

**ARKANSAS PERFORMANCE BUDGETING & ACCOUNTABILITY SYSTEM**  
**AGENCY PROGRAM COMMENTARY**  
**2003 - 2005**

**C01 Health Insurance Portability and Accountability Act (HIPAA) Request**

The Federal Health Insurance Portability and Accountability Act (HIPAA) was enacted in 1996. This request is to enable the Arkansas Department of Health (ADH) to comply with HIPAA regulations concerning electronic transmission, privacy and security of patient and health care information. Non-compliance may result in substantial monetary and civil penalties. ADH requests general revenue to implement in-depth impact analyses and requirements assessments for its health care programs, operations, computer systems and policies and procedures. The internal assessment will identify modifications to systems, operations, policies, and procedures that are required to bring about compliance by the expected Federal deadlines. The ADH plans to adopt standardized financial and administrative transactions and data sets to reduce paperwork and increase efficiency of health programs and health care services. The Department will also implement security standards to enhance protections for individually identifiable health information. This will assure that electronic health patient information remains secure. Following the implementation of identified changes to become HIPAA compliant, ongoing evaluation and audit will be conducted to ensure continued compliance.

**C02 Nursing Retention and Recruitment**

Along with the rest of the country, Arkansas is suffering a shortage of nurses. The state's public and private health care providers are feeling the effects of a shrinking pool of nurses combined with growing demands for nursing services. One-third of the public health workforce in Arkansas is made up of nursing colleagues. Unless the Health Department is able to compete with hundreds of Arkansas health care organizations in attracting and retaining an adequate, competent nursing workforce, public health services are sure to be affected. Public Health Nurses provide core public health services that impact the health of every Arkansan. Their role in protecting the public's health becomes even more crucial as the Department coordinates the state's efforts to combat bioterrorism. ADH must maintain its cadre of highly trained and experienced nurses as well as create incentives that will attract new nurses as our existing workforce retires. In order to provide equitable and competitive compensation for its nurses, we are requesting approval of general revenues to offer an enhanced salary grid to all nursing classifications. The proposed request is based on the nursing salary grid approved for use by state agencies.

**C03 Strengthened Fiscal Accountability and Support**

This request is to add three positions to support the ADH Office of Financial Management (OFM) in the areas of Funds Management, Accounts Payable, and Training. These OFM activities are crucial to meet the agency's needs. Over the past decade, OFM staffing levels have remained basically static while the number of programs, funds, and the overall agency budget has increased. The Department's expenditures in FY'92 were \$134,782,382 compared to \$249,333,508 in FY'02. Federal and state legislative changes have dramatically increased the level of complexity for managing funds, procurement, and budgets during this time period. Actions and responses formerly accomplished on a monthly basis are now sometimes required within hours. The workload in OFM exceeds the capacity of the current staffing level. OFM supports a network of colleagues throughout the agency that are charged with administrative/financial responsibilities. Without additional resources, OFM is not able to provide the level of training, technical assistance, or internal systems support needed to improve

**AGENCY PROGRAM COMMENTARY**  
**2003 - 2005**

accountability and results. The ADH is committed to enhancing regional and community-level program operations through local level decision-making. The requested resources will assist in developing financial capacity at the local level as well as strengthening ADH capacity to meet increasingly complex demands in the areas of managing funds, procurement, and budgets. Success of these activities will be shown through a reduction in the number of error corrections processed, an increase in the number of financial reports completed prior to deadline, and increased competency of Agency colleagues with financial responsibilities. ADH leaders will review the progress of regional and local staff in using financial information to assess local priorities and to manage local operations.

**C04 Salary Override for Bilingual Colleagues**

Clear communications between patient/customer and provider are key to delivering high quality public health services. However, there is a growing segment of non-English speaking ADH patient/customers whose needs are not understood because those who are serving them are not proficient in a second language. The rapid increase in Hispanic Arkansans' use of public health care services has resulted in local health units seeking assistance to provide interpreter services for these consumers. ADH has used contract workers to provide interpreter services on a limited basis. However, this approach does not meet the need to provide this service on an "as needed" basis when non-English speaking customers attempt to access public health services. There is a need for ADH colleagues with bilingual communication skills to be more readily available to interpret for these customers, especially in locations where a high percentage of the health units' services are provided to non-English speaking patients/customers. In order to recruit and retain such colleagues, ADH seeks approval to provide up to a 10% salary override for colleagues whose job assignments require the skills to communicate in a language other than English at least 25% of the time. The percentage of salary override will be based on the level of proficiency demonstrated by both oral and written tests administered to colleagues by an approved contractual testing service. Offering interpreter services will ensure a higher quality of health care services for non-English speaking patients/customers. The success of this effort will be demonstrated by our ability to understand and meet the public health needs of non-English speaking customers/patients.

**C05 Appropriation Only – Federal**

The largest source of funds for the Health Department is federal grants. As federal grant awards grow and/or redirect the scope of programs funded, the Department's need for spending authority changes. This request covers increases in appropriation for a variety of programs due to new or increased grant awards as well realignment of existing funds. Among the largest requests are appropriations to cover the many components of the new Bioterrorism grant award, increased funds awarded to the Cancer Control Program, additional Family Planning funds, anticipated funds for the Chemical Stockpile Emergency Preparedness Program, additional Ryan White AIDS Program funding, and an increase in the Substance Abuse Prevention and Treatment Performance Partnership Grant. Other federally funded programs request appropriation to address changing program needs that require shifts in the types of expenditures the programs expect to make in the upcoming biennium. The requested appropriations will be used only if federal grants are awarded.

**ARKANSAS PERFORMANCE BUDGETING & ACCOUNTABILITY SYSTEM**  
**AGENCY PROGRAM COMMENTARY**  
**2003 - 2005**

**C06 Appropriation Only – Other/Special**

Many of the Health Department's numerous programs supported by fees or other types of reimbursements must increase or realign appropriations to expend additional revenue collections or to support changing program needs. Fee revenues fund many environmental services in areas such as the Public Water Supply Program, the Heating, Ventilation, Air Conditioning/Refrigeration Program, the Plumbing Program, and the Grade A Milk Program. These are among the programs requesting to increase or to redirect program expenditures to address new needs. ADH also requests appropriation to support revenue that would be generated if a proposal is approved to extend the Vital Records Special Fees Initiative through the next biennium. If approved, the fees would be used to provide a much-needed upgrade of ADH laboratory facilities. Other requests provide appropriation for the Department's In-Home Services Program to expend reimbursements to respond to increased demand for services due to the continuing growth of the aging population. Appropriation is needed to allow expenditures covering medical supplies and pharmaceuticals, salaries for In-Home Services Pool Positions, overtime salaries, and continuing education. The Department is also proposing fee increases for Radiation Control and Technology accreditation, licensing and inspection activities, Health Facilities plan review and licensing activities, and Pharmacy Services investigations.

**C07 Restoration of Currently Authorized, Vacant Positions**

The Department is requesting authorization to allow a total of 112 currently authorized vacant positions enhance our capacity to respond to changing public health needs. The positions may be used to replace or temporarily supplement efforts by existing positions. This flexibility will enhance the Department's ability to provide specific skills needed to respond more rapidly to any potential public health threats emerging at a national level. At the local level, the positions may be needed to support Arkansas communities as they identify and respond to their unique health needs. No funding is requested for these positions.

DIVISION OF LEGISLATIVE AUDIT  
AUDIT OF:  
DEPARTMENT OF HEALTH  
FOR THE YEAR ENDED JUNE 30, 2001

Findings

The Office of Financial Management failed to maintain accountability over fixed assets. Equipment purchases totaling \$4,885,939 had not been recorded in the Arkansas Property Management System and fifteen percent (15%) of the equipment items selected for observation could not be located. These circumstances were attributable in part to an inadequately trained and inexperienced staff. These conditions reflect a weakness in the ability to properly safeguard assets, which could lead to misuse and misappropriation of those assets.

Recommendations

Ensure that proper training and guidance is provided to inexperienced employees; ensure that equipment is promptly recorded in inventory; and emphasize to all employees the importance of safeguarding the State's assets.

**ARKANSAS PERFORMANCE BUDGETING & ACCOUNTABILITY SYSTEM**  
**ANALYSIS OF BUDGET REQUEST**  
**2003-2005**

The Department of Health's Emergency Medical Services and Trauma (EMS) program was established by Act 1271 of 1995. The EMS Division licenses and inspects ambulance services, certifies emergency medical technicians (EMT's) and approves EMT training programs. The Department of Health's Base Level request is \$475,000 each year of the biennium plus change requests of \$25,000 each year of the biennium.

Until the current biennium, the program has been funded by General Revenue. Because the Agency was projecting a large fund balance going into the current biennium, the balance was used to support the program during the current biennium. Consequently, the fund balance has been eroded and the Agency is now requesting restoration of general revenue support of \$500,000 each year of the biennium.

The Agency is requesting an increase in Maintenance and Operation Expenses of \$25,000 each year of the biennium for additional travel.

The Executive Recommendation provides for a base level of \$475,000 each year of the biennium and provides for General Revenue Support of \$250,000 each year of the biennium.

ANALYSIS OF BUDGET REQUEST  
2003-2005**

The Breast Cancer Control Program, established by Act 434 of 1997, is a statewide program designed to increase early detection of breast cancer in Arkansas. The program provides breast cancer education, screening, diagnosis and treatment for women who are at or below 200% of the Federal Poverty Level and are un-insured or under-insured. The department is requesting a Base Level of \$7,476,598 in FY04 and \$7,517,282 in FY05 plus change requests of \$338,000 in both years of the biennium. The Base Level request includes a 2.7% salary increase each year over the FY03 salary levels for all incumbents plus associated increases in Personal Services Matching. Included in Personal Services Matching is a \$33 per month increase in the monthly contribution for State employees health insurance for a total state contribution of \$280 per month per budgeted employee. The program, formerly funded from General Revenue, is now funded by a combination of Special Revenues as described in Act 1698 of 2001 and Federal Revenue.

Operating Expense increases of \$73,000 each year of the biennium have been requested consisting of \$33,000 for education material and supplies and \$40,000 each year for conference and Seminar Fees.

The Department has also requested a \$15,000 increase for Conference Fees and Travel for Health Department employees attending out of state conferences.

Additionally, the program has requested a \$250,000 increase in Professional Fees and Services associated with fees paid to clinics and physicians providing breast examinations.

The Executive Recommendation provides for \$33,000 in Operating Expenses for educational material plus the \$250,000 requested increase in Professional Fees.

**ARKANSAS PERFORMANCE BUDGETING & ACCOUNTABILITY SYSTEM  
ANALYSIS OF BUDGET REQUEST  
2003-2005**

Act 1510 of 2001 provided the Health Department with an appropriation of \$1,800,000 each year of the FY02-FY03 biennium for information technology initiatives including conversion of the existing technology, software and hardware improvements and associated costs. This appropriation was payable from the Health Department Technology Fund. Act 957 of 2001 created the Health Department Technology Fund and provided for a temporary increase in certain fees collected by the Health Department. These interim fee increases were used exclusively for the purchase of computer hardware and software. According to Act 957, the increase in the fees would revert to the previous level on and after August 15, 2003. The Act also provides that when \$1,800,000 has been deposited into the fund that certain fees will revert to a lower level.

Health Department is proposing that the interim fee increases become permanent and be used to fund lab improvements rather than information technology initiatives as originally contemplated in Act 957.

The Department is requesting an increase to Operating Expenses of \$20,000 each year for software licensing agreements and a \$1,770,000 in increase in FY05 for Professional Services Contracts related to the Department's Information Technology Initiative on Vital Records. The Department has requested Extra Help of \$8,500 in FY04 and \$40,000 in FY05,

The Department is also requesting \$900,000 each year of the biennium to provide for appropriation associated with upgrading the Department's lab facilities.

The Executive Recommendation provides for the Agency Request.

**2003 - 2005**

The Health Department's Division of Radiation Control and Emergency Management has the lead State role in the emergency management program for Arkansas Nuclear One (ANO) energy plant as mandated by the Nuclear Regulatory Commission. The purpose of the program is to coordinate and plan for public health protection in the event of an accident at ANO. This program operates and maintains a dedicated emergency phone system linking the reactor control room at ANO to State and local emergency operations centers. Funding for this program comes from an assessment to Entergy, the operator of the ANO facility, as authorized by Arkansas Code §20-21-404. The Department is requesting a Base Level of \$865,102 in FY04 and \$876,231 in FY05 plus change requests of \$525,584 each year of the biennium. The Base Level request includes a 2.7% salary increase each year over the FY03 salary levels for all incumbents plus associated increases in Personal Services Matching. Included in Personal Services Matching is a \$33 per month increase in the monthly contribution for State employees health insurance for a total state contribution of \$280 per month per budgeted employee.

Operating Expense increases each year of the biennium of \$291,684 have been requested to provide for system expansion and the rising costs of recurring charges for special telephone circuits and other ongoing operating costs such as office supplies, freight, and educational supplies.

A \$15,000 increase in Travel has been requested to allow for additional training of Health Department employees at regional seminars and conferences.

An additional \$190,000 in Grants and Aids has been requested to provide for grants to local counties and communities in the vicinity of ANO.

A \$3,900 increase to Professional Fees and Services has been requested to allow for services associated with emergency notification procedures.

A Capital Outlay request of \$25,000 each year of the biennium has been requested to provide for the purchase of a vehicle in FY04 and various items of communication and monitoring equipment in FY05.

---

Program Officials have met with Entergy regarding an increase in the assessment sufficient to support additional program costs. Entergy has not agreed to any changes to the current fee structure according to Health Department personnel.

The Executive Recommendation provides for Base Level pending approval of an assessment increase by Entergy. The Agency is projecting a Fund Balance which could lower the needed assessment.

**2003-2005**

The Department of Health's Radiation Control and Emergency Management Program licenses and regulates Radiologic Technologists, Radiation Therapists and Nuclear Medicine Technologists. The program is funded by licensure fees as authorized by Act 1071 of 1999. The Department is requesting a Base Level of \$238,097 in FY04 and \$241,819 in FY05 plus Change requests of \$116,020 in FY04 and \$116,802 in FY05. The Base Level request includes a 2.7% salary increase each year over the FY03 salary levels for all incumbents plus associated increases in Personal Services Matching. Included in Personal Services Matching is a \$33 per month increase in the monthly contribution for State employees health insurance for a total state contribution of \$280 per month per budgeted employee.

The Department is requesting an additional \$32,320 in FY04 and \$33,102 in FY05 for Salary and Matching costs associated with restoration of an authorized but not budgeted position.

Operating Expense increases of \$40,300 each year of the biennium have been requested for additional educational materials and offices supplies.

Additional travel of \$4,000 each year has been requested to attend training conferences.

Capital Outlay requests of \$6,400 each year are being requested to provide for the upgrade of the data management system used by the program.

Professional Fees and Services increases of \$33,000 each year of the biennium have been requested in anticipation of the increased use of contractual services for inspection.

The Executive Recommendation provides for the restoration of the position and associated matching costs, an additional \$10,000 each year of the biennium for Operating Expenses and \$5,000 each year for Capital Outlay.

**ARKANSAS PERFORMANCE BUDGETING & ACCOUNTABILITY SYSTEM  
ANALYSIS OF BUDGET REQUEST  
2003-2005**

This program serves as the primary investigative arm of several medically related boards and commissions such as the Medical Board, Nursing Board and Dental Board. Act 493 of 1997 authorizes the Pharmacy Services and Drug Control Division of the Department of Health to collect fees from various Boards for conducting investigations and inspections of alleged wrongdoing of those individuals licensed by the Boards. The Base Level request includes a 2.7% salary increase each year over the FY03 salary levels for all incumbents plus associated increases in Personal Services Matching. Included in Personal Services Matching is a \$33 per month increase in the monthly contribution for State employees health insurance for a total state contribution of \$280 per month per budgeted employee.

The Department is requesting a Base Level of \$79,916 in FY04 and \$81,659 in FY05 plus change requests of \$2,500 in FY04 and \$2,750 in FY05.

Operating Expense increases of \$2,500 in FY04 and \$2,750 in FY05 have been requested to provide for lab and diagnostic services increases of \$750 in FY04 and \$825 in FY05 and to also provide for a projected increase in office supplies of \$1,750 in FY04 and \$1,925 in FY05.

The Executive Recommendation provides for Base Level.

**ARKANSAS PERFORMANCE BUDGETING & ACCOUNTABILITY SYSTEM  
ANALYSIS OF BUDGET REQUEST  
2003-2005**

The Department of Health's In-Home Health Services program offers qualified individuals the opportunity to remain at home while receiving needed health care and personal assistance with activities of daily living. This In-Home Services is an alternative to extended hospitalization and nursing home placement. This program is funded primarily by Medicare and Medicaid reimbursements but has historically received General Revenue support of approximately \$740,000 per year to provide for "no source patients" who are either underinsured or uninsured. The Department of Health's Base Level request for In-Home Services is \$60,646,514 in FY04 and \$61,415,950 in FY05. The Base Level request includes a 2.7% salary increase each year over the FY03 salary levels for all incumbents plus associated increases in Personal Services Matching. Included in Personal Services Matching is a \$33 per month increase in the monthly contribution for State employees health insurance for a total state contribution of \$280 per month per budgeted employee. The Department is requesting changes of \$9,720,502 in FY04 and \$11,038,678 in FY05

Personnel related items include a request for salary upgrades for Health Department colleagues of \$108,370 in FY04 and \$111,036 in FY05 plus associated matching costs and the restoration of one position with salary and matching costs of \$31,232 in FY04 and \$37,120 in FY05. Additionally, Overtime Salary increases of 5,000 plus \$932 in matching costs each year of the biennium have been requested to provide a means of compensating employees when working overtime to meet billing and payroll deadlines

Change to Operating Expense increases of \$1,215,127 in FY04 and \$1,362,991 in FY05 have been requested to enable the Agency to continue its response to the Health Insurance Portability and Accountability Act (HIPAA) which requires confidentiality and privacy of public health information. Compliance with the Act will require existing computer and non-computer based storage and filing systems to be upgraded and modified. Additionally, Medicare changes require home health agencies to pay for bundled medical supplies, such as drugs for hospice care, and out-patient therapies not required in the past.

Requested increase in Travel of \$11,502 in FY04 and \$12,190 in FY05 is to provide for continuing education of nurses attending workshops and training seminars.

A Capital Outlay increase of \$614,691 each year of the biennium has been requested to allow the Department to purchase hardware for the In Home Service billing and contract services in the local health units.

Because In-Home Service provides patient care twenty-four hours a day, seven days a week, an additional \$382,033 in FY04 and

**ARKANSAS PERFORMANCE BUDGETING & ACCOUNTABILITY SYSTEM**  
**ANALYSIS OF BUDGET REQUEST**  
**2003-2005**

\$489,875 in FY05 in Extra Salaries has been requested. This increase will allow the program to continue to respond to requests for service whenever needed.

Additions to Professional Fees and Services of \$2,167,474 in FY04 and \$3,037,649 in FY 05 have been requested. This line item is used to pay personal care aides and is a less specialized level of care than that provided by Program nursing personnel. This request is to allow In-Home Services to be responsive to potential changes in the Medicaid reimbursement rate for In-Home Service.

The In Home Service program has requested a line item contingency appropriation of \$5,179,141 in FY04 and \$5,367,194 in FY05. This contingency appropriation coupled with special language allowing transfer from the Contingency line item to other line items will allow the program to respond to potential increases in the case load of direct service providers caused by demographic changes and the possible migration of private care providers from the industry.

The Executive Recommendation provides for the HIPAA related increase to operating expense of \$1,215,127 and \$1,362,991 in FY04 and FY05 respectively, the Capital Outlay request of \$614,691 each year of the biennium and the addition of a line item contingency appropriation of \$5,179,141 in FY04 and \$5,367,194 in FY05. The Executive Recommendation also provides for salary upgrades of \$21,118 in FY04 and \$21,688 in FY05 plus the restoration of one position with Salary and matching costs of \$36,232 in FY04 and \$37,120 in FY05.

1	Appropriation to expend on-going Plumbing Program revenue to add a field inspector position. The additional position will add a second inspector to one of the Department's five regions. All other regions are now staffed by two inspectors to complete regionwide inspection activities. Appropriation to expend Plumbing Program fees to print and distribute a revision of the State Plumbing Code. Revenue is generated by sales of the code books to industry licensees. The request also covers purchase of audiovisual equipment to assist in training.	C06		600070	Shrd PHhC 363 SHL01	0	0	0	17,000	0	17,000	0	17,000	0	17,000	0	0	0	0	0

---

The purpose of Department of Health's Individual Sewage System program is to regulate the treatment and disposal of domestic sewage from individual sewage treatment systems. The program funded from fees collected, as authorized by Arkansas Code §14-236-116. The Department's Base Level request is for \$87,000 both years of the biennium plus change requests of \$5,000 both years of the biennium.

The Department has requested an increase to Capital Outlay of \$5,000 each year of the biennium to replace out dated monitoring and instrumentation equipment used in the program.

The Executive Recommendation provides for the Agency Request.

**ANALYSIS OF BUDGET REQUEST**  
**2003 - 2005**

The Department's Heating, Ventilation, Air Conditioning and Refrigeration (HVACR) Program was created to ensure that heating and air conditioning systems are installed in a manner that is safe for the public health and to provide a means of consumer protection from unlicensed contractors. The Program is responsible for licensing HVACR mechanics, contractors, and municipal inspectors and is funded from fees collected, as authorized by Arkansas Code §17-33-204. The Department of Health is requesting a Base Level of \$1,034,905 in FY04 and \$1,055,356 in FY05 plus change requests of \$42,000 each year of the biennium. The Base Level request includes a 2.7% salary increase each year over the FY03 salary levels for all incumbents plus associated increases in Personal Services Matching. Included in Personal Services Matching is a \$33 per month increase in the monthly contribution for State employees health insurance for a total state contribution of \$280 per month per budgeted employee.

Additional Operating Expense of \$20,000 each year of the biennium has been requested to accommodate printing and distribution costs associated with revisions to the State Mechanical Code.

Capital Outlay increases of \$22,000 each year of the biennium have been requested to allow for replacement of office furniture, the purchase of additional flow hoods used in inspections, and replacement of an embosser used in printing licenses.

The Executive Recommendation provides for an additional \$20,000 each year of the biennium for Operating Expenses and an additional \$22,000 in Capital Outlay in the first year of the biennium. The Agency shall be allowed to carryforward unused Capital Outlay appropriation from the first year of the biennium to the second year of the biennium.

1	Appropriation to expend funds to revise, reprint and distribute the State Mechanical Code. Funds for printing and distributing the code books are generated by selling the books to industry licensees. Appropriation is also needed to expand HVAC/R program fees to replace embossing equipment used to print licensing cards, to purchase additional flow hoods for performing inspections, and to replace office furniture. **ANALYSIS OF BUDGET REQUEST**  
**2003-2005**

The Alcohol and Drug Abuse Prevention - Law Enforcement and Prosecutor program is funded from penalties assessed for substance abuse violations authorized by Act 161 of 1991. Funds in Drug Abuse Education and Treatment fund can only be used for drug abuse education, prevention, and treatment services. All expenditures in this program are reviewed and approved by the Little Rock Drug Court. Act 1256 of 1995 consolidated a number of laws, which distributed court costs and filing fees to state agencies. Prior to this law, the program was allocated a portion of fines for DWIs and drug-related charges. The purpose of the program is to establish drug courts, adolescent treatment services and indigent alcohol and drug treatment services. The Drug Abuse Prevention and Treatment Fund is the successor to the State Administration of Justice Fund and consists of moneys transferred or deposited from that fund. The Department of Health is requesting a Base Level of \$385,000 each year of the biennium.

The Executive Recommendation provides for the Agency Request.

**ARKANSAS PERFORMANCE BUDGETING & ACCOUNTABILITY SYSTEM  
ANALYSIS OF BUDGET REQUEST  
2003-2005**

Health Facility Services promotes and measures compliance with quality of care standards in health care facilities and outpatient services by conducting on-site surveys of certain facilities such as Hospitals, Home Health Agencies, Hospice Facilities, Birthing Centers, and Infirmaries. The Department is requesting a Base Level of \$275,884 in FY04 and \$280,714 in FY05 plus change requests of \$42,232 in FY04 and \$43,120 in FY05. The Base Level request includes a 2.7% salary increase each year over the FY03 salary levels for all incumbents plus associated increases in Personal Services Matching. Included in Personal Services Matching is a \$33 per month increase in the monthly contribution for State employees health insurance for a total state contribution of \$280 per month per budgeted employee.

The Department is requesting restoration of one position. Salary and Personal Services Matching for this position is \$36,232 in FY04 and \$37,120 in FY05.

Operating Expense increases of \$3,000 each year of the biennium have been requested to provide for office supplies of \$2,000 each year of the biennium and \$1,000 each year for meals and lodging for employee travel.

Change requests for Conference Fees and Travel of \$3,000 each year of the biennium have been requested to provide training for Health Department employees.

The Executive Recommendation provides Base Level and the additional Salary and Matching costs associated with the restoration of one position.

**ARKANSAS PERFORMANCE BUDGETING & ACCOUNTABILITY SYSTEM**  
**ANALYSIS OF BUDGET REQUEST**  
**2003 - 2005**

The Department's Tobacco Prevention and Cessation Program was established under Section 13 of Initiated Act 1 of 2000. The Act provides that the Arkansas Department of Health shall be responsible for developing, integrating, and monitoring tobacco prevention and cessation programs funded under the Act and shall provide administrative oversight and management. The Act further provides that the Arkansas Department of Health shall have the authority to award grants and allocate money appropriated to implement the tobacco prevention and cessation program. Act 1572 of 2001 provided an appropriation for personal services and operating expenses for the Tobacco Prevention and Cessation Program for the Department of Health for the FY02-FY03 Biennium. The program is funded by proceeds from the Tobacco Settlement Agreement.

The Department's current request is for a Base Level of \$18,875,571 in FY04 and \$18,916,703 in FY05 plus change requests of \$103,090 in FY04 and \$105,602 in FY05. The Base Level request includes a 2.7% salary increase each year over the FY03 salary levels for all incumbents plus associated increases in Personal Services Matching. Included in Personal Services Matching is a \$33 per month increase in the monthly contribution for State employees health insurance for a total state contribution of \$280 per month per budgeted employee.

The Department's request above Base Level is for additional Salary and Matching costs associated with restoration of three positions that were previously authorized but not budgeted.

The Executive Recommendation provides for the Agency Request.

The Cervical Cancer Control Appropriation was established as part of Act 1675 of 2001 when the Breast Cancer Control Program was combined with part of a Federal Program related to Breast and Cervical Cancer. The program is funded from a combination of special revenues related to cigarette taxes and Federal revenue payable from the Breast Cancer Control Fund.

The Department is requesting a Base Level of \$150,000 each year of the biennium for the Cervical Cancer Program.

The Executive Recommendation provides for the Agency request.

The Arkansas Department of Health's Building and Local Grant Trust Fund as authorized in Arkansas Code § 20-7-204 consists of revenues derived from visit fees to local health units. The fund is used for expansion, renovation, construction, or improvement to the State Health Building and for grants for construction, renovation, or other expansion of approved local health unit facilities in the State.

The Department's Base Level request for this appropriation is \$764,736 each year of the biennium.

The Executive Recommendation provides for the Agency Request.

**ANALYSIS OF BUDGET REQUEST**  
**2003-2005**

Act 1219 of 1999 transferred the Alcohol Safety Program from the State Highway and Transportation Department to the Arkansas Department of Health effective July 1, 1999. The program addresses offenders arrested for DWI. Individuals arrested are evaluated by the Alcohol Safety Education Program (ASEP). The ASEP consists of 13 different sub-grantees throughout the State that provide counselors, conduct pre-sentence investigation, and provide information to the public related to DWI issues. Funding to support this program comes from the proceeds of court costs and fines for DWI cases. The Department is requesting a Base Level of \$1,741,789 in FY04 and \$1,743,829 in FY05. The Base Level request includes a 2.7% salary increase each year over the FY03 salary levels for all incumbents plus associated increases in Personal Services Matching. Included in Personal Services Matching is a \$33 per month increase in the monthly contribution for State employees health insurance for a total state contribution of \$280 per month per budgeted employee.

The Department is requesting a \$2,000 increase in Professional Fees and Services to provide for speaker fees for the annual Drug and Alcohol Safety Program with a corresponding \$2,000 decrease in Operating Expenses.

The Executive Recommendation provides for the Agency request.

---

The Department of Health's Base Level request for Women, Infants, Children's (WIC) Food Instruments is \$50,874,497 each year of the biennium. This cash appropriation, funded by United States Department of Agriculture, provides for electronic benefits transfer of funds to vendors for at risk women, infants and children up to the age of five. The Department of Health is requesting a base level for this appropriation.

The Executive Recommendation provides for the Agency Request.
