Act 286 of 2010

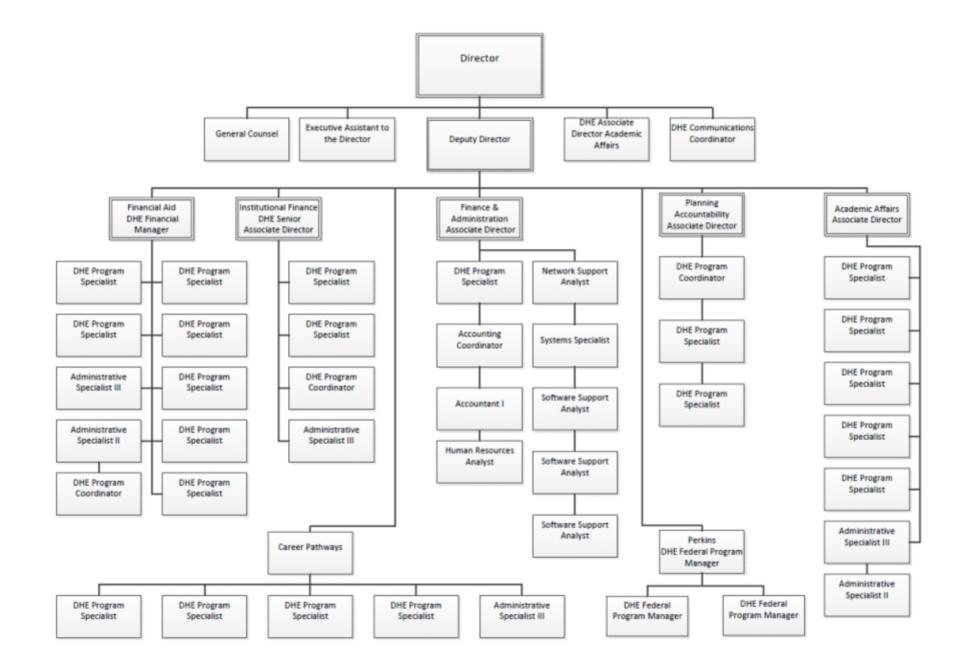

Higher Education financial aid programs as authorized by A.C.A., Title 6, et. al. Higher Education financial aid program fund balances as authorized by A.C.A., Title 19, et. al.

# History and Organization

The creation of the Arkansas Department of Higher Education (ADHE), and its predecessor, the Commission on the Coordination of Higher Education Finance, was predicated on the State's need for financial analysis, coordination, and strategic planning for the provision of public higher education in Arkansas. The Arkansas Higher Education Coordinating Board (AHECB) was created by Act 1114 of 1997 which abolished the State Board of Higher Education and transferred its powers, duties and functions to the AHECB which now oversees the Department of Higher Education. The scope of the responsibilities of the ADHE has broadened over the years to include determining the role and scope (mission) of each public institution, approving new academic programs, reviewing existing programs for quality and productivity, and analyzing and reporting all types of institutional and student data. Information is the key commodity used by ADHE to serve the needs of its constituencies-- the Governor, the Legislature, and the people of Arkansas. This information includes data on the financial operations of the colleges and universities, statistics about the students who enroll and how they are progressing at these institutions, and information used to provide financial aid to over 50,000 Arkansas college students.

ADHE acquires, generates, analyzes, and monitors data on students, faculty, and institutions to meet monitoring and service obligations. Over the years, the Governor and the Legislature have given the Department increased responsibility to monitor and report on the academic and fiscal operations of public colleges and universities. This has included gubernatorial and legislative mandates to establish a statewide higher education information system with individual data on every enrolled student at public or private colleges and universities and all faculty members at the public colleges and universities. ADHE also maintains data on all recipients of financial aid programs managed by ADHE, whether attendance is at a public or private institution.

The mission of the Arkansas Department of Higher Education is to advocate for higher education; to promote a coordinated system of higher education in the State; and to provide for the orderly and effective development of each of the publicly and locally supported institutions of higher education in the state - all geared toward improving the delivery of higher education services to the citizens of Arkansas.

# **Agency Commentary**

The creation of the Arkansas Department of Higher Education (ADHE), and its predecessor, the Commission on the Coordination of Higher Education Finance, was predicated on the State's need for financial analysis, coordination, and strategic planning for the provision of public higher education in Arkansas. The scope of the responsibilities has broadened over the years to include determining the roles and scope (mission) of each public institution, approving new academic programs, reviewing existing programs for quality and productivity, and analyzing and reporting all types of institutional and student data. Information is the key commodity used by ADHE to serve the needs of its constituencies- -the Governor, the Legislature, and the people of Arkansas. This information includes data on the financial operations of the colleges and universities, statistics about the students who enroll and how they are progressing at these institutions, and information used to provide financial aid to over 50,000 Arkansas college students.

The Arkansas Department of Higher Education (ADHE) is responsible for carrying out the policy directives of the Arkansas Higher Education Coordinating Board (AHECB), approving and reviewing college and university academic programs and developing funding recommendations for the state's 11 public universities and 22 public two-year colleges as well as several other post-secondary entities. In addition, the agency is responsible for distributing approximately \$170 million annually from state revenues and lottery funds intended to ease the financial burden of students seeking an education beyond high school

ADHE acquires, generates, analyzes, and monitors data on students, faculty, and institutions to meet these monitoring and service obligations. Over the years, the Governor and the Legislature have given the Department increased responsibility to monitor and report on the academic and fiscal operations of public colleges and universities. This has included gubernatorial and legislative mandates to establish a statewide higher education information system with individual data on every enrolled student and all faculty positions.

The following define the priorities for the 2011-2013 biennium. Each is designed to either restore or maintain capabilities of the agency to meet continuing mandates of the Governor and the Legislature for effective coordination of Arkansas higher education.

### I. Agency Operations/Provision of Basic Services to Governor, Legislature, and Higher Education Institutions

### A. Personal Services Costs for Additional Requested Personnel

The Arkansas Department of Higher Education (ADHE) is formally requesting to surrender four (4) current budgeted positions in order to obtain two (2) higher graded positions to correctly position the agency to meet the increased demands that have occurred within ADHE since July of 2009. The purpose of this reorganization is to gain two higher graded positions to recruit and retain employees with a broader skill set that will allow ADHE to be more productive than positions with narrowly define responsibilities.

ADHE is requesting to surrender position 22104438 D052C, Software Support Analyst, C121, last occupied 10/18/2008 and position 22125428 D052C, Software Support Analyst, C121, last occupied 2/6/2010 to obtain one (1) G102C, ADHE Program Specialist, C122, a current classification at ADHE. It has become more cost effective for ADHE to utilize outsourcing on many areas in Information Technology. ADHE primarily is using the services the Department of Information Services and Information Network of Arkansas.

ADHE is requesting to surrender position 22104465 C073C, Administrative Specialist II, C109, last occupied 7/4/2009 and position 22109049 R025C, Human Resource Analyst, C117, last occupied 3/15/2010 to obtain one (1) G071C, ADHE Program Coordinator, C124, a current classification at ADHE. This request would allow ADHE to utilize the position across multiple divisions encompassing the duties of the surrendered positions as well as bringing much needed finance and management level experience to the organization.

This request will allow ADHE to reduce cost by salary and benefits savings while at the same time increase productivity and service. **This** request is for appropriation only.

### B. Extra Help

ADHE is requesting an increase in Extra Help of \$12,000 above base for a total of \$15,000 each fiscal year of the biennium. Because of the new Universal Scholarship Application the number of applications each semester for the Financial Aid programs separate from Academic Challenge has increased from around seven thousand (7,000) in 2009 to around seventy thousand (70,000) in 2010. These positions will be used to help assist the Financial Aid Staff during peak volumes times each semester to insure that the awards can go out in a timely manner. Extra Help is requested because it is more cost effective to utilize these positions on an as needed basis versus employment of full time employees. **This request is for appropriation only.** 

## C. Operating Expenses

The Arkansas Department of Higher Education is requesting Change Levels of \$517,025 for the first year and \$316,025 for the second year of the biennium. The building lease for ADHE expires June 30, 2011 and the current facility will not be an available option. ADHE has worked closely with Arkansas State Building Services (SBS) on available facility space. SBS has helped ADHE develop possible new space options and estimated costs including relocation costs. The first year increases are as follows: estimated new facility lease will be approximately \$513,414 which is an increase of \$292,025 over the current lease. It is important to note that our current lease price is figures' at \$11.00 per square foot compared with SBS stated current market rate of \$18.00 per square foot. SBS estimates that utilizing for modular or cubicle offices will cost about \$175,000 to purchase. Additional cost is approximately \$45,000 for relocation including Information Technology and telephone system. The second year increases are for \$292,025 for facility lease and \$24,000 for other facility expenses. **This request is for appropriation and funding.** 

## D. Conference Fees & Travel

ADHE requests change Levels in Conference Fees and Travel of \$4,730 each fiscal year for a total of \$25,000 each year. The increase is to fund two Institutional Finance Employees professional development at the College Business Institute. The increased cost related to all travel

related categories such as meals, lodging, airfare and ground transportation and tuition. The Department needs to be able to provide professional development for staff in order to insure the ability to provide continuing professional services in changing environments. **This request is for appropriation and funding.** 

### E. Professional Fees

Arkansas Code §6-61-214 and 6-61-208 requires ADHE to review new and existing academic degree programs for the public institutions of higher education in Arkansas. The agency requests Change Levels of five thousand (\$5,000) for a total of fifteen thousand (\$15,000) for each year of the biennium for authority to hire consultants for the review of doctoral, selected master's degree proposals, and some technical/professional baccalaureate programs that are highly specialized and beyond the general or specific expertise of the agency's Academic Affairs staff. **This request is for appropriation and funding.** 

### F. Capital Outlay

The Department is requesting restoration of the current FY2011 Authorized appropriation level of \$25,000. This appropriation is based on the increased requirements for the Department to purchase and maintain high end network server printers and other information technology related equipment. Information has become a key commodity used by ADHE to serve the needs of its constituencies. ADHE acquires, generates, analyzes, and monitors data on students, faculty, and institutions. Additional hardware has been acquired to host web sites and student servers to comply with new State laws and programs. The Department now operates six student servers for such programs as well as the Academic Challenge, Governor's Scholar, and Credit Transfer Programs. The Department's Technology plan calls for the replacement of one server and one network printer each year. **This request is for appropriation and funding.** 

### II. Financial Aid Programs to Students

ADHE Financial Aid Programs are funded through the Higher Education Grants Fund (HEG) which receives funding from General Revenue and the Education Excellence Fund. For the past several years the HEG Fund had revenues that exceeded expenses and built up a rather large fund balance. In Fiscal 2010 the HEG fund received due to revenue revision received two million (\$2,000,000) less than received in Fiscal 2009. Further, pursuant to Section 17 of Act 286 of 2010, twenty million (\$20,000,000) was transferred by warrant to the Scholarship Shortfall Reserve Fund of the Arkansas Lottery Commission. All of these events have reduced the HEG Fund balance to around twenty four million (\$24,000,000). The current revenue and HEG Fund Balance will not be sufficient to sustain the growth in all of the Financial Aid Programs. Therefore some Programs will not be able to be funded and most others will have to have funding reduced or held to Fiscal 2011 levels to insure that current students in the pipeline will be funded as well as maximizing utilization of available funding to other Financial Aid programs that will serve the largest number of students maximize the number of students served in need and achievement based programs. **This request is for appropriation only.** 

### A. The Minority Masters Fellows (MMF) Program

Act 1215 of 2009 repealed this and consolidated it with the State Teacher Education Program. The reduced request is to provide funding for those students in the pipeline.

### B. Arkansas Health Education Grant (ARHEG)

The Arkansas Health Education Grant (ARHEG) Program was created to assist Arkansas residents who must attend certain professional schools not provided by the State of Arkansas in the areas of dentistry, optometry, podiatry, osteopathy, and veterinary. Arkansas contracts through the Southern Regional Education Board (SREB) to ensure that Arkansas residents can secure seats in participating institutions in the SREB Compact Program. The fee for each seat is established by SREB and the ARHEG grant or loan amount is typically an amount sufficient to help offset the difference in the resident and non-resident tuition amounts at participating institutions. The Arkansas Health Education Grants (ARHEG) Program is funded with General Revenue and balances in the Higher Education Grants (HEG) Fund. Due to the declining balance in the HEG Fund, ARHEG Programs are being reduced along with other Financial Aid Programs to insure that current students in the pipeline will be funded as well as providing funding to other Financial Aid programs that maximize the number of students served in need and achievement based programs. Change Levels for each program are as follows for each year:

| Dental Aid     | \$ 1,700,000 |
|----------------|--------------|
| Dental Loans   | \$ 987,370   |
| Optometry      | \$ 320,400   |
| Veterinary Aid | \$ 1,050,000 |
| Podiatry       | \$ 20,000    |
| Osteopathy     | \$ 148,000   |

### This request is for appropriation only.

### C. Arkansas Governor's Scholars Program

The Governor's Distinguished Scholars awards students with a 32 ACT or 1410 SAT and a 3.5 GPA in academic courses, or National Merit and National Achievement Finalists; and 75 Governor's Scholars (one from each Arkansas county) from those applicants that do not meet the Distinguished criteria. The program is in its second year of awarding 300 students instead of the previous 250 so the pipeline has grown and also more and more students are meeting the ACT and grade requirements. The estimated awards for Fiscal 2011 will be \$12,700,000. ADHE requests an increase of \$1,375,000 for the first year and \$300,000 for the second year of the biennium. **This request is for appropriation only.** 

### D. Dependents of Military

This program is for full-time undergraduate students who are dependent children or spouses of persons who were declared killed in action, missing in action or service-connected 100% permanently & totally disabled. Due to the length of the Iraq war and the ongoing actions in Afghanistan the number of eligible students has increased and given the current conditions it is expected to continue to increase. Based on estimated awards of \$350,000 for fiscal 2011, we are requesting an increase of \$200,000 for a total of \$450,000 each year. **This request is for appropriation only.** 

### III. State Scholarship - Federal

This program is Arkansas' participation in the federally funded "Leveraging Educational Assistance Partnership (LEAP)" Program. This is a need based grant for the non-traditional student or those at least 24 years old. The program's goal is to help those students returning to school who have financial need but may not be eligible for assistance from traditional state and federal programs. The award amount is expected to increase and the increase is for the authority to award scholarships. Change Levels for this program are \$250,000 each year, which would increase the total request to \$750,000 for each fiscal year of the biennium. **This is Federal Funding and request is for appropriation only.** 

### IV. Research Development Fund

This Arkansas Research Development Program is for research grants to applicable institutions of higher education. Funding for this program is transferred from the Higher Education Building Maintenance Fund from proceeds from the sale or lease of minerals, oil and gas on military and non-military federal lands in Arkansas. The Department is requesting restoration of the current biennial appropriation amount of \$2,000,000 and an additional \$2,000,000 for a total of \$4,000,000 for the Arkansas Research Development Program. The requested increase is to allow the increase in proceeds to be distributed. **This request is for appropriation only.** 

### V. Technical Education - Federal Programs (Perkins)

The Carl D. Perkins Vocational and Technical Education Act require each state to "establish a state performance accountability system to assess the effectiveness of vocational and technical education." This request includes support for multiple model project/pilot projects to be implemented to meet state leadership requirements. The purpose of the model projects is to encourage the implementation of new and innovative programs for career and technical education. Perkins will request proposals from postsecondary institutions receiving Perkins funding so specific projects to be funded are unknown at this time. However, based upon the type projects Perkins will seek, it is likely that the projects will use consultants to develop a program or provide a service. Potential projects include implementation of learning communities, development of retention strategies, creation of an online resource center, process mapping to identify gaps in support services for technical students, development of a leadership academy for faculty, and creation of a performance-based instruction design model. The Department requests Change Levels of \$50,000 for Travel and Conference Fees to be used for the Perkins sponsored training seminars and \$15,000 for Capital Outlay related to relocation of offices to new building. The request is for each fiscal year of the biennium. **The Program is federally funded and this request is for appropriation only.** 

### VI. Career Pathways Program

The Career Pathways Program operates under the State's Temporary Assistance to Needy Families (TANF) Block Grant. Under these guidelines, all recipients of TANF funds as approved by the Arkansas Transitional Employment Board (TEB) are eligible to receive "educational activities designed to increase self-sufficiency & job training skills". The Department works with the Arkansas Association of Two-Year Colleges (AATYC) to coordinate services to eligible recipients attending selected two-year institutions. The initiative began in March, 2005 and has since expanded to all 22 Two Year Colleges while serving more than 10,000 participants since implementation. More than 4,000 of

these participants have received certificates or degrees since entering the program. Due to this expansion the grant will increase from thirteen million (\$13,000,000) to fifteen million (\$15,000,000), the program is requesting Change Levels as follows: Reallocation of fifty five thousand (\$55,000) from Operating Expenses to Conference and Travel expenses for the training seminars sponsored by the Program, Reallocation of forty two thousand (\$42,000) from Operating Expenses to Professional Fee's for Information Network of Arkansas (INA) to continue to upgrade and maintain the CPI budget software and student tracking system, fifteen thousand (\$15,000) for Capital Outlay and two million four hundred thousand two hundred seven (\$2,455,207) for direct grants for the two year institutions. **The Program is federally funded and this request is for appropriation only.** 

### VII. The College Access Challenge Grant Program (CACGP)

The College Access Challenge Grant Program. (CACGP) is a Federal Program funded by the U. S. Department of Education. The project is designed to foster partnerships among government entities and philanthropic organizations to increase the number of underrepresented students who enter and remain in postsecondary education. The purpose of this project is to encourage students and families to learn about, prepare for, and finance a postsecondary education. The project includes a statewide outreach effort that will provide tools that can be used on a long-range basis to help tell the story of the importance of higher education. A training program will also be developed for high school guidance counselors who are located in the poorest counties of Arkansas as a means to assist them in reaching out to children from economically disadvantaged families. The new grant award has increased to one million five hundred thousand (\$1,500,000). ADHE is requesting an increase for each fiscal year in the following areas to administer the grant. Operating Expenses including advertising: Two hundred three thousand eight hundred and 71 (\$203,871) Professional Fees and Reimbursable Expense Professional Fees six hundred five thousand (\$605,000) **The Program is federally funded and this request is for appropriation only.** 

### VIII. Scholarship Administration

Act 605 of 2009 provides that the Arkansas Department of Higher Education shall administer the scholarships funded by the net proceeds of the Arkansas Lottery Commission, and that the Commission shall reimburse the department of the costs of administering the scholarship awards. ADHE is requesting a transfer from operating expenses to professional fees of \$150,000 each year and an additional \$250,000 each year for professional fees transferred from the Web Application Fund. This request is to make needed changes to the Universal Financial Aid System to accommodate the new Non-Traditional and Current Achiever class of awards, development of interface for uniform electronic transcript submission, modifications for program changes and annual maintenance of the programs and to provide changes to the system as program. With the changes in Academic Challenge by the Lottery Act applications increased from approximately eight thousand (8,000/ to fifty four thousand (54,000). ADHE request \$30,000 each year in Extra Help to assist in the intake process of the transcripts for the new Academic Challenge program. This request is for appropriation only.

### IX. Scholarship Reserve

Section 17 of Act 286 of 2010, required the twenty million (\$20,000,000) in set aside reserve be transferred by warrant to the Scholarship Shortfall Reserve Fund of the Arkansas Lottery Commission. This appropriation is no longer required.

### X. Cash Operations

ADHE receives grants from private foundations. The "Achieving the Dream: Community Colleges Count" national initiative is designed to help more community college students succeed. Achieving the Dream provides participating colleges with support to implement strategies designed to help more students-particularly students of color and low-income students-earn degrees, complete certificates. The Western Interstate Commission for Higher Education (WICHE) Non-traditional No More: Policy Solutions for Adult Learners grant will be used to stimulate and guide policy and practice changes that will create a more navigable path to degree attainment for adults. ADHE has been awarded a planning grant from the Lumina Foundation for Education, Inc. The grant will be used to conduct planning and implementation for a 2011 College Goal Sunday event in Arkansas. College Goal Sunday is a program that utilizes financial aid professionals in providing free assistance to potential college students completing the Free Application for Student Financial Aid (FASFA). Specifically, College Goal Sunday targets low income families. ADHE is requesting appropriation increase of four hundred twenty five thousand (\$285,000) each year for the administration of these programs. Also, appropriation totaling \$100,000 each year is requested for Mahlon Martin minority scholarships awards and \$40,000 each year is requested to support expenses of educational conferences hosted by ADHE. **This request is for appropriation only.** 

### XI. Explanations for Revisions to Special Language & New Special Language

### A. Scholarship Shortfall Reserve Transfer (Section 17)

The deletion of the language is because the item has been completed. ADHE transferred the \$20,000,0000 to the Scholarship Shortfall reserve Fund in July 2010 and completed the Fiscal year requirement.

### B. College Savings Bonds (Section 25)

This section was deleted because the Arkansas College Savings General Obligations Bonds Program has been completed and all funds expended.

### C. Arkansas Geographical Needs Minority teacher Scholarship Program (Section 32)

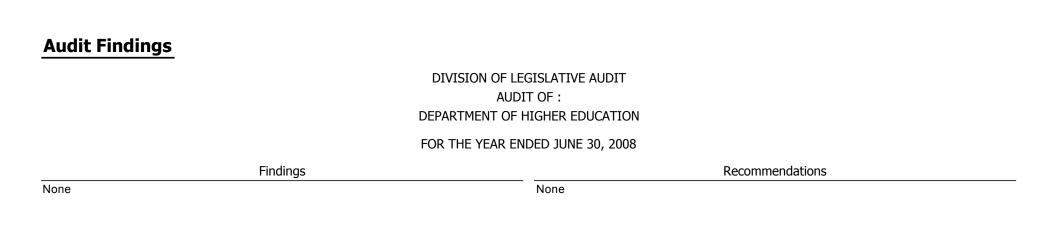

The Higher Education Grants (HEG) Fund funded with General Revenue. Due to the declining balance in the HEG Fund, Financial Aid Programs are being reduced to insure that current students in the pipeline will be funded as well as providing funding to other Financial Aid programs that maximize the number of students served in need and achievement based programs. This program is not being funded for the biennium.

### D. Transfer Provision (Section 35)

The Higher Education Grants (HEG) Fund funded with General Revenue. Due to the declining balance in the HEG Fund, Financial Aid Programs are being reduced to insure that current students in the pipeline will be funded as well as providing funding to other Financial Aid programs that maximize the number of students served in need and achievement based programs. Due to the reduced HEG Fund balance, transfers will not be needed.

### E. Transfer of Health Education Grants and Loans (Section 36)

The Arkansas Health Education Grants (ARHEG) Program is funded with General Revenue and balances in the Higher Education Grants (HEG) Fund. Due to the declining balance in the HEG Fund, ARHEG Programs are being reduced along with other Financial Aid Programs to insure that current students in the pipeline will be funded as well as providing funding to other Financial Aid programs that maximize the number of students served in need and achievement based programs. Due to the limited funding, transfer cannot be funded and will not be required.

# **Performance Audit Findings**

Southeast Arkansas Education Cooperative – Arkansas Early College High School Program (AECHS) Arkansas Department of Education (ADE) and Arkansas Department of Higher Education (ADHE) (July 1, 2005 – June 30, 2008) - Issued 10-10-2008

Findings and Conclusions:

- Instructor qualification review were not adequately documented, putting the students and participating high schools at risk of not receiving credit for a course or meeting accreditation standards.
- Grading irregularities could not be adequately explained, however, the extent of the problem could not be determined due to lack of controls over progress reports and computerized grade books.
- Student and school district memorandums of understanding and the course syllabi did not always agree with regard to academic dishonesty or plagiarism. Further,

teacher turnover was high which created additional problems in areas such as instructor approval and credentialing.

- 5 of 9 instructors reviewed had exceptions relating to class size limits.
- AECHS did not provide all pertinent information in a review by ADE of a complaint regarding the hiring of the Cooperative Director's son.

### Recommendations:

- To improve the instructor approval process: formalize the instructor approval process; maintain a master class schedule with appropriate addendums identifying changes of instructors; formally notify both college and high school officials of instructor changes; ADHE specifically address the issue of ownership of concurrent credit course at each participating institution; and partnering institutions provide the required training, orientation, and oversight to meet standards.
- ADE review its policy on the nontraditional licensure program and consider if modifications should be made for instructors in the AECHS Program.
- Create 1 standard syllabus for courses with more than 1 college granting credit and colleges be informed if a course is being taught to students enrolled in other colleges so that they may collaborate to meet State requirements.
- To address grade security issues: archive student progress reports in a central location; include documentation of archived grade changes with progress reports with approval signatures by the AECHS coordinator and the responsible instructor; provide for availability of records for review; and require a review each semester of a sample of grades for changes in each posted item.
- AECHS develop consistent policies addressing academic dishonesty and plagiarism.
- Adhere to required student to teacher ratios and ADE review the combined student enrollment numbers for all participating high schools in the individual AECHS classes to determine actual total class size.
- Contact ADE to determine if further action is required concerning the review of the hiring of the Cooperative Director's son.

Funding of Concurrent Credit Courses Arkansas Department of Higher Education (ADHE) (July 1, 2008 – December 31, 2008) - Issued 03-27-2009

### Findings and Conclusions:

- In the absence of a uniform method of recording concurrent credit tuition and fees, some postsecondary institutions use scholarship monies which count against the 30% limitation on its unrestricted educational and general tuition and fee income while others do not.
- Both school districts and the State's institutions of higher education incur expenditures and receive funding related to concurrent credit students. However, due to complexities in the higher education funding formula, the amount of funding contributable to those students is undeterminable.

### Recommendations:

• ADHE clarify the scholarship requirements and standardize the recording of concurrent credit tuition and fees.

# Analysis of Budget Request

**Appropriation:**153 - General Operations

Funding Sources:HQA - Dept. of Higher Education - State

The Arkansas Department of Higher Education utilizes this appropriation to meet costs associated with general administrative functions tied to the specific mission of the Agency. This appropriation is primarily funded by general revenue payable from the Department of Higher Education Fund Account (HQA). Funding is also provided by the Arkansas Lottery Commission with proceeds from the Arkansas Scholarship Lottery for costs associated with the administration of the Arkansas Academic Challenge Scholarship.

Base Level salaries and matching do not include appropriation for a Cost of Living Adjustment or Career Service Payments. The Base Level salary of unclassified positions reflects the FY11 line item maximum.

The agency Base Level request for this appropriation is \$3,535,940 each year of the biennium with thirty-nine (39) budgeted base level positions.

The agency Change Level request for this appropriation and general revenue is \$499,188 for FY2012 and \$298,188 for FY2013, and are as follows:

- A total reduction of \$64,567 in both years of the 2011-2013 biennium in Salaries and Personal Services Matching associated with the relinquishing of four (4) positions and establishment of two (2) new positions. Two (2) Software Support Analyst (C121) positions, one (1) Administrative Specialist II (C109) position, and one (1) Human Resources Analyst (C117) position are being surrendered in exchange for the creation of one (1) DHE Program Specialist (C122) and one (1) DHE Program Coordinator (C124). Both higher graded positions' skill levels will be used across multiple divisions, with the DHE Program Coordinator adding needed finance and management experience.
- \$12,000 increase in both years of the biennium in Extra Help to help with the 700% increase in Arkansas Challenge Scholarship Applications.
- \$517,025 in FY2012 and \$316,025 in FY2013 in Operating Expenses for costs associated with the relocation of ADHE office facilities. The current lease will expire on 06/30/2011, and the property owner is not renewing due to proposed costs for renovation. The estimated need for space and costs associated with the relocation were provided by State Building Services and are as follows:
  - \$292,025 in both years of the biennium for Rent. ADHE is currently billed at \$11.00 per sq. ft. for its current space. Estimated rent at new facility is \$18.00 per sq. ft.

- \$175,000 in FY2012 for the purchase for forty-five (45) modular office units and \$24,000 in FY2013 for other office expenses relating to the move.
- $_{\odot}$  \$40,000 in FY2012 only for relocation of phone and network systems.
- $_{\odot}$  \$10,000 in FY2012 only for Hauling and Moving Expenses.
- \$4,730 increase in both years for Conference Fees and Travel to send two Institutional Finance employees to the College Business Institute for training and professional development.
- \$5,000 increase in both years for Professional Fees to hire outside consultants for the review of Advanced Degrees that are beyond the working knowledge of the Academic Affairs Staff.
- Restoration of \$25,000 in both years for Capital Outlay for costs associated with upgrading and maintaining the six (6) servers and high output printers servicing all scholarship programs. The IT Support Costs section of ADHE's IT plan calls for the replacement of one (1) server and one (1) printer, respectively.

The Executive Recommendation provides for Base Level. In addition, the Agency Request for Salaries, Personal Services Matching, and Operating Expenses is recommended. General Revenue funding of \$3,100,000 is recommended for both years of the biennium.

|     | Justification  |
|-----|--|
| C01 | ADHE must relocate when current lease expires on June 30 2011. ADHE has worked with State Building Services on all aspects of relocation. The first year increases are as follows: \$292,025 new facility increased lease rate. Current rate \$11.00 per sq. ft., current market rate \$18.00 per sq. ft. \$175,000 estimated cost of for modular or cubicle offices for new facility. \$50,000 for relocation including Information Technology and telephone system. The second year increases are for \$292,025 for facility lease and \$20,000 for other move related facility expenses. The Arkansas Department of Higher Education (ADHE) requesting to surrender four (4) currently budgeted positions in order to obtain two (2) higher graded positions. The purpose of this reorganization is to gain two higher graded positions with a broader skill set that will allow ADHE to be more productive than positions with narrowly defined responsibilities. Net savings around \$65,000. ADHE is requesting an increase in Extra Help of \$12,000 above base for a total of \$15,000 each fiscal year of the biennium. Because of the new Universal Scholarship Application, the number of applications each semester for the Financial Aid programs separate from Academic Challenge has increase from 7,000 in 2009 to 70,000 in 2010. These positions will be used to help assist the Financial Aid staff during peak volume times each semester to insure that the awards can go out in a timely manner. |
| C03 | The Department requests to surrender four (4) currently budgeted positions in order to obtain two (2) higher graded positions.   |
| C08 | The Department is requesting restoration of the current FY2011 Authorized appropriation level of \$25,000. This appropriation is based on the increased requirements for the Department to purchase and maintain high end network server printers and other information technology related equipment as outlined in the "IT Support Costs" Section of the IT plan. Information has become a key commodity used by ADHE to serve the needs of its constituencies. In particular is the increased activity in the Financial Aid division and new reporting requirement due to the new Academic Challenge Lottery Scholarship.  |

# Analysis of Budget Request

**Appropriation:** 156 - Research Development Program Grants

Funding Sources: THD - Higher Education Research Development - Trust

The Arkansas Research Development Program provides grants to institutions of higher education for development of scientific research capability per Arkansas Code § 6-61-807. Funding for this program is required to be transferred from the Higher Education Building Maintenance Fund in accordance with Section 22 of Act 286 of 2010. Revenues in the Higher Education Building Maintenance Fund accumulate from the sale or lease of minerals, oil, gas, etc. on military and non-military federal lands located within the State of Arkansas.

The agency Base Level request for this appropriation is \$1,000,000 for each year of the biennium.

The agency Change Level request for this appropriation is \$1,000,000 for each year of the biennium. Recently, revenues have exceeded appropriation. This request will allow ADHE to better utilize the funding available.

Due to anticipated future revenues, the Executive Recommendation provides for \$5,000,000 in appropriation for each year of the biennium.

### Justification C01 This Arkansas Research Development Program is for research grants to applicable institutions of higher education. Funding for this program is transferred from the Higher Education Building Maintenance Fund from proceeds from the sale or lease of minerals, oil and gas on military and non-military federal lands in Arkansas. The Department is requesting restoration of the current biennial appropriation amount of \$2,000,000 and an additional \$2,000,000 for a total of \$4,000,000 for the Arkansas Research Development Program. The requested increase is to allow the increase in proceeds to be distributed. This request is for appropriation only.

# Analysis of Budget Request

Appropriation:160 - State Scholarship-Federal

Funding Sources:FCP - Dept. of Higher Education - Federal

This appropriation represents the federal share of the Workforce Improvement Grants Program, which is the State's only financial aid program based solely on financial need. The federal grant received is for Arkansas' participation in the "Leveraging Educational Assistance Partnership" (LEAP) Program. The goal is to help the non-traditional student (24 years old or older) returning to school who has financial need but may not be eligible for assistance from traditional state and federal programs. This appropriation is funded entirely from federal revenue received from the U.S. Department of Education.

The agency Base Level request for this appropriation is \$500,000 for each year of the biennium.

The agency Change Level request for appropriation is \$250,000 for each year of the biennium. The Department anticipates increased federal funding for this program.

The Executive Recommendation provides for the Agency Request.

### Funding Sources:HEG - Higher Education Grants

The Student Assistance Grants and Scholarships appropriation provides the Arkansas Department of Higher Education (ADHE) the authority to award the State's current and prospective college students with financial aid based upon academic performance and, in some programs, financial need. This appropriation is currently funded from a combination of general revenue, Higher Education Grants Fund balances, and Educational Excellence Trust Fund revenues, payable from the Higher Education Grants (HEG) Fund Account.

The agency Base Level request for appropriation is \$61,311,860 for each year of the biennium.

The agency Change Level request for a reduction in appropriation is \$14,207,860 in FY2012 and 15,621,860 in FY2013. No additional funding is requested beyond continuation of Base Level funding for each year of the biennium.

In FY2011, ADHE transferred by warrant \$20,000,000 in funding from the Higher Education Grants Fund Account (83B Appropriation established by Section 16 of Act 286 of 2010) to the Scholarship Shortfall Reserve Trust Account of the Arkansas Lottery Commission in accordance with Section 17 of Act 286 of 2010. As a result of this transfer, ADHE requests reduction of appropriation for the 2011 - 2013 Biennium to reflect the declining balance of the Higher Education Grants Fund. The Change Level reductions are summarized as follows:

- State Teacher Education Program (STEP) \$3,200,000 in both years
- Teacher Opportunity Program \$2,000,000 in both years, which discontinues program
- Workforce Improvement Grants \$1,777,169 in both years
- Higher Education Opportunity Grants \$4,000,000 in both years
- Second Effort Scholarships \$20,000 in both years, which discontinues program
- Minority Masters Fellowship \$176,250 in FY2012 and \$227,500 in FY2013
- · Washington Center Scholarships \$120,000 in both years, which discontinues program
- Dependents of Law Enforcement Officers \$25,000 in both years
- · AR Geographical Critical Needs \$200,000 in both years, which discontinues program

- JR/SR Minority Teacher Scholarships \$210,000 in FY2012 and \$255,000 in FY2013
- State Teacher Assistance Resource (STAR) Program \$3,096,467 in FY2012 and \$3,339,217 in FY2013
- Student Undergraduate Research Fellowship (SURF) Program \$157,974 in both years
- Web Based Applications \$550,000 reduction in both years, as well as a reallocation of \$250,000 to ADHE's Scholarship Administration appropriation, which discontinues the program.

In addition to the Change Level reductions, the Agency requests Change Level increases in appropriation for two scholarship programs. Those increases are as follows:

- Arkansas Governor's Scholars \$1,375,000 in FY2012 and \$300,000 in FY2013. This request will allow ADHE to fund current students currently receiving this scholarship, as well as the three hundred (300) new students that are to receive the award for FY2011.
- Dependents of POWs, MIAs, KIAs Tuition Waiver Scholarships \$200,000 in both years of the biennium. With the length of on-going military actions in the Middle East and Afghanistan, the number of eligible recipients of this award has continued to increase.

These adjustments will allow ADHE to best serve the students of the State while responsibly managing funding levels during the current economic situation.

The Executive Recommendation provides for the following adjustments:

- Workforce Improvement Grants \$777,169 reduction in FY2012, \$2,277,169 reduction in FY2013.
- Higher Education Opportunities Grants \$5,000,000 reduction in both years.
- Dependents of POWs, MIAs, KIAs Tuition Waiver Scholarships \$105,000 increase in both years.
- Arkansas Governor's Scholars \$1,140,000 increase in FY2012, \$170,000 reduction in FY2013.

The Executive Recommendation provides for Agency Request for all other Scholarship programs.

|     | Justification   |
|-----|---|
| C01 | The estimated awards for FY 2011 will be \$12,700,000. This request is to fund current students in pipeline and to be able to continue to award the FY 2011 level of 300 new students. ADHE requests an increase of \$1,375,000 for the first year and \$300,000 for the second year of the biennium. Due to the length of the Iraq war and the ongoing actions in Afghanistan the number of eligible students has continued to increase. Based on estimated awards of \$350,000 for fiscal 2011, we are requesting an increase of \$200,000 for a total of \$450,000 each year. These requests are for appropriation only. |
| C03 | The Higher Education Grants (HEG) Fund is funded with General Revenue. Due to the declining balance in the HEG Fund, Financial Aid Programs are being reduced to insure that current students in the pipeline will be funded as well as providing funding to other Financial Aid programs that maximize the number of students served in need and achievement based programs.   |

Appropriation: 2XK - TANF

**Funding Sources:** FCP - Dept. of Higher Education - Federal

The Temporary Assistance to Needy Families (TANF) appropriation is a collaboration between the Arkansas Department of Higher Education (ADHE) and all twenty-two (22) two-year institutions of higher education. Known as the "Career Pathways" program, it provides educational and training services to recipients deemed eligible under the TANF Block Grant. ADHE works with the Arkansas Association of Two-Year Colleges (AATYC) to coordinate services to eligible recipients, and over 100,000 students have participated. The goal of this appropriation is to increase client self-sufficiency and job skills. This program is federally funded through the U.S. Department of Health and Human Services.

Base Level salaries and matching do not include appropriation for a Cost of Living Adjustment or Career Service Payments.

The agency Base Level request for this appropriation is \$12,506,311 each year of the biennium and six (6) base level positions.

The agency is requesting that \$97,000 in appropriation be reallocated from Operating Expenses to Conference Fees and Travel and Professional Fees for both years of the 2011-2013 biennium.

- \$55,000 in appropriation would shift to Conference Fees and Travel to cover the costs of training seminars sponsored by the Career Pathways Program.
- \$42,000 in appropriation would shift to Professional Fees to support ADHE's use of the Information Network of Arkansas (INA) and other upgrades required to maintain and update the scholastic records of those participating in the Career Pathways program.

The agency Change Level request for this appropriation is \$2,493,207 for each year the biennium, and are as follows:

- \$23,000 in appropriation for Professional Fees which, in conjunction with the aforementioned reallocation, would provide comparable levels made available in FY2010 by the use of a Budget Classification Transfer.
- \$12,000 in appropriation for Capital Outlay to upgrade hardware needed in student record keeping.
- \$2,455,207 in appropriation for Grants and Aid to allow for increases in the federally-awarded Career Pathways program.

The Executive Recommendation provides for the Agency Request.

A training program will also be developed for high school guidance counselors who are located in the poorest counties of Arkansas as a means to assist them in reaching out to children from economically disadvantaged families. The new grant award has increased to \$1,500,000. The agency Base Level request for this appropriation is \$466,691 each year of the biennium and three (3) budgeted base level positions.

The agency Change Level request for this appropriation is \$65,000 each year of the biennium. For Conference Fees and Travel, \$50,000 is requested to be used for Perkins-sponsored training seminars, while \$15,000 is requested in Capital Outlay related to ADHE's relocation to a new office building.

#### Justification

ADHE receives grants from private foundations and funds for scholarships and conference fees. The "Achieving the Dream: Community Colleges Count" national initiative is designed to help more community college students succeed. "Achieving the Dream" provides participating colleges with support to implement strategies designed to help more students-particularly students of color and low -income students-earn degrees, complete certificates, or transfer to other institutions to continue their studies. The Western Interstate Commission for Higher Education (WICHE) "Non-Traditional No More: Policy Solutions for Adult Learners" grant will be used to stimulate and guide policy and practice changes that will create a more navigable path to degree attainment for adults. "Non-Traditional No More" will help states identify their "ready adult" population - those adults who are close to having enough credits to obtain a degree but have not yet returned to college. ADHE has been awarded a planning grant from the Lumina Foundation for Education, Inc. The grant will be used to conduct planning and implementation for 3 College Goal Sunday event in Arkansas. College Goal Sunday is a program that utilizes financial aid professionals in providing free assistance to potential college students completing the Free Application of Student Financial Aid (FASFA). Specifically, College Goal Sunday targets low income families. ADHE is requesting appropriation increase of \$285,000 each year for the administration of these programs. Also, appropriation totaling \$100,000 each year is requested for Mahlon Martin minority scholarships awards and \$40,000 each year is requested to support expenses of educational conferences hosted by ADHE. This request is for appropriation only.

#### Analysis of Budget Request

Appropriation: HEG - Health Education Grants & Loans

Funding Sources:HEG - Higher Education Grants

The Health Professions Financial Assistance Program of the Arkansas Department of Higher Education (ADHE) is responsible for developing rules and regulations for the Arkansas Health Education Grants (ARHEG) Program. ARHEG provides Arkansas residents financial assistance to attend certain out-of-state health and medical professional schools for graduate or professional programs not available in Arkansas. Education programs not offered in Arkansas are facilitated through contractual arrangements negotiated through the Southern Regional Education Board (SREB), of which Arkansas is a member. The State also contracts directly with out-of-state institutions for additional spaces or student slots at Non-SREB institutions. Such assistance is typically amounts sufficient to help offset the difference in the resident and non-resident tuition fees at participating institutions. Assistance is currently available for attendance at any accredited school of dentistry, veterinary medicine, optometry, osteopathy medicine, podiatric and chiropractic medicine. ARHEG is funded by general revenue payable from the Higher Education Grants (HEG) Fund.

ADHE's request for the various health education fields totals \$4,327,770 each year of the 2011 - 2013 biennium for all Health Education Grants and Loan Programs. In order to fully fund the pipeline of Arkansas students already enrolled and to address the declining balance of the HEG Fund, Change Level requests for appropriation only are requested as follows:

- Osteopathy Aid: Decrease of \$82,000 each year
- Podiatry Aid: Decrease of \$110,400 each year
- Veterinary Aid: Decrease of \$50,000 each year
- Chiropractic Aid: Decrease of \$158,000 each year
- Dental Aid Grants: Decrease of \$433,000 each year
- Optometry Aid Grants: Decrease of \$89,600 each year
- Optometry Aid Loans: Decrease of \$140,000 each year

The Executive Recommendation provides for the Agency Request with the exception of Veterinary Aid, where a decrease \$171,000 each year of the biennium is recommended.
