MEMORANDUM

TO: PROJECT NOTIFICATION REVIEW PARTICIPANT

FROM: STATE CLEARINGHOUSE

SUBJECT: REQUEST TO REVIEW APPLICATION

DATE: February 16, 2016

The attached listing reflects applications that were received by the State Clearinghouse during the period indicated and are available for review and comment within the next 30 days.

Each listing contains an assigned identification number, the project title and a brief description of the application's content. The use of the abbreviation (NOI) in parenthesis indicates a "Notification of Intent" to apply for funds and is not a complete application. In most cases, the (NOI) will only be the 424 cover sheet form; however, a complete application will normally be forthcoming 30 days later.

If you desire to formally review any item listed, please indicate by placing the number assigned (i.e.AR#; Environmental Impact Statement; Public Notice) in the space provided below. In accordance with the Project Notification and Review System, anyone who makes a request to review an application must return his comments, should there be any, along with the application to the State Clearinghouse within the specified time period. Under certain circumstances, the reviewer may request an extension of time for his review and comments. This extension cannot exceed 30 days.

 Description: 2016 Arkansas Geological Survey Data Preservation Grant. In response to the USGS FY2016 Nation Geological and Geophysical Data Preservation Program (NGGDPP) grant announcement, the Arkansas Geological Survey (AGS) developed a plan that includes preserving 4 different collections: 80 maps, 7 written media collections, 4 photograph portfolios, and approximately 700 geologic field photographs. The plan includes 4 steps: inventory, cleaning, scanning, and preservation of original copies. In addition, materials will be purchased to properly prevent further deterioration. The collection will be converted to a digital format to ensure long term preservation. Metadata will be generated for each map, book, photograph, and for the collection as a whole. All documents will be made available to the public digitally in document format via the Agency's website. An internal audit team will be implemented in order to guarantee that all project goals are met on a timely basis for the State's data preservation project

- AR 160208-026** Arkansas Geological Survey
 Description: Geologic mapping of the Durham, Japton, Witter, and Weathers quadrangles, Northwest, Arkansas. The AGS proposes to map the Durham, Japton, Witter, and Weathers quadrangles (Fig. 3). Boyd Haley mapped the Durham and Japton quadrangles on the 15' base map and the Witter and Weathers quadrangles on a 7.5' base map using aerial photography circa 1972. This mapping was done to produce the 1:500,000-scale Geologic Map of Arkansas in 1976 and this area has not been re-mapped since that time. Detailed geologic mapping of this area will aid in source water protection around Beaver Lake which is drinking water source for Northwest Arkansas.
