# ARKANSAS BUDGET SYSTEM AGENCY PROGRAM COMMENTARY 1997-99

#### Bureau of Legislative Research - Operations

The Bureau requests a total of \$6,760,411 for FY 1997-98 and \$6,833,204 for FY 1998-99 for salaries and operating expenses for the Bureau of Legislative Research of the Arkansas Legislative Council. The FY 1996-97 budgeted levels include the carryforward of unexpended balances from FY 1995-96 less 5% which has been placed in deferment to meet the savings requirements of Act 494 of 1993.

#### Personnel

The Bureau requests a total of 94 positions for the 1997-99 biennium, which is net increase of 11 positions as compared to the number authorized for the 1995-97 biennium. The Bureau requests that 5 positions be transferred from the Legislative Research - Contingency Appropriation, 15 additional positions be added to the Bureau appropriation as contingency positions, and 12 positions to be added as Senior Career Service positions.

These career service positions are to be used for incumbent personnel whose compensation has reached the top of their grade and would not be able to receive future increases without this senior career service classification. If an incumbent is placed in one of these career service positions, the position they currently hold will not be filled until they terminate employment. Therefore, the addition of these 12 career service positions does not really provide the agency access to 12 additional position slots. Although appropriation is requested for both the existing positions and the career service positions each year of the biennium,

\$591,110 is requested as unfunded appropriation.

We are requesting that the House and Senate Constituency Services positions and operating funds <u>not</u> be included in the Bureau's 1997-99 budget. We are also requesting that the authorization for the House and Senate to utilize Bureau positions for separate House and Senate Committee staffs be eliminated. We feel both authorizations should be in the House and Senate budgets, if needed.

All of the line item positions were increased 2.8% the first year over the FY 1996-97 maximum annual salary, and an additional 2.8% the second year, with the exception of the Chief Economist and the Personnel Review Administrator. The request reflects a 6.5% increase in the maximum annual salary the first year for the Chief Economist, a 9.5% increase in the maximum annual salary the first year for the Personnel Review Administrator, and an increase of 2.8% for each of these positions the second year. The increases for these two positions will allow the Bureau to equalize the salary levels of these positions with the Senior Staff Attorney position in the event it is necessary to do so in the coming biennium.

The Bureau requests that the position of Legislative Automated System Coordinator be declassified from Grade 26 to a line item salary classification to better reflect the responsibility of

the position. In addition, the Bureau also requests that the position of Program Analyst be upgraded from a Grade 24 to a Grade 25 to recognize the added computer programming responsibilities of the position. The Bureau requests that 6 of the 7 currently authorized Legislative Administrative Assistants be upgraded from Grade 18 to Grade 20 and that the remaining Legislative Administrative Assistant be reclassified as a Legislative Research Assistant (Grade 18) to be assigned to the Office of Economic and Tax Policy. The Bureau also requests that the position of Administrative Assistant II be upgraded from Grade 17 to Grade 18 and the position of Office Services Supervisor be upgraded from Grade 15 to Grade 18 to recognize the increased responsibilities of the position.

The Bureau further requests the School Formula Unit Appropriation which was first created in Act 1312 of 1995 be merged with the main Bureau Operations Appropriation (# 015) as a separate line item.

#### Arkansas Legislative Council - Disbursing Officer

The Bureau requests a 2.5% increase over the FY 1997 authorized levels for all of the Disbursing Officer appropriations except for the Joint Ad Interim Committee Expenses in which the amount requested for general assembly expenses is requested to be increased by 8% the first year and 2.5% the second over the FY 1997 authorized level. An increase of \$50,000 each year of the

biennium is requested for out-of-state travel. Both the increase for general assembly expenses and out-of-state travel are requested due to the IRS increasing the per diem maximums which may result in increased per diem costs.

The following appropriations have not been requested to continue in the 1997-99 biennium:

Appropriation 760 - Child Welfare Reports - Bureau of Legislative Research of the Arkansas Legislative Council Appropriation 018 - Information Needs - ALC Disbursing Officer Appropriation 108 - Justice Building Space - Joint Interim Committee on Legislative Facilities
