ARKANSAS BUDGET SYSTEM AGENCY PROGRAM COMMENTARY 2001 - 2003

Cotton Boll Technical Institute offers 15 full-time occupational training programs, 50-plus short-term industrial extension courses, and many specific customized courses. This year alone, Cotton Boll has trained over 3,150 employees from such companies as American Rail Car in Paragould, Milwaukee Electric Tool in Blytheville, Nucor-Yamato in Armorel, and American Greetings in Osceola.

Cotton Boll offers a variety of training and certification for workers to gain specific certification in their area of speciality, such as EPA testing for air conditioning & refrigeration workers, licensure recertification for EMTs and Paramedics, as well as OSHA certification in forklift safety for industrial employees.

The budget request includes increases in Extra Help to continue services to business and industry. This proposed service will provide classes, seminars, and workshops for new industry personnel as well as existing workforce personnel. Restoration of maintenance and operation has been provided by utilization of a new funding formula. These increases will allow the institution to utilize Workforce 2000 funds to expand training classes for business and industry. It will also allow moderate maintenance to buildings; some 35 years old.

The Paragould Campus is currently staffed by nine full-time employees and over 20 part-time employees. The enrollment on this campus continues to flourish and those programs needs to be fully funded.

A branch campus in Osceola is also a priority of the Board of Directors. Commitments have been made by Mississippi County Legislative Delegation to offer training on a limited basis to that area of the county.

				Findings				

Using our present audit procedures and techniques, we noted substantial compliance with Arkansas fiscal and financial laws.

Audited by Division of Legislative Audit EDVT53199

Noted in previous year's audit report.
 This auditee has indicated the finding has been or will be corrected.

ARKANSAS BUDGET SYSTEM ANALYSIS OF BUDGET REQUEST 2001 - 2003

Funds for this appropriation are received from tuition (\$30 to approximately \$35 per hour), resale from the bookstore, and reimbursement programs such as Apprenticeship. Cash funds are used to supplement the operation of the agency.

Base Level includes positions and supporting operating expenses. The Base Level includes a pay plan increase of 2.6% each year over the FY01 salary levels, and related Personal Services Matching costs.

Change Level requests include increases in operating expenses to enhance programs, and in various other line items to insure the availability of sufficient appropriation to utilize available funding. A request for Contingency is made to allow flexibility and permit the agency to respond quickly to needs of business and industry. One additional position, an Internal Auditor, is requested.

The Executive Recommendation provides for the Agency Request with the exception of the Contingency line item.

ARKANSAS BUDGET SYSTEM ANALYSIS OF BUDGET REQUEST 2001 - 2003

Cotton Boll works diligently to address new manufacturing systems with the industry in Blytheville and at the campus in Paragould. Computer numerical control and advances in welding and metal fabrication is emphasized.

The Base Level for this General Revenue funded appropriation includes positions and supporting operating expenses. The Base Level includes a pay plan increase of 2.6% each year over the FY01 salary levels, and related Personal Services Matching costs. During the 82nd General Assembly, Extra Help positions were exchanged for Part Time Faculty positions. This resulted in a much higher cost than anticipated when the method of collecting the State's insurance contribution was calculated based on budgeted positions. For this reason, the Institute is requesting Extra Help positions in exchange for the Part Time Faculty positions in the Change Level request. No Part Time Faculty positions are requested for the biennium. Additional requests include 12 positions (primarily for administration and maintenance), position reclasses, additional Operating Expenses and Capital Outlay for program enhancements, Overtime, Travel for staff development, and Contingency appropriation to allow the Institute to meet unforeseen needs from the business community.

The Executive Recommendation provides for the reallocation of positions to Extra Help, the request for Overtime and Capital Outlay, and a 5% increase over the Base Level each year for Operating Expenses. All recommendations above the Base Level are for appropriation only. Workforce 2000 funds are also made available to the Institute and will supplement the funds seen in this budget. Current law provides for appropriation and funding for Workforce 2000 to be transferred to the Institute on a monthly basis. The Institute is encouraged to engage the local communities and businesses it serves by developing a partnership to meet the local workforce education needs with emphasis on accountability and productivity. Local contributions along with state resources can provide a significant enhancement of the instructional programs.

ARKANSAS BUDGET SYSTEM ANALYSIS OF BUDGET REQUEST 2001 - 2003

Funds for this appropriation are received from the Carl D. Perkins Vocational and Applied Technology Education Act, P.L. 101-392 and from reimbursement programs such as apprenticeship.

Base Level includes a position, Extra Help, and supporting operating expenses. The Base Level includes a pay plan increase of 2.6% each year over the FY01 salary levels, and related Personal Services Matching costs.

The Institute is requesting Base Level and a Contingency appropriation in the amount of \$50,000 each year to address emerging needs from business and industry.

The Executive Recommendation provides for the Base Level.

ARKANSAS BUDGET STSTEM ANALYSIS OF BUDGET REQUEST 2001 - 2003

The 82nd General Assembly authorized positions and appropriation for a new Osceola Campus under the direction of the Cotton Boll Technical Institute. Funding for this new program was not available and the campus was unable to open. This request is for the reauthorization and funding for the Osceola campus to provide much needed vocational training in this area.

The request includes 22 positions, Extra Help, and supporting operating expenses.

The Executive Recommendation denies the Agency Request.
