pool shall be distributed among holders of valid tickets that correctly designate the official winner of any one (1) of the races comprising the Pick 5. If there are no winning wagers (i.e., if there is no valid ticket sold that correctly designates the official winner of at least one (1) of the Pick-5 races), the Pick-5 pool shall be refunded.

(c) If there is a dead heat for first in any of the Pick-5 races involving:

i. Horses representing the same betting interest, the net Pick-5 pool shall be distributed as if no dead heat occurred.

ii. Horses representing two (2) or more betting interests, all such horses in the dead heat for win shall be considered as winning horses in the race for purposes of calculating the Pick-5 pool and payouts to the public.

(d) Should a betting interest in any of the Pick-5 races be scratched, the actual favorite, as evidenced by total amounts wagered in the Win pool at the host association for the race at the close of wagering on that race, shall be substituted for the scratched betting interest for all purposes of the Pick 5, including the Pick-5 pool calculations. In the event that the Win pool total at the host association for the race at the close of wagering on that race for two (2) or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalizator shall produce reports showing each of the wagering combinations with substituted betting interests which became winners as a result of the substitution, in addition to the normal winning combination.

(e) Those horses constituting an Entry of coupled horses or those horses coupled to constitute the Field in a race comprising the Pick-5 shall race as a single wagering interest for purposes of the Pick-5 pool calculations and payouts to the public. If only part of an

Entry or part of the Field racing as a single interest scratch and any part of the Entry or part of the Field racing as a single interest is a starter in the race, the Entry of the Field selection shall remain as the designated selection to win in that race for the Pick-5 calculation, and the selection of the Entry or Field, as the case may be, shall not be deemed a scratch.

(f) The Pick-5 pool shall be canceled and all Pick-5 wagers for that Pick-5 shall be refunded if at least three (3) contests included as part of such Pick-5 are canceled or declared “no contest.”

(g) If one (1) or two (2) contest(s) included as part of a Pick-5 are canceled or declared “no contest,” the net Pick-5 pool shall be distributed as a single price pool among the holders of valid tickets that designate the first-place finisher in the greatest number of remaining Pick-5 races for that Pick-5.

(h) Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of live tickets remaining is strictly prohibited until such time as the Stewards have determined the last race comprising the Pick-5 to be official. This shall not prohibit necessary communication between totalizator and pari-mutuel department employees for processing of pool data.

(i) The Association may suspend previously approved Pick-5 wagering with the prior approval of the Racing Commission.

### **Instant Racing #5, Instant Double**

#### **2485(A).**

1) **Summary:** Instant Double is a method of pari-mutuel wagering which requires selection of one or more of the first three finishers for each of two races selected from a historical library of previously run races that are replayed from a central video server according to the following procedures:

- a) The first race from the historical library is selected at random before the player enters any selection.
- b) The player may examine one or more charts including past performance information showing the relative merits of the horses as they actually were on the day of the first race.
- c) After the player's selections are registered, the identity of the first race is revealed, a video segment of the race finish is shown, and the actual official results are displayed.
- d) A player qualifies to play the Bonus Game by matching some or all of the first three finishers of the first race in one of several different ways. See Ways to Qualify for Bonus Game.
- e) In the Bonus Game the player's selections are matched with a second race, the Bonus Race, selected from the historical library. Any winnings may be collected instantly.

f) The results of the Bonus Game are displayed as a pattern of symbols for easy identification.

2) **Wager Amounts:**

a) Acceptable wagering units shall be no lower than “5¢ Per Play” (\$0.05) and no higher than “\$20 Per Play” (\$20).

b) The franchise holder shall designate a maximum number of unit bets per wager, no higher than ten (10).

c) For players who purchase the maximum number of unit bets in one wager, the highest value pool shall be augmented by the Maximum Bet Jackpot pool (if available).

3) **Pool Split:** After the applicable takeout (as approved by the Racing Commission) has been deducted from the wager, the remaining amount shall be apportioned among several separate pools which have been carried over from previous races played by all players:

a) The remaining amount (after takeout) of the bet amount shall be apportioned among a pool for each of several ways to win, the Maximum Bet Jackpot pool (if available), and to the Seed Pool (depending on its current amount).

b) The takeout rate and allocation to each pool may be different for each of the bet amounts from one to the maximum number of bet units.

4) **Ways to Qualify for Bonus Game:** Some or all of the following ways to qualify for the Bonus Game may be included, or other similar ways may be declared with approval of the Racing Commission:

a) 3 Exact Order: The player’s selections correctly match the first three finishers of the first race in exact order.

b) 3 Any Order: The player’s selections correctly match the first three finishers of the first race in any order.

c) Top 2 Exact Order: The player’s top two selections correctly match the first two finishers of the first race in exact order.

f) In the Money: Any one of the player’s three selections correctly matches the first, second, or third finisher of the first race.

5) **Ways to Win the Bonus Game:** A wager may qualify to win the Bonus Game using the following procedure:

a) The Bonus Race shall be selected using various designated permutations of the player’s selections in a manner set by the franchise holder and reported to the Racing Commission.

b) The franchise holder may elect to associate each of the several separate pools with a group of two or more of these ways to win so that either:

(1) Each such way to win shall be an equivalent way to win that pool,  
or:

(2) One such way to win shall be paid a designated multiple of the payment calculated for another way to win.

c) One or more of the ways to win may be designated to participate in the Maximum Bet Jackpot pool, only for those players who purchase the maximum number of unit bets in one wager.

d) Some or all of the following ways to win may be included, or other similar ways may be declared with approval of the Racing Commission:

(1) 3 Exact Order: The player's selections correctly match the first three finishers of the bonus race in exact order.

(2) 3 Any Order: The player's selections correctly match the first three finishers of the bonus race in any order.

(3) Third-Second-First: The player's selections match the first three finishers of the bonus race in reverse order.

(4) Top 2 Exact Order: The player's top two selections correctly match the first two finishers of the bonus race in exact order, and the player's third selection is ignored.

(8) 3 Any Order Consolation: The player's selections fail to match any other way to win in the bonus race, but do correctly match the first three finishers of the first race in any order.

6) **Payment Calculation:**

a) The winning price for a pool shall be calculated as follows:

(1) The entire amount in the pool after takeout shall be divided by the maximum number of unit bets, then:

(2) If there are other ways to win this pool that specify a multiple, the result shall be further divided by the largest multiple, then:

(3) The result shall be rounded down if necessary for price round-off (breakage), then:

(4) The result shall be raised if necessary to the minimum payoff amount, then:

(5) The result shall be multiplied by the actual number of unit bets wagered, then:

(6) If the way to win this pool specifies a multiple, the result shall be further increased by that multiple.

(7) Only for players who purchase the maximum number of unit bets in one wager, if this way to win has been designated to be paid the Maximum Bet Jackpot pool, then that amount shall be added to the winning price, rounded down if necessary for price round-off (breakage).

- b) When a wager qualifies for more than one way to win, only the largest single amount qualified for shall be paid.
- c) Each way to win has a minimum payoff amount for winning wagers, which shall be posted.
- d) In the case of a minus pool, the minimum payoff amount shall not be less than the amount of one unit bet wagered.
- e) If two players qualify to win the same pool within a short time, the first winner shall be paid an amount calculated from the current pool and the second shall be paid an amount calculated from the new pool, which may begin with the minimum payoff amount.
- 7) **Dead Heat:** A race that has a dead heat for first, second, or third shall not be used for Instant Double wagering.
- 8) **Coupled Entries, Mutuel Fields:**
  - a) A race involving coupled entries or mutuel fields shall not be used for Instant Double wagering if there are two or more betting interests live for a single horse number.
  - b) The one remaining live betting interest of a coupled entry or mutuel field shall be represented by its horse number without a letter. For example, horse number "1" represents either horse "1" or "1A".
- 9) **Seed Pool:** To cover the cases when one of the minimum payoff amounts is paid, the Seed Pool is accumulated from a designated percent of wagers.
  - a) Each time the application of the minimum payoff results in a payoff amount in excess of the actual amount available in the pool, the shortfall shall be deducted from the Seed Pool.
  - b) After a pool is paid, the actual amount of the pool may be seeded from the Seed Pool to a specified initial amount.
  - c) While the Seed Pool is below a designated threshold amount, the allotments to the other pools are each decreased and the difference shall increase the allotment to the Seed Pool.
- 10) **Racing Commission Approval:**
  - a) The takeout rate may not exceed seventeen percent (17%).
  - b) The method of apportioning wagers to each of the pools shall be set by the franchise holder and reported to the Racing Commission.
  - c) The method of seeding pools shall be set by the franchise holder and reported to the Racing Commission.
  - d) The number of pools and specific ways to win, and specific ways to qualify for the Bonus Game, declared from time to time by the franchise holder from the list set forth above (or other similar ways approved by the Racing Commission), shall be set by the franchise holder and reported to the Racing Commission.
  - e) The Bonus Race selection method shall be approved by the Racing Commission.
  - f) Should the Instant Double pools be designated for termination or mandatory distribution on a specific date, a method approved by the Racing Commission shall be used.
  - g) The percents for apportioning the wager among takeout and the various pools will be posted.

5. The total amount in each pari-mutuel pool shall be posted at all times.

(C) “Construction”, as used in this Rule, shall not apply to office furniture, office telephones, or other office equipment primarily devoted to the use of the franchise holder and providing little or no benefit to either horsemen or patrons, or both.

(d) The franchise holder may be reimbursed only for construction and patronage and tourism promotion expenditures from the Purse, Construction, and Patronage and Tourism Promotion Fund after submitting a claim that itemizes each expenditure listing the specific expenditure and the payee of the expenditure and stating in specific terms with respect to construction expenditures how the expenditure jointly benefits the patrons, horsemen, and franchise holder.

(e) The Racing Commission shall have jurisdiction and shall seek the assistance of the Department of Finance and Administration (“DF&A”) to check and verify compliance by the franchise holder with the provisions of this Rule. The Racing Commission shall make periodic determinations as to compliance under this Rule and under such other rules and regulations as the Racing Commission shall adopt.

(f) The franchise holder must deliver to the Racing Commission any documents reasonably requested by the Racing Commission, and the franchise holder must deliver to DF&A any documents reasonably requested by DF&A, to check and verify compliance with this Rule, within thirty (30) days of receiving a written request for the documents. If the Racing Commission does not receive the documents requested by the Racing Commission within the time period provided, or if the DFA does not receive the documents requested by DF&A within the time period provided (and the Director of the DF&A so notifies the Racing Commission), no reimbursement shall be approved from the Purse, Construction, and Patronage and Tourism Promotion Fund until the documents are delivered.

(g) The franchise holder may seek prior approval from the Racing Commission for expenditures. The application for the approval must contain the information required by subsection (d) of this Rule; provided if the exact amount of the expenditure is not then known, the franchise holder shall use its best estimate, and if the precise contractor or payee is not then known, the franchise holder may provide that information prior to final approval of the expenditure by the Racing Commission as set forth below. The initial approval will be subject to a final approval by the Racing Commission that the expenditures were made for the approved purposes in compliance with the requirements of this Rule and Ark. Code Ann. Section 23-110-407(a)(3), and the Racing Commission shall seek assistance from the DF&A to verify that the expenditures were made for the approved purposes.

(h) The franchise holder shall be solely responsible for planning and accomplishing all construction and for accountings. Before undertaking any construction project estimated to cost \$100,000 or more, the franchise holder shall give the Committee (identified in subsection (l) of this Rule) at least fifteen (15) days notice of the proposed project and its estimated cost, which notice shall contain sufficient information to adequately apprise the Committee of what is being undertaken. If the Committee wants a meeting concerning the proposed project, it shall advise the franchise holder within the fifteen (15) days. If there is no request for a meeting, the franchise holder may proceed with the project. If there is a request for a meeting, the franchise holder may proceed after the meeting in accordance with the action taken by the Committee at the meeting. If the estimated cost of a Project is less than \$100,000, the franchise holder may proceed immediately but must notify the Committee within sixty (60) days of the project and its estimated cost, which notice shall contain sufficient information to adequately apprise the Committee of what is being undertaken. If the Committee wants a meeting concerning the proposed project it shall advise the franchise holder within fifteen (15) days after receipt of the notice. If there is no request for a meeting, the franchise holder may proceed with the project. If there is a request for a meeting,

the franchise holder may proceed after the meeting in accordance with the action taken by the Committee at the meeting.

(i) On or before June 1 of each year the franchise holder shall file a report with the Committee reflecting the purpose and amounts of expenditures for construction and promotions to encourage patronage and tourism during the preceding calendar year. The report shall be accompanied by a statement from the franchise holder's independent certified public accounting firm that the report accurately reflects the purposes and amounts of construction and patronage and tourism promotion expenditures. Also, on or before June 1 of each year the franchise holder shall file a report with the Committee specifying the amount of Purse, Construction and Patronage and Tourism Promotion Moneys used for purses during the preceding calendar year.

(j) The Purse, Construction and Patronage and Tourism Promotion Moneys shall not be subject to the provisions of any contract or agreement between the franchise holder and the organization representing horsemen, to the end that any contractual obligations for the use of moneys for purses shall not apply to any expenditures for construction or patronage and tourism promotion out of the Purse, Construction and Patronage and Tourism Promotion Moneys, and any expenditures for purses out of the Purse, Construction and Patronage and Tourism Promotion Moneys shall be in addition to contractual purse obligations affecting moneys other than the Purse, Construction and Patronage and Tourism Promotion Moneys. The franchise holder shall determine the amount of the Purse, Construction and Patronage and Tourism Promotion Moneys to be used for the authorized purposes, except that at least one-half (1/2) of the Purse, Construction and Patronage and Tourism Promotion Moneys must be used for purses.

(k) No expenditures shall be made from the Purse and Construction Fund to any construction company, material supplier or other entity directly involved in an actual construction project in which an officer, director, employee or shareholder of the franchise holder or their spouse, children or grandchildren have any type of significant financial interest, or receive significant financial benefits.

(l) The Racing Commission shall appoint a three member committee, to include the Director of the Department of Finance & Administration (the "Committee"), to examine and to approve or disapprove, in whole or in part, the reports filed by the franchise holder pursuant to subsection (i) of this Rule. Committee action shall be reported to the full Racing Commission for approval or ratification, but the franchise holder may proceed on the basis of any Committee action until it shall be notified that the full Commission has taken contrary action. The Committee may, in its discretion, have an auditor from the Department of Finance & Administration conduct an audit of all deposits and expenditures of Purse, Construction and patronage and Tourism Promotion Fund Moneys for any calendar year. In that event, the franchise holder shall make available to the auditor all records necessary for the audit.

(m) As authorized by Ark. Code Ann. Section 23-110-407(a)(3), accountings for expenditures for construction and patronage and tourism promotion out of the Purse, Construction and Patronage and Tourism Promotion Fund Moneys may utilize a multi-year approach based on a multi-year program being undertaken by the franchise holder so that accountability for expenditures may be based on expenditures made during the entire multi-year period out of the Purse, Construction and Patronage and Tourism Promotion Fund Moneys derived during the multi-year period; provided that the multi-year period shall not exceed five (5) years, unless the Racing Commission makes a specific determination that a longer period is necessary to finance long-term construction projects for the joint benefit of patrons, horsemen, and the franchise holder. Authorized expenditures will be determined on the basis of what is expended during the entire multi-year period and not on what is expended in any one year. For example, if in the first year less is expended for construction than the eligible amount, the unused amount will carry over to the next year and if in that year more is expended than the eligible amount plus any carry over, the excess shall be carried forward to the next year and credited against the franchise holder's expenditures, and so forth.

(n) If money is borrowed for an authorized purpose, then Purse, Construction and Patronage and Tourism Promotion Fund Moneys may be used for debt service (principal, interest and service charges) on the loan. The franchise holder shall account to the Racing Commission for expenditures from the proceeds of any loan, to insure that eligible items are involved.

(o) If the amount of approved expenditures exceeds the balance of the Purse, Construction, and Patronage and Tourism Promotion Fund, the excess amount will remain payable to the franchise holder out of the Purse, Construction, and Patronage and Tourism Promotion Fund; provided that, with respect to expenditures incurred by the franchise holder on or after January 1, 2001, interest shall not accrue on the deficit balance, unless the interest is payable to an unrelated third-party lender with respect to indebtedness directly incurred to finance construction expenditures as contemplated by this Rule and Ark. Code Ann. Section 23-110-407(a)(3).

(p) If the franchise holder makes any expenditure of Purse, Construction and Patronage and Tourism Promotion Moneys in good faith and it is subsequently determined that all or part of that expenditure does not qualify as an authorized purpose under this Rule or Ark. Code Ann. Section 23-110-407(a)(3), the franchise holder may use the unqualified amount for another purpose that is qualified. If, after the franchise holder is afforded that opportunity, there is a final determination that there remains at the end of the applicable multi-year period an amount that represents an unauthorized expenditure, that amount shall be paid to the Racing Commission for the use and benefit of the State of Arkansas.

### **Instant Racing Purse & Awards**
