The Arkansas Student Loan Authority ("ASLA" or "Authority") was created to provide an enduring source of affordable higher education funding to Arkansas citizens and non-citizens who attend an Arkansas higher education institution. In 1977, as the number of student loan providers dwindled, the Arkansas General Assembly established ASLA to ensure an enduring source of affordable student loans to the citizens. It is ASLA's mission to enhance access to affordable educational funding and to provide localized student loan servicing to Arkansas citizens. All funding to support ASLA programs is provided by cash funds generated from loan program operations. ASLA is a self-sufficient agency that does not receive any state revenue dollars.

The Authority operated as a loan originator and secondary market in the Federal Family Education Loan Program (FFELP) for over 30 years; the agency continues to fulfill loan servicing responsibilities for approximately \$375 million in FFELP student loans owned by the Authority. The Authority anticipates that it will manage a minimum of \$300 million and up to \$350 million in FFELP student loans during the 2015-2017 biennial period. Loan servicing and administration expenses related to FFELP accounts typically run in the range of 1.00%-1.25% of the total outstanding loan portfolio.

As of July 1, 2010, Congress eliminated FFELP and replaced it with the Federal Direct Loan Program (FDLP) through a mandate included in the Health Care and Education Reconciliation Act of 2010 (HCERA). Under HCERA, the U.S. Department of Education is the only entity authorized to originate federal student loans; however, qualified state agencies, such as the Authority, are authorized to provide loan servicing.

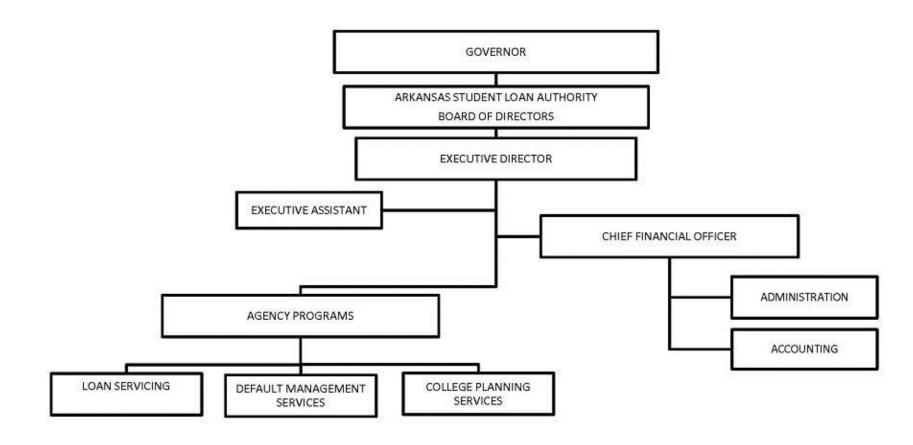

ASLA received an allocation of approximately 100,000, student loan accounts during the period of January 2012 through May 2012. The par value of the FDLP accounts, the Authority is administering on behalf of the U.S. Department of Education, is approximately \$1.6 billion. The initial FDLP loan servicing contract is for a period of five years. ASLA is the only organization in Arkansas eligible to provide loan servicing for the U.S. Department of Education.

ASLA continues to offer extensive college planning services through its Fund My Future (FMF) program. FMF provides students, parents and high school counselors with comprehensive college financial aid information. The FMF website houses a free scholarship search with more than 3,000 state and national scholarships. ASLA publishes a "How To Pay For College" booklet in cooperation with the Arkansas Department of Higher Education to ensure that Arkansas students are familiar with the resources available to assist in paying for higher education. ASLA participates in college fairs and financial seminars statewide every year to help families understand the federal and state financial aid application processes and to help students understand that higher education can be an affordable option for most any Arkansas citizen. Social media (Twitter and Facebook) have become important tools supported by ASLA that are being utilized to reach and communicate with students and their families. All college planning services are provided free of charge.

Student loan debt and defaults have become a major issue for student loan borrowers. ASLA has partnered with the Arkansas Association of Student Financial Aid Administrators to educate students about the options and tools available to assist in repayment of their student loans. The Authority's efforts include a campaign to discourage "over-borrowing". Arkansas had the 49th highest student loan default rate in the country in 2013, therefore ASLA is taking measures to make a positive impact on the default rate while also helping students avoid the serious repercussions of default.

ASLA began offering Default Management Services (DMS) to Arkansas colleges and universities in 2013. Under this program, ASLA tracks former students in order to provide loan counseling to the ones who become delinquent. The goal of this program is to protect students from the serious repercussions of student loan default, protect the federal student aid eligibility for Arkansas colleges and universities and to make a positive impact on the State's overall student loan default rate.

ASLA is the designated student loan agency in the state and is authorized to issue taxable and tax-exempt revenue bonds to finance student loan in Arkansas for the benefit of its citizens; however, the agency's current primary focus is to administer loans on behalf of the U.S. Department of Education, as referenced above. The ASLA board of directors is committed to the support of students, the efficient management of the agency and the protection of the State's individual and corporate investment by keeping student loan funds Arkansas.

- □ www.fundmyfuture.info
- □ www.aslafinancials.info

Financial aid forms and financial aid information can be down loaded and forms can be completed electronically in many cases. Many of ASLA's Fund My Future services, such as free scholarship searches, are provided on-line. Rating agency quarterly servicing reports, annual audit reports, and other important financial information can be obtained by investors from the Authority's investor website.

Analysis of Budget Request

Appropriation:A51 - Student Loan Authority - Cash Operations

Funding Sources:157 - Student Loan Authority - Cash

The Arkansas Student Loan Authority was created for the purpose of originating and acquiring student loans and support Arkansas' student financial assistance by purchasing loans made by local lenders to higher education students. The process provides liquidity to banks so additional loans may be made to students in need. Funding is based upon Trust Indentures which allow the Authority to draw the cost of loan servicing plus 80 basis points or 0.8% of the outstanding loan balance on a monthly basis for loan servicing, program administration, and general and administrative costs; and participation in loan administration under the Health Care and Education Reconciliation Act of 2010. ASLA is a self-sufficient agency which does not receive any state revenue dollars.

Base Level Regular Salaries and Personal Services Matching include the continuation of the previously authorized 2015 1% Cost of Living Adjustment and Career Service payments for eligible employees. Personal Services Matching also includes a \$10 increase in the monthly contribution for State employee's health insurance for a total State match per budgeted employee of \$420 per month. Base Level salaries and matching do not include appropriation for Merit Pay Increases. The Base Level request for Regular Salaries includes board member stipend payments.

The Agency requests Base Level appropriation for the 2015-2017 Biennium.

The Executive Recommendation provides for the Agency Request. Expenditure of appropriation is contingent upon available funding.
