

ARKANSAS PERFORMANCE BUDGETING & ACCOUNTABILITY SYSTEM
AGENCY PROGRAM COMMENTARY
2003 - 2005

APPROPRIATION 054 - STATE

Change Level One requests \$63,596 in each year of the biennium to enable the agency to meet a 9.3% increase for cost of space, utilities, janitorial, and security services announced by State Building Services. Change Level Two requests \$224,000 in each year of the biennium for the purchase of books and subscriptions needed to meet the State Library's mission to serve as the state's information resource center.

APPROPRIATION 055 - FEDERAL

The Arkansas State Library administers the Library Services and Technology Act (LSTA) program in Arkansas. Purposes of LSTA, P.L. 104-208, as amended, are 1) to consolidate federal library service programs; 2) to stimulate excellence and promote access to learning and information resources in all types of libraries for individuals of all ages; 3) to promote library services that provide all users access to information through state, regional, national, and international electronic networks; 4) to provide linkages among and between libraries; and 5) to promote targeted library services to people of diverse geographic, cultural, and socioeconomic backgrounds, to individuals with disabilities, and to people with limited functional literacy or information skills.

In order to qualify for these federal funds, the State Library is required to submit and have approved a five-year plan for library services. It should be noted that Congress annually appropriates funds for this Act, but there is never any way to predict the level of funding. Federal appropriation is expected to range between one and two million dollars per federal fiscal year.

APPROPRIATION 083 - AID TO PUBLIC LIBRARIES

Since 1937, the Arkansas Legislature has regularly appropriated funds for Aid to Public Libraries. These funds augment meager local resources of public libraries which have expenditures per capita among the lowest in the United States. The purpose of Aid to Public Libraries is to encourage local library support, promote resource sharing, provide professional administration, improve local library resources, promote system regionalization, and provide library service for the blind.

Change Level One in State Aid for Public Libraries is a request for base level plus additional funds in the amount of \$4,400,000 for year one of the biennium, FY 2004, in order to return funding to the FY 2001 level of \$4,900,000. In year two of the biennium, FY 2005, additional funding over year one in the amount \$5,793,600 is requested to bring State Aid to Public Libraries to \$4.00 per capita. Total funding for the program in year two of the biennium will be \$10,693,600.

APPROPRIATION 858 - STATE LIBRARY REVOLVING FUND

The Arkansas State Library Revolving Fund is used to receive and disburse payment for lost books, interlibrary loan charges assessed by other libraries, and to deposit funds from agency coin-operated copy machines. The cash flow from these activities is usually small, but is growing. Other state agencies sometimes contract for the provision of special data base services, and the State Library must maintain an appropriation level that permits the agency to enter cost-recovery agreements.

1	This increase in the operations budget is requested for each year of the biennium to cover a mandated increase in space costs. State Building Services has notified the State Library that space costs, which include utilities, janitorial services, security and rent will increase 9.3% in FY 2004 and FY 2005. In FY 2003, space costs amounted to 85% of the total agency operations budget. The announced increase requires that the State Library establish this request as a first priority because the agency cannot absorb such an increase without seriously affecting services. 2	Because of substantial budget cuts during the current biennium, the funding level for Books and Subscriptions has been drastically reduced from the FY 2002 appropriation level of \$254,000 to a little over \$30,000 in actual funding. We request \$224,000 in additional funding for each year of the biennium in order to meet the State Library's mission to serve as the state's information resource center. The agency needs an adequate, regularly funded information materials budget to be able to respond to information requests from business and industry, government, education, law and engineering firms, human services and citizens statewide. Limitations in the current funding level do not allow for renewal of subscription resources and online reference databases. The reference and circulation non-fiction print and non-print collections are becoming seriously out-of-date and will continue to deteriorate without an increase in funding. ARKANSAS PERFORMANCE BUDGETING & ACCOUNTABILITY SYSTEM
ANALYSIS OF BUDGET REQUEST
2003 - 2005

Federal funds for the Arkansas State Library are provided by the U. S. Department of Education through the Institute of Museum and Library Services. The federal program – the Library Services and Technology Act (LSTA) - promotes access to information resources in all types of libraries, promotes access to library materials through electronic networks, and provides linkages between libraries.

The Base Level request includes a 2.7% salary increase each year over the FY03 salary levels for all incumbents plus associated increases in Personal Services Matching. Included in Personal Services Matching is a \$33 per month increase in the monthly contribution for State employee's health insurance for a total state contribution of \$280 per month per budgeted employee.

The Change Level requests include \$379,000 each year in Operating Expenses to purchase subscriptions to online databases and for printing and postage costs, \$6,000 each year in Professional Fees for visiting authors' fees and consultant fees. The agency also requests Capital Outlay of \$42,000 in FY04 to purchase computers and \$26,000 in FY05 to purchase CD ROM and microfilm cabinets, recording equipment and a sound booth for the blind and physically handicapped.

The Executive Recommendation provides for Agency Request.

ANALYSIS OF BUDGET REQUEST
2003 - 2005

Since 1937, the Arkansas Legislature has regularly appropriated funds for Aid to Public Libraries. These funds supplement local libraries. The purpose of Aid to Public Libraries is to encourage local library support, promote resource sharing, provide professional administration, improve local library resources, promote system regionalization, and provide library services for the blind. Funding for this appropriation is received from the Public School Fund.

The Change Level request includes \$4,400,000 in FY04 in Grants/Aid to return funding to the FY01 level and \$5,793,000 in FY05, also in Grants/Aid, to bring State Aid to Public Libraries closer to the \$6.00 per capita recommended in the 1997 study of State Libraries. This request would bring State Aid to \$4.00 per capita.

The Agency also requests that State Aid to Public Libraries be funded by a separate line in the Revenue Stabilization Law.

The Executive Recommendation on this program will be included with the total recommendation of the Public School Fund. The Executive Recommendation does approve the establishment of a separate line for funding of State Aid to Public Libraries in the Revenue Stabilization Law.

1	During the current biennium, State Aid to Public Libraries has been reduced 90% from the FY 2001 level of funding. State Aid is used to augment meager local resources of public libraries whose expenditures per capita are among the lowest in the United States. For FY 2004, an additional \$4,400,000 is requested in order to return funding to the FY 2001 level of \$4,900,000. In FY 1997 the legislature mandated a study of public libraries in Arkansas. This report, INVENTING THE FUTURE OF LIBRARY SERVICE IN ARKANSAS, by Himmel & Wilson, recommended that "State Aid funding needs to increase to approximately \$6.00 per capita to allow for an equalization formula that compensates for regional pockets of poverty". To work toward this recommendation, and based on the official 2000 census of Arkansas, an additional \$5,793,600 is requested for FY 2005. This would bring Aid to Public Libraries to \$4.00 per capita during the new biennium for a total of \$10,693,600.	C01	357341 State Aid to Lib	0	0	0	4,400,000	0	5,793,600	0	0	0	0	0	0
