CONSUMER USE TAX FORM

If you purchased taxable merchandise outside the State of Arkansas for use, storage, consumption or distribution within the state, a state and local consumer use tax may be due on the purchase price, including transportation charges. Due to the rapid increase in purchases being made through mail order, telephone, and the Internet, it has become a concern that individuals may not be aware of their obligation to report the consumer use tax on untaxed out of state purchases. Examples of merchandise subject to the consumer use tax include cassettes, CD's, books, furniture, jewelry, food, and clothing.

The use tax is a companion tax to the sales tax whose purpose is to not only raise revenue for the state, but more importantly to protect local merchants, who must collect sales tax, from the unfair advantage of out of state sellers who do not collect Arkansas's sales tax. The use tax has been in effect since 1949.

The use tax rate is the same as the sales tax rate, 6.50% for all transactions except food purchases which has a reduced rate of 0.125% plus the applicable city and/or county rates where the merchandise is delivered in the state. The tax applies to the purchase price of the merchandise plus any shipping and handling charges that the merchant adds to your bill. If the total tax due is greater than \$100 per month, the use tax report should be filed on a monthly basis. If the total tax due is \$25 - \$100 per month, the use tax report should be filed on a quarterly basis. If the total tax due is less than \$25 per month, the use tax report should be filed on an annual basis.
