Sales Tax for 2020

The Arkansas Department of Finance and Administration would like to remind you about the new Arkansas Taxpayer Access Point (ATAP). **Tax Types reported on form ET-1:**
Below are brief descriptions of the taxes remitted and collected on form ET-1. For further information on the collection of these taxes, please visit our Web site, [www.arkansas.gov/salestax](http://www.arkansas.gov/salestax) or contact our office at (501) 682-7104.

**Sales Tax (Gross Receipts Tax)**
Sales or gross receipts tax is levied on retail sales and is collected by the retailer from customers and remitted by the retailer to the State. The retailer gets to retain 2% of the tax collected ($1,000 per month maximum) as a collection fee if the retailer’s remittance is on or before the dates due.
Current Tax Rate is 6.5% (non-food items).

**Use Tax (Compensating Use Tax)**
The compensating or use tax is levied on retail sales to every person in this State for the privilege of storing, using, distributing or consuming, within the State, any article of tangible personal property or taxable service purchased from outside the State. The tax is in lieu of the State sales tax. It is collected by out-of-state vendors from Arkansas customers and is remitted by them to the State or is reported directly by an in-state purchaser if the tax is not collected by an out-of-state seller.
Current Tax Rate is 6.5% (non-food items).

**Food Tax**
As of January 1, 2019, the state tax rate on sales of food and food ingredients is one-eighth of one percent (0.125%) of the gross receipts or gross proceeds derived from the sale. See Rule 2007-3 on our Website, [www.arkansas.gov/salestax](http://www.arkansas.gov/salestax) or contact our office at (501) 682-7104.
Current Tax Rate is 0.125%.

**Manufacturing Utility Tax**
As of July 1, 2015, the state tax rate on sales of natural gas or electricity to a manufacturer for use directly in the manufacturing process is five eighths of one percent (0.625%) of the gross receipts or gross proceeds derived from the sale. See Rule 2007-5 on our Website, [www.arkansas.gov/salestax](http://www.arkansas.gov/salestax) or contact our office at (501) 682-7104.
Current Tax Rate is 0.625%.

**Aviation Sales Tax**
The sales tax on aircraft and aviation fuel, aviation services, parts, accessories and other sales taxes remitted by aircraft dealers, airports and flying fields are collected by the Commissioner of Revenues and remitted to the State Treasury.
Current Tax Rate is 6.5%.
**Aviation Use Tax**
The use tax on aircraft and aviation fuel, aircraft parts and accessories is collected by the Commissioner of Revenues and remitted to the State Treasury.
Current Tax Rate is 6.5%.

**2% Tourism Tax**
The tax is levied upon the gross receipts or gross proceeds derived from admissions to tourist attractions or the sale or rental on items related to tourism. The tax is collected, reported and paid in the same manner as all other gross receipts taxes. The monies collected are deposited as special revenues and credited to the Tourism Development Trust Fund. Current Tax Rate is 2% and is levied upon the gross receipts of the following:

- Admission to theme parks, water parks, water slides, river and lake boat cruises and excursions, local sightseeing and excursion tours, helicopter tours, excursion railroads, carriage rides, horse racing, dog racing, indoor or outdoor plays or music shows, folk centers, observation towers, privately owned or operated museums, privately owned historic sites or buildings, and natural formations;
- The services of furnishing hotel and motel rooms, lodging houses, condominiums and tourist camps or courts to transient guests; camping fees at public or private campgrounds; rentals of watercraft, boats, motors, and related motor equipment; life jackets and cushions, water skis, oars, and paddles.

**Short Term Rental Tax**
In addition to the Gross Receipts and Compensating Use Tax, there is levied an additional tax of 1% on all tangible personal property that is rented or leased for a period of less than 30 days. The tax is applicable to all rentals or leases regardless of whether tax was paid on the rental property at the time of purchase.
Current Tax Rate is 1%.

**Short Term Rental Vehicle Tax**
A rental vehicle tax is levied on the gross receipts or gross proceeds derived from rentals of licensed motor vehicles for a period of less than 30 days. A local rental vehicle tax is also due and should be combined with the amount remitted for local sales tax. The rate will be equal to the local tax rate in effect for the jurisdiction where the rental occurs.
Current Tax Rate is 10% plus the local rental vehicle tax.

**Residential Moving Tax**
A gross receipts tax is levied upon the rental of gasoline or diesel powered trucks rented or leased for residential moving or shipping.
Current Tax Rate is 4.5%.

**Wholesale Vending Tax**
Vending machine operators have three options with regard to the payment of tax. Sales made through vending machines are not subject to the gross receipts tax, but the vending device operator must (1) pay a "wholesale vending tax" of 7% on property purchased for resale through a vending device, (2) pay sales tax on all purchases from vendors with no sales for resale exemption or (3) purchase a vending machine decal instead of paying sales tax or wholesale tax. If a vending machine operator chooses this option, all machines operated must have decals on them.
Current Tax Rate is 7%.

**Mixed Drink Tax**
In addition to the gross receipts tax, holders of mixed drink permits (except private club permits) issued by the Alcoholic Beverage Control Division must collect and remit the ten percent (10%) supplemental gross receipts tax on all sales of alcoholic beverages except beer and wine.

In addition to the gross receipts tax, holders of private club permits issued by the Alcoholic Beverage Control Division must collect and remit the 10% supplemental gross receipts tax upon all charges to members for the preparation and serving of mixed drinks or for the cooling and serving of beer and wine. A private club which also has a beer permit should collect the state and local sales tax but not the ten percent (10%) supplemental tax on its sales of beer.
Current Tax Rate is 10%.

**Additional Mixed Drink**
In addition to the gross receipts tax and ten percent (10%) supplemental tax, holders of mixed drink permits must collect and remit the four percent (4%) supplemental gross receipts tax on all sales of alcoholic beverages except beer and wine.

In addition to the gross receipts tax and ten percent (10%) supplemental tax, holders of private club permits must collect and remit the four percent (4%) supplemental gross receipts tax upon all charges to members for the preparation and serving of mixed drinks only.
Current Tax Rate is 4%.

**Liquor & Wine Excise Tax**
A special Alcoholic Beverage Excise Tax of 3% is levied upon all retail receipts or proceeds derived from the sale of liquor, cordials, liqueurs, specialties, sparkling and still wines. The tax is collected by the retailer in addition to the retail price of such products and remitted to the Commissioner of Revenues. This tax is in addition to the Gross Receipts Tax.
Current Tax Rate is 3%.
**Beer Excise Tax**

The tax is levied on the retail sales of beer for off-premises consumption. This tax is in addition to the Gross Receipts Tax. Current Tax Rate is 1%.

**Local Sales and Use Taxes**

Local taxes are collected and remitted similar to the state sales and use tax. You must report each city tax or county tax separately on the form.

Businesses that hold an active Arkansas Sales and Use Tax permit and file Excise Tax returns with DFA may deduct the amount of additional city or county tax on business purchases on which the full amount of local tax has been collected by the seller. The total amount of the additional tax for a qualifying rebate for each city and county for which the tax was paid must be listed on the form. When completing the form, a credit for any additional tax paid will be deducted from the local tax due for that reporting period.

Local Tax Rebate Computation

To compute the amount of rebate, take the invoice amounts exceeding $2,500 (not including tax) and subtract $2,500 from the total invoice amount. This result is multiplied by the local tax rate that is applicable and the product is the local tax rebate.
