Candy, Soft Drinks, and Digital Products

Act 141 of the 2017 Legislative Session becomes effective on January 1, 2018. This Act removes candy and soft drinks from the definitions of "Food" and "Food Ingredients" and applies the full 6.5% State sales and use tax rate to these items. All City and County sales and use tax rates continue to apply on the sale of these items. This Act also applies the total state, city and county sales and use tax to the sale price of specified digital products or a digital code. Specified Digital products include digital audio works, digital audio-visual works, digital books, and digital code.

Candy is defined as a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruits, nuts, or other ingredients or flavorings in the form of bars, drops, or pieces. Candy does not include preparation containing flour and must not require refrigeration. Soft drink means a nonalcoholic beverage that contains natural or artificial sweeteners. A soft drink does not include a beverage that contains milk or milk products, soy, rice, or similar milk substitutes, or that is greater than fifty percent (50%) of vegetable or fruit juice by volume.

Digital audio works means works that result from the fixation of a series of musical, spoken, or other sounds, including ringtones. Digital audio-visual works means a series of related images that, when shown in succession, impart an impression of motion, together with accompanying sounds. Digital books are works that are generally recognized in the ordinary and usual sense as "books". Digital code means a code that provides a purchaser with a right to obtain one (1) or more specified digital products and may be obtained by any means, including email or tangible means, regardless of its designation as a song code, video code, or book code.

Please see the remaining pages of this notice for examples of what constitutes Candy and Soft Drinks as well as which tax rates apply. If you have any further questions regarding the change outlined in Act 141 of the 2017 Legislative Session or if you need further clarification for a specific product please contact one of our customer service representatives of the Sales and Use Tax section with the Department of Finance and Administration at 501-682-7104.
