Fixed expenses for salaries, building maintenance, equipment, and technology have increased with no proportional increase in revenue. Number of complaints and hearings have remained constant while costs to investigate and hold hearings have increased. Expense to maintain license database and services to licensees and the public will increase with changing technology. Current fees for licenses are at maximum authorized. ANALYSIS OF BUDGET REQUEST
2001 – 2003

The Arkansas Real Estate Commission is funded from the receipt of fees it charges for originating and renewing the licenses of real estate brokers and salespersons. An increase of $10 for each license issued or renewed by the Commission is requested to maintain solvency as the number of licensees continues to decline. Base Level for each fiscal year provides a pay plan increase of 2.6% over the 2001 fiscal year salary levels for all incumbents, along with related additions in Personal Services Matching. Another adjustment to Base Level is the elimination of salary and matching appropriation that supports two of the Commission's positions, an Assistant Deputy Director and a Secretary II. The two position titles have been retained to provide flexibility in Agency personnel administration. Changes exclusive of Base Level are as follows:

Capital Outlay of $18,000 in the first year for vehicle replacement and $5,000 to replace office equipment. The sum of $2,500 is requested in the second year for replacement of office equipment.

Capital Outlay of $7,500 in the first year and $9,500 in the second year to upgrade data processing equipment in accordance with the Agency's Information Technology Plan, as submitted to the Department of Information Systems.

The Executive Recommendation is for approval of the changes requested by the Commission. The Executive does not make recommendations on fee increases.

The Arkansas Real Estate Commission's Recovery Fund cash appropriation is supported by a one-time fee of $25 charged to each new license applicant and also includes interest earned from investing the Fund's balances. If damages are assessed against any licensee who is insolvent, the Commission covers the claim from fees collected in this fund. Earned interest supports the Commission's educational efforts to keep its licensees and the general public informed of changes in regulations, market conditions, and illegal practices. The Commission requests continuation of the Base Level of $504,106 for each year of the 2001-2003 Biennium.

The Executive Recommendation provides for the Agency Request.
