ARKANSAS BUDGET SYSTEM AGENCY PROGRAM COMMENTARY 1999 - 2001

Act 282 of 1967 amended Section 1, 2, and 5 of Act 249 of 1947 to create a Stadium Commission consisting of members appointed by the Governor with the advice and consent of the Senate. Each Congressional District in the State is represented by membership on this commission along with three (3) members from the State at large. This commission has exclusive jurisdiction over the operation of War Memorial Stadium. The Stadium facilities are available for use by schools, colleges and universities of the State. In addition it is available for use by other institutional and commercial organizations for various activities requiring a large open-air facility. The Stadium also allows the use of its facilities to non-profit organizations for fund raising events. Funding for the operation and upkeep of the Stadium is from revenues that are generated by the use of the Stadium through rentals and profits from concession/novelty sales.

Since its inception, the Stadium Commission has overseen a steady increase in the use of the Stadium. In the last biennium the Stadium was used a total of 35 times; and 7 times by the University of Arkansas at Fayetteville, 4 by the University of Arkansas at Pine Bluff, various high school events, and other special events including the Promise Keepers and Marching Band Competition. It is estimated that during the last biennium over 500,000 citizens of the State of Arkansas and guests from other states have used the facility during these events. The Stadium Commission and its staff will continue to seek events to maximize the use of the facility. During the past year we have had several inquires regarding the use of the Stadium for events other than football.

A \$3,150,000.00 bond issue was financed to complete Phase I of the renovation and improvement plans of the Stadium's PBfacilities. These improvements included improving restroom facilities, enlarging some of the concession areas, and relocating the Stadium's administration offices to give handicap accessibility to the second and third floor meeting rooms. Additional phases of improvements are planned as financial conditions allow.

ARKANSAS BUDGET SYSTEM ANALYSIS OF BUDGET REQUEST 1999 - 2001

Created by Act 282 of 1967, the War Memorial Stadium Commission strives to keep the facility in the best possible condition for athletics, entertainment events and community service events, which are all for the enjoyment of the citizens of our state and visitors. The FY99 budgeted amount of \$8,396,553 consists of Regular Salaries and Personal Services Matching for seven positions (one position is not budgeted), 125 Extra Help positions, Overtime, Operating Expenses, Conference Fees & Travel, Professional Fees & Services, Capital Outlay, Resale and Game Expense, Contingency and Construction. Funds to operate this Commission are generated from rental of the stadium and profits from concession/novelty sales charged pursuant to Arkansas Code Annotated §22-3-1002. Base Level is \$8,268,154 in FY00 and \$8,277,200 in FY01 and includes a cost of living increase of 2.8% each year over the FY99 salary levels, and related Personal Services Matching costs.

The Stadium Improvement and Expansion appropriation (2MU) has not been requested for the 1999-2001 biennium. Act 943 of 1993 repealed the income tax check-off for construction. The balance of the appropriation (\$390) will be utilized in FY99 with no additional funding being received.

The Commission is requesting reclassification of four positions back to Grade 99 as originally authorized. The salaries for these four positions are in Base Level with no additional appropriation requested. A fifth position (Bookkeeper II/Secretary) has not been requested for the upcoming biennium resulting in both a salary savings of \$23,059 and reduction in the number of Regular Salary positions to seven.

Listed below are the change level requests of the Commission totaling \$3,287,563 each year of the biennium:

Operating Expenses - \$69,000 each year for repayment of debt service principal and interest, building and grounds maintenance, utilities, building insurance and other related expenses.

Professional Fees & Services - \$3,600 each year for increased costs of contracting with an accounting firm

Capital Outlay - \$40,000 each year for the replacement of grounds equipment, purchase and upgrade of computer equipment and printer(s), creation of a Web Page and possible replacement of an existing fax machine.

Resale and Game Expense - \$17,000 each year to cover the increasing cost of resale goods and to allow for projected costs related to grass seed, fertilizer and insecticides for maintaining natural turf playing field.

Construction - \$3,157,963 each year for Phase II renovations addressing ADA accessibility issues

The Executive Recommendation provides for Agency Request. Expenditure of appropriation is dependent upon available, documented funds.
