Taxpayer's Name	Taxpayer's Social Security Number
Spouse's Name	Spouse's Social Security Number

**This certificate must be completed in its entirety to receive the \$500 credit for individuals with developmental disabilities. It must be attached to your individual income tax return the first time this credit is taken. It is good for five (5) years from the date the original tax credit is filed. At the end of five (5) years you must have a new certificate completed and attached to your individual income tax return. The credit is in addition to your regular dependent tax credit.**

To take advantage of this credit the taxpayer must live in Arkansas and the individual must live in the taxpayer's home. The individual **must meet all of the following conditions:**

1. The individual was a person of the taxpayer's blood or an adopted child without regard to chronological age or a dependent within the meaning of §26-51-501(a)(3)(b).
2. The individual was dependent on the taxpayer for more than fifty percent (50%) of his/her maintenance, support, and care in the taxpayer's home. The individual had mental or physical disabilities to the extent that he/she was incapable of managing himself/herself or his/her affairs and was eligible for admission to one of the Arkansas Human Development Centers. **(See ACA 20-48-206.)**
3. The individual was unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death, or has lasted or can be expected to last for a continuous period of not less than twelve **(12)** months. A physical or mental impairment is an impairment that results from anatomical, physiological, or psychological abnormalities which are demonstrable by medically acceptable clinical or laboratory diagnostic techniques.
4. This \$500 **tax credit** is not being claimed by any other taxpayer.

# INSTRUCTIONS FOR AR1000RC5

A developmental disability is a disability which:

- (A) (i) Is attributable to intellectual disability, cerebral palsy, epilepsy, autism, Down syndrome, or spina bifida; **or**
  - (ii) Is attributable to any other condition found to be closely related to intellectual disability because it results in an impairment of general intellectual functioning or adaptive behavior similar to that of persons with intellectual disabilities or requires treatment and services similar to those required for such persons; **or**
  - (iii) Is attributable to dyslexia resulting from a disability described in (A)(i) of this section; **and**
- (B) Originates before the person attains the age of twenty-two (**22**) years; **and**
- (C) Has continued or can be expected to continue indefinitely; **and**
- (D) Constitutes a substantial impairment to the person's ability to function without appropriate support services including, but not limited to, planned recreational activities, medical services such as physical therapy and speech therapy, and possibilities for sheltered employment or job training.

## DIAGNOSED DISABILITY:

1. **Intellectual disability:** Individuals are eligible for services if their I.Q. scores fall two or more standard deviations below the mean of a standardized test **or** their condition is closely related to intellectual disability by virtue of their adaptive behavior function and the nature of the treatment and services they require. **You must enter the I.Q. score or check the intellectual disability level in the space provided on the front of the form.**

**NOTE:** The individual must have been eligible for admission into an intermediate care facility for individuals with developmental disabilities (*ICF/MR*). To meet ICF/MR level of care, an individual must have had substantial functional limitation **in three or more** of the following areas of major life activity:

- A) **Self Care:** Ability to care for one's own toileting, grooming, dressing, and eating needs.
  - B) **Understanding and Use of Language:** Ability to communicate needs and responses to others using a formal speech system.
  - C) **Learning:** Ability to process information, retain it, and apply it to different situations as appropriate to the individual's age level.
  - D) **Mobility:** Ability to move self from place to place either by walking or propelling adaptive equipment.
  - E) **Self-Direction:** Ability to make appropriate decisions regarding time, travel, finances, and health.
  - F) **Capacity for Independent Living:** Ability to cook, shop, clean, and otherwise maintain self in an independent living situation.
2. **Cerebral Palsy:** As established by the results of a medical examination by a licensed physician.
  3. **Epilepsy:** As established by the results of a neurological examination by a licensed neurologist and/or licensed physician.
  4. **Autism:** As established by the results of a team evaluation by a licensed physician **and** a licensed psychologist or psychological examiner.
  5. **Down Syndrome:** As established by the results of a medical examination by a licensed physician.
  6. **Spina Bifida:** As established by the results of a medical examination by a licensed physician.

**Check the appropriate box** of the developmental disability, **and** list the **I.Q. score** (*if required*) in the space provided on the AR1000RC5.

**NOTE: Any of these six conditions, independent of each other, is sufficient for determination of eligibility.** This means a person who has been diagnosed with an intellectual disability does not have to have autism, epilepsy, cerebral palsy, Down syndrome or spina bifida. Conversely, a person who has autism, cerebral palsy, Down syndrome, spina bifida, or epilepsy does not have to have intellectual disabilities to be eligible.
