AGENCY PROGRAM COMMENTARY 2001 - 2003

The operations and programs for the Contractors Licensing Board are prescribed by Act 150 of 1965, as amended, Act 162 of 1987, as amended, and Act 950 of 1999.

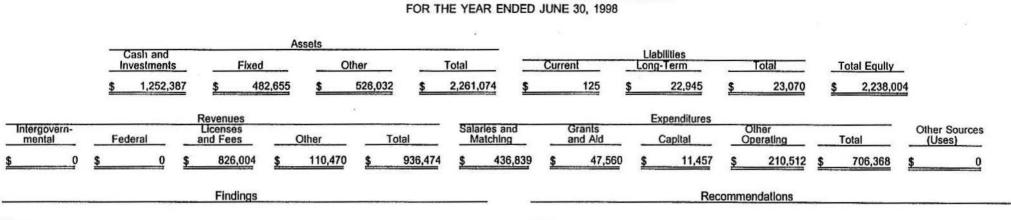

More specifically, determining qualifications of applicants for contractors license and authorizing the issuance of new and renewal licenses. Investigating all alleged and factual violations of the contractors licensing law and contractors bond law, and bringing such to conclusion. Holding hearings, assessing penalties and meeting compliance as may be possible in the State of Arkansas. Having an annual roster at the present time through the Contractors Licensing Board Web Page. Annual reports to the Governor that state the transactions of the Board and copy of such report filed with the Secretary of State. The cost and expenses of the administration of this Act are solely by the fees and violation penalties received by this Board. The maximum filing fees as set forth by law are \$100.00 for the original license application and \$100.00 for a renewal license application as well. The current filing fee is \$100.00 for an original application if renewed on time. We currently have approximately 6,000 licensed contractors who are qualified to perform work in the State of Arkansas. The Contractors Licensing Board will meet approximately 24 times per year in its normal course of business.

It is the desire of this Board and administration to effectively, efficiently, and economically comply with the legislative intent of the Acts. This will be the continuing effort of the Board, its staff and administration. The Contractors Licensing Board's present staff consists of 1 Administrator/Investigator, 6 Investigators, 4 Senior Clerk positions, 2 Junior Clerk positions, 1 Attorney position, and 1 Education Coordinator. The Contractors Licensing Board presently has (15) of these positions filled.

The Contractors Licensing Board has made three specific requests in this budget. For budget needs and appropriation, we have requested a salary increase for the Administrator/ Investigator position due to the increase in responsibilities and staff by Act 950 of 1999. Also a request of \$16,500 for FY2002 and FY2003 in Character 11 for the purposes of upgrading computer equipment and furniture. This request has previously been submitted to the Office of Information Technology. We are also requesting an increase of \$50,000 each year in Character 4 for educational purposes.

The Contractors Licensing Board also requests to combine the Home Builders Licensing appropriation with the main Contractors Licensing appropriation.

ARRANSAS DUDGET STSTEW ANALYSIS OF BUDGET REQUEST 2001 - 2003

The Contractor's Licensing Board is responsible for determining qualifications of applicants for contractor's license and authorizing the issuance of new and renewal licenses. The Board investigates all alleged and factual violations of the contractor's licensing law and contractor's bond law as well as holding hearings and assessing penalties to ensure compliance. The Contractor's Licensing Board is funded from the receipt of fees charged for examination, issuance, and renewal of commercial contractor's licenses and penalties associated with violations of regulations. Expenditures from the cash fund are solely dependent on the availability of funds.

Base Level includes a cost of living increase of 2.6% each year over the FY01 salary levels, related Personal Services Matching costs, supporting Maintenance & General Operations, Grants/Aids, Investments, and Refunds/Reimbursements. The Board requests a reclassification for the Administrator/Investigator with a salary of \$76,000 in FY02 and \$77,976 in FY03. An increase of \$16,500 each year for Capital Outlay is for office furniture and to upgrade data processing equipment. The Board also requests an increase of \$50,000 each year in Grants/Aids for educational purposes. Grants are given for training needs such as the Construction Management Program at UALR, Heavy Equipment Training at SEACBEC in Warren, Arkansas, and Trade Training in various parts of the State.

The Executive Recommendation provides for the Agency Request with the exception of the reclassification for the Administrator/Investigator.

The Executive Recommendation recommends the consolidation of appropriation B69 into this appropriation.

ARKANSAS BUDGET SYSTEM ANALYSIS OF BUDGET REQUEST

2001 - 2003

During the 1999 Legislative Session, Act 950 of 1999 was introduced providing the protection of new home buyers in Arkansas. The Act also protects the purchasers of homes constructed in the state by establishing a reasonable and adequate licensing and regulation of homebuilders through the Contractor's Licensing Board. Act 1418 of 1999 authorized personal services and operating expenses for the Home Builders Licensing Program. The Board is requesting a Base Level Budget of \$30,400 each fiscal year. No additional appropriation has been requested for the 2001-2003 biennium.

The Executive Recommendation provides for the Agency Request and also recommends the consolidation of this appropriation with Appropriation A03.
