History and Organization

Act 1978 of the 2005 Regular Session created the Arkansas Agriculture Department. The Department came into being on August 15, 2005. The executive head of the Department is the Secretary who is selected by the Arkansas Agriculture Board and confirmed by the Governor.

The responsibility of the Secretary and Department is to develop and implement policies and programs for Arkansas agriculture and forestry to keep them competitive in world markets while ensuring safe food, fiber and forest products for the citizens of Arkansas and the nation.

The enabling legislation connected three agencies to the Department: the Arkansas Forestry Commission, the Arkansas Livestock and Poultry Commission and the Arkansas State Plant Board. Each remains intact with its own commission or board, executive director, budget and personnel.

The enabling legislation directs the Secretary to administer and coordinate activities of the agencies and parts of the agencies transferred to the Department while creating new programs to enhance the marketing of Arkansas's agricultural products in state, national and international markets. It also directs the Secretary to coordinate activities of the Department with the federal government and governments of other states on matters pertaining to agriculture, forestry, aquaculture, horticulture and kindred industries. The Secretary is authorized to employ personnel to carry out activities to the extent funds are available.

The Department also houses the office of the State Land Surveyor. The Division of Land Surveys was created by Act 458 of 1973 and provides that the head of the division be known as the State Surveyor. Act 1417 of 2001 transferred the Division of Land Surveys from the Geological Commission to the Arkansas Commissioner of State Lands. Act 752 of 2007 transferred the Division of Land Surveys from the

Arkansas Commissioner of State Lands to the Arkansas Agriculture Department.

The primary functions of the Division of Land Surveys include (1) the establishment, maintenance, and preservation of land monuments, section corners, and other physical markers of the United States Public Land Survey within Arkansas, the field notes, plats and other documents relating and evidencing the United States Public Land Survey, and (2) the prescribing of general land survey regulations.

The Division of Land Surveys houses and maintains copies of the original survey notes and plats and other land survey information. Duplicates of all survey information may be obtained upon request.

ARKANSAS FORESTRY COMMISSION

Mission - The Arkansas Forestry Commission promotes forest resource health, conservation, and stewardship.

Statutory Responsibility - By Act 234 of 1931, the Arkansas Legislature created the Forestry Commission to cooperate with the United States Secretary of Agriculture, state agencies, farmers and timber owners in the prevention and suppression of forest fires, the distribution of forest planting stock, and the dissemination of information concerning Arkansas's forests. The Forestry Commission was comprised of five members and authorized to employ a State Forester, who was to employ such administrative and clerical assistants as were deemed necessary.

Act 85 of 1935 authorized employees of the Forestry Commission to enforce the fire laws of Arkansas.

Act 48 of 1939 recreated the Forestry Commission with a nine-member board.

Act 138 of 1945 abolished the Forestry Commission. The Forestry Commission's duties were transferred to the Arkansas Resources and Development Commission. The Act provided that the Division of Forestry and Parks should exercise the function formerly exercised by the Arkansas Forestry Commission. The Arkansas Resources and Development Commission had fifteen members.

Act 409 of 1947, as amended by Act 174 of 1959, Act 412 of 1961, and Act 249 of 1963, authorized and empowered the Forestry Commission to acquire and hold in the name of the State of Arkansas, title to lands which are valuable for state forests. The lands so acquired would be appropriately named, designated, administered, protected and developed as state forests.

Act 42 of 1953, as amended by Act 99 of 1955 and Act 232 of 1959, recreated the Forestry Commission, separating it from the Resources and Development Commission and giving it virtually the same duties outlined in Act 234 of 1931 plus the authority to originate and conduct research in forestry matters and cooperate with other organizations, both public and private.

Act 38 of 1971 reorganized the Executive Department of State government into thirteen major departments. The Forestry Commission

became a Division of the Department of Commerce, along with twelve other state agencies. The Forestry Commission was transferred to the Principal department under a Type 1 Transfer whereby the Forestry Commission retained the same prescribed statutory powers, authority, duties and function before the transfer except all budgeting, purchasing and related management functions of the Forestry Commission were performed under the direction and supervision of the Head of the Principal Department.

Act 36 of 1979 established a Rural Fire Protection service within the Forestry Commission. The Act authorized the Forestry Commission to develop rural fire protection plans, to provide training in fire suppression, to make available to rural firefighting groups fire control equipment, and to establish a revolving loan fund for fire departments.

Act 691 of 1983 abolished the Department of Commerce and restored the Forestry Commission to the status of an independent agency. The same duty, authority and responsibility existing before transfer to the Department of Commerce were restored with the provision that the State Forester shall be employed by the Board of Forestry Commissioners, with the approval of the Governor, and shall serve at the pleasure of the Governor.

Act 135 of 1995 authorized the Forestry Commission to designate certain employees with the powers of peace officers in the enforcement of fire laws, theft of property laws to the extent they apply to theft of timber, and laws pertaining to the unlawful disposal of solid waste when the disposal occurs on forest land.

Act 136 of 1995 required the State Forester to have earned at a minimum a bachelor's degree in forestry from an accredited four-year program at an institution of higher education.

Act 27 of 1999 clarified the function, powers and duties of the Arkansas Forestry Commission.

Act 1978 of 2005 connected the Forestry Commission to the Arkansas Agriculture Department.

Primary Activities - Forestry Commission administration, which includes personnel, fiscal and conservation education, leads, directs and supports employees to accomplish the agency mission. The Forest Protection program is responsible for the protection of Arkansas's forests through wildland fire protection, law enforcement and rural community fire protection. The Forest Management program works with private non-industrial forest landowners, forest industry, universities, private forestry consultants, other governmental agencies and communities to promote stewardship and sustainability of Arkansas's rural and urban forests. Bluff City Tree Improvement Complex produces genetically improved tree seed. Baucum Nursery provides tree seedlings to landowners for reforestation. Poison Springs State Forest provides timber sale revenues, demonstrates forest management techniques, and offers free recreational opportunities, including camping and hunting.

Advisory Commission - A.C.A. §15-31-102 identifies the Board of the Forestry Commission. It consists of nine members to be appointed by the Governor with advice and consent of the Senate from resident electors of Arkansas having a long-standing interest in the forest resources

of Arkansas. Term of office is nine years.

ARKANSAS LIVESTOCK AND POULTRY COMMISSION

The Arkansas Livestock and Poultry Commission, created by Act 87 of 1963, has full authority for the control, suppression and eradication of livestock and poultry diseases and pests and supervision of livestock and poultry sanitary work in the state. The purpose of the Agency includes the development of livestock and poultry industries and the administration of relevant laws and regulations. The Commission is authorized to enter into cooperative agreements with federal agencies in matters relating to disease control programs. Act 150 of 1985 clarified and expanded the authority of the Commission relating to the control and eradication of diseases and has provided an important instrument in the progression and success of all programs.

The mission of the agency is to safeguard human and animal health, assure food safety and quality and promote Arkansas livestock and poultry industries for the benefit of our citizens. Mission goals include the following:

- 1. Protect human and animal health from zoonotic and other toxicological diseases
- 2. Protect humans and animals from environmental and toxicological threats
- 3. Protect consumers by ensuring food safety and quality
- 4. Promote and enhance marketability of livestock, poultry and their products both nationally and internationally.

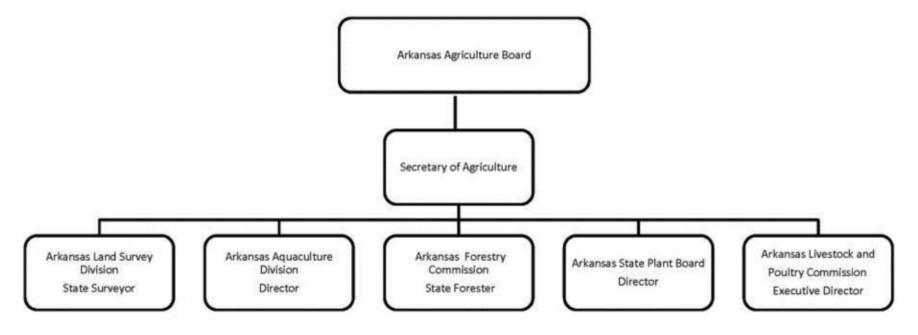

ARKANSAS STATE PLANT BOARD

HISTORY: The Arkansas State Plant Board was created by the General Assembly on March 28, 1917, by the passage of Act 414, the Plant Act. In 2005 the Plant Board became an agency within the Arkansas Agriculture Department created by Act 1978 of 2005. Duties of the Board are to make rules and regulations under the laws that have been enacted by the legislature and to take action against those who violate these laws. The Board meets at least once each quarter. When created, the Board consisted of five members and the primary duty was to make and enforce plant quarantine regulations. Succeeding legislatures have increased the number of Board members to eighteen.

The Board currently has 28 laws under its jurisdiction. These are: (1) Plant Act, (2) Emergency Plant Act, (3) Pest Control Law, (4) Pesticide Control Act, (5) Pesticide Use & Application Act, (6) Seed Certification Law, (7) Nursery Act, (8) Products Grading Act, (9) Fruit and Vegetable Labeling Act, (10) Fertilizer Law, (11) Feed Law, (12) Strawberry Quality Act, (13) Liming Materials Act, (14) Apiary Law, (15) Soil Amendment Act, (16) Public Grain Warehouse Act, (17) Ginseng Act, (18) Catfish Processor Fair Practices Act, (19) Agricultural Consultants Licensing Act, (20) Natural Organic Fertilizer Law, (21) Seed Arbitration Board Act, (22) Boll Weevil Eradication Act, (23) Weights and Measures Act, (24) Grain Moisture Meter Act, (25) Petroleum Quality Act, (26) Aflatoxin Sampling Act, (27) Rice Certification Act, and (28) Certification of Ornamental and Baitfish Act.

PRIMARY ACTIVITIES: Primary activities include sampling of seed, feed, fertilizer, pesticides, and petroleum products to insure product quality. The Board maintains several plant pest quarantines, regulates the use of pesticides, and maintains a quality control program for certified seed. Other activities include checking the accuracy of all commercial weighing and measuring devices.

The Plant Board is currently working with other state agencies, other states, and federal agencies to ensure that our programs support and assist the mission of homeland security and disaster recovery. These activities are ongoing and are complimentary to the Board's mission.

Agency Commentary

In keeping with the intent of the Arkansas General Assembly in 2005 when it established the Arkansas Agriculture Department, the Administration proposes personnel and programs to meet the goals of the enabling legislation.

OFFICE OF THE SECRETARY OF AGRICULTURE

The office of the Secretary of the Arkansas Agriculture Department requests an increase in Operating Expenses above base level. This increase is needed to provide for additional marketing supplies to aid in marketing Arkansas' agricultural and forest products.

DIVISION OF LAND SURVEY

The Division of Land Survey has not requested general revenue appropriations above Base Level in Operating Expenses, Conference and Travel Fees and Professional Fees.

ARKANSAS FORESTRY COMMISSION

The Forestry Commission continues to protect and develop the forest resources of Arkansas by preventing, mitigating, and suppressing wildfires; assisting volunteer fire departments; facilitating forest stewardship and reforestation; monitoring and promoting forest health; and gathering forest inventory data and disseminating forest resource information. To provide for these mandated services, the Commission makes the following requests above Base Level:

- Additional general revenue appropriation and funding to provide for needed repairs of county office buildings and allow the Commission to fulfill its responsibility of hosting the 2017 Southern Group of State Foresters Annual Conference
- 14 positions are requested from special revenue funding to provide for minimum and safe fire readiness and firefighting ability, staff training for fire fighters and training for volunteer fire departments, dissemination of critical fire information during wildfire outbreaks, and critical maintenance of firefighting equipment and revolving loan fund volunteer fire department equipment
- Additional special revenue appropriation to provide for increased operating costs of the revenue producing Baucum Nursery and the Poison Springs State Forest, as well as updates to the Agency's website and the development of smartphone applications
- Additional special revenue appropriation to provide for the replacement of firefighting equipment, including industry standard dozer units with environmental cabs
- Additional Capital Outlay appropriation funded by federal grants

ARKANSAS LIVESTOCK & POULTRY COMMISSION

The Livestock and Poultry Commission programs are supported by general revenue, special revenue and federal revenue. The Commission makes the following requests above Base Level:

- Additional general revenue appropriation and funding for positions that were moved to the federally-funded Animal Health appropriation from general revenue funded appropriation in order to fully expend the Federal Cooperative Agreement funds. We anticipate a reduction in federal grants and will need appropriation and funding to pay salaries and benefits for the positions that were moved.
- A position reclassification is requested for a Purchasing Specialist to be changed to a Buyer. This reclassification is budget neutral.

- Additional Capital Outlay appropriation funded by special revenues to replace necessary office equipment and grading equipment for use in the Egg & Poultry Grading Program
- The restoration of Regular Salaries and Personal Services Matching appropriation to fiscal year 2015 appropriation levels for positions moved from the Animal Disease Control and Eradication Programs to federal appropriation. We anticipate a reduction in federal funding and will need appropriation to pay for the positions that were moved. The Commission requests Capital Outlay appropriation to replace necessary testing equipment. The Commission is also requesting special revenue appropriation to assure that the minimum level of field inspection personnel can be maintained as expected by the various commodity industries that we serve.
- The restoration of Regular Salaries and Personal Services Matching appropriation funded by special revenues to fiscal year 2015 appropriation levels for positions moved from the federally-funded Animal Health appropriation from special revenue funded appropriation. We anticipate a reduction in federal funding and will need appropriation to pay for the positions that were moved. The Commission requests Capital Outlay appropriation to replace necessary laboratory testing equipment in the AL&PC Diagnostic Laboratory used for large animal and poultry testing.
- Additional Capital Outlay appropriation funded by special revenues to replace necessary laboratory testing equipment in the AL&PC Diagnostic Laboratory used for small animal and poultry testing.
- Additional Capital Outlay appropriation funded by special revenues to replace office machines and equipment used in the Equine Infectious Anemia Control Program.
- Additional Capital Outlay appropriation funded by special revenues to replace laboratory testing equipment in the AL&PC Diagnostic Laboratory used for the Swamp Fever Testing Program.

ARKANSAS STATE PLANT BOARD

The cost of basic input items such as seed, fertilizer, feed, pesticides and fuel are high. The Plant Board must maintain a sound inspection program for these inputs to insure that farmers are getting the quality products they need for maximum efficiency.

Biotechnology, global positioning systems, satellite imagery, and other new technologies are changing production practices and increasing productivity. The impact of these new technologies is considered revolutionary and comparable with the impact on agriculture of cotton gins, and mechanical harvesters. In order to support the agricultural industries of Arkansas, the Plant Board must integrate these technologies into our regulatory programs. This requires considerable investment in equipment and continuous training of employees.

In addition to technological changes, international markets are opening and changing. The Plant Board must be in a position to support the industry in adhering to import restrictions and requirements of trading partners who buy Arkansas agricultural products. The Plant Board is responsible for enforcing and carrying out the intents and mandates of 28 laws.

To provide for these mandated services, the Commission makes the following request above base level:

- Additional Capital Outlay appropriation funded by special revenues for sales tax on vehicle purchases, lab equipment and office fixtures/equipment for the various divisions within the Plant Board, including data processing equipment, file servers and IT equipment
- Restore Miscellaneous Federal Grant appropriation to continue the Specialty Crop Block Grant Program

Audit Findings

DIVISION OF LEGISLATIVE AUDIT AUDIT OF : ARKANSAS AGRICULTURE DEPARTMENT

FOR THE YEAR ENDED JUNE 30, 2012

Findings

Recommendations

The Arkansas Livestock and Poultry Commission (ALPC) and the Arkansas Forestry Review the State's Financial Management Guide and strengthen internal controls over Commission (AFC), divisions of the Agriculture Department, did not deposit receipts timely. The State's Financial Management Guide, section R4-19-4-501, states that good internal control dictates deposits of cash receipts daily, but weekly deposits are allowable if minimal amounts of cash and/or checks are received. A sample of 54 receipts for ALPC and 58 receipts for AFC were selected and traced to deposit. The number of days between receipt and deposit of funds for the items tested varied between deposit on the same day as received and 16 business days later, as shown below:

Arkansas Livestock and Poultry Commission

- Deposited within 0-1 days of receipt: 8 of 54 (15%)
- Deposited within 2-5 days of receipt: 35 of 54 (65%)
- Deposited within more than 5 days of receipt: 11 of 54 (20%) ٠

Arkansas Forestry Commission

- Deposited within 0-1 days of receipt: 29 of 58 (50%)
- Deposited within 2-5 days of receipt: 22 of 58 (38%) ٠
- Deposited within more than 5 days of receipt: 7 of 58 (12%)

Receipts remaining in the Agency's possession for an extended period are more likely to be misplaced or misappropriated and can cause reconciling issues in future periods.

ALPC and AFC failed to establish or failed to follow policies and procedures regarding cash receipt books.

cash deposits to ensure that funds collected are deposited timely.

Agency Response:

Both ALPC and AFC are revising procedures to lessen the period of time between receipts and deposits. ALPC will be increasing the frequency of deposits from weekly to twice a week, as advised by the Department of Finance and Administration-Office of Accounting. More frequent deposits are very difficult due to the logistics of getting deposits to the State Treasurer and the limited staff available to provide adequate segregation of duties for cash receipts. AFC is now making daily deposits to the Treasury. All undeposited funds are kept in a fire-proof safe with limited access until a deposit can be made.

Strengthen internal controls regarding the issuance and accounting for cash receipt books by establishing policies and procedures to ensure books are properly maintained.

DIVISION OF LEGISLATIVE AUDIT AUDIT OF : ARKANSAS AGRICULTURE DEPARTMENT

FOR THE YEAR ENDED JUNE 30, 2012

Findings

Recommendations

ALPC did not maintain a listing of issued books and did not know the location of the receipt books upon initial inquiry. No centralized area was responsible for maintaining unused books and issuing them to the employees approved by management. Additionally, no controls were established to provide assurance that the funds for which receipts were issued during the fiscal year had been deposited.

AFC did not follow proper procedures regarding sequential issuance of receipt books and could not account for one book containing 25 receipts.

A lack of policies and procedures over the accounting of cash receipt books limits the Agency's ability to ensure that all funds collected were properly deposited.

Agency Response:

ALPC and AFC have established procedures to strengthen internal controls regarding the issuance of and accounting for receipt books. Procedures include centrally maintained logs to account for receipt books and reviewing receipts. Receipt books are issued in sequential order and books are logged when they are issued and returned to ensure that all receipt books are accounted for.
