AGENCY PROGRAM COMMENTARY
2003 - 2005

Personnel Related:

Reclassification of the administrative positions will allow the Board of Directors more local control, but will still operate under the salary policies and guidelines set forth by the State. These salary guidelines will be more in line with comparable positions in public schools and will give the local board more opportunities in the hiring process.

The additional extra help funding is requested to better meet the training needs of our community. With the constant changes in technology, we have numerous requests from business and industry to offer agency specific training. The request for the restoration of some overtime is needed for the occasions when we have a trained classified employee who is willing to teach a night class for us.

The additional faculty position is needed to hire a full-time EMT/Paramedic instructor. Currently this program is being run with extra help and part-time faculty employees. This program has expanded to the extent that we need full-time person to man the program. The additional Bookstore Office Manager position is needed to man the bookstore on a full-time basis. We recently remodeled and moved the bookstore to a location on campus that will be more accessible to our students. The person who was operating the bookstore also had secretarial duties at the old location. Now we would like to have the bookstore open on a full-time basis and offer additional supplies, etc. for the students to purchase.

M & O and Resale Related:

In our cash fund appropriation, we are also requesting additional appropriation to use in purchasing additional supplies for our new bookstore. Also, the cost of textbooks is continually on the increase which requires the need for additional appropriation.

The request for restoration of M&O funding from our general revenues is needed in order to continue operations. We have expanded our buildings by adding an additional 6,442 square feet for our new Distance Learning Lab. The additional square footage has added on additional utility costs. Also, the heating/air conditioning system at Foothills is still in great need of upgrade. The old system is continuing to add to our utility costs. We have had to cut expenditures for supplies and materials due to the decreased funding we received. In order to continue to serve students with high quality training, we will need additional funding for maintenance and operations. We have also requested an increase in M&O for our cash fund to help with the shortage we are experiencing in our regular operations.

ANALYSIS OF BUDGET REQUEST
2003 - 2005

Foothills Technical Institute provides post-secondary educational opportunities for entry-level employment in seventeen programs, extensive evening and extension courses, specialized courses for business and industry, and customized courses for employees and the community. Close contact and cooperation is maintained with colleges, the Employment Security Department, Chamber of Commerce, Department of Human Services, civic clubs, human resource associations and other local organizations to serve the educational needs of the area.

This General Revenue funded appropriation has a Base Level request of \$3,603,726 for FY04 and \$3,673,093 for FY05 which includes a 2.7% salary increase each year over the FY03 salary levels for all incumbents plus associated increases in Personal Services Matching. Included in Personal Services Matching is a \$33 per month increase in the monthly contribution of State employee's health insurance for a state contribution of \$280 per month per budgeted employee.

Foothills Technical Institute has the following Change Level requests:

- One new position – Bookstore Office Manager – Grade 14 – to allow the bookstore to remain open full time. The bookstore has recently moved to a new location more accessible to students. Regular Salaries and Personal Services Matching of \$26,085 in FY04 and \$26,699 in FY05.
- Reclassification of the 7 positions to allow the Board of Directors more local control of administrative positions. These salary guidelines will be more in line with the comparable positions in public schools and will give the Board more opportunities in hiring. The cost in Regular Salaries and Personal Services Matching is \$157,580 in FY04 and \$163,288 in FY05.
- Additional Extra Help to continue efforts to provide flexible and non-traditional scheduling of credit and non-credit hour courses to meet the needs of the community. \$32,313 for FY04 and \$33,185 for FY04 including related Personal Services Matching.
