

Children's Advocacy Centers Program

Program Description

The Children's Advocacy Centers (CAC) Program is established to support child advocacy centers across Arkansas in their effort to provide services to child victims and their families. More information on the CACs of Arkansas can be found at www.cacarkansas.org.

Source of Funding

Legislative Authority: Act 975 of 2021. Any awards under this solicitation will be made under legislative authority provided by Act 975 of 2021.

Objectives and Deliverables

The purpose of the CAC Program is to enhance the capabilities of CACs through grants to each eligible center to support staffing and operational needs.

Eligible Program Participants

Eligibility for the FY21 awards is limited to applicants who received a FY20 grant award. Act 975 designated the Arkansas Department of Finance and Administration as the State Administering Agency for the CAC Program. Due to the transition actions necessary to implement the CAC Program within DFA, the FY21 grants will be an abbreviated application with continuation of the FY20 funded amounts for each center.

**CAC Abbreviated Application (Request For Proposal) 2021-2022
Deadline: Monday, July 7, 2021**
