AGENCY PROGRAM COMMENTARY
1999 - 2001

Reclassification of the instructor positions is necessary in order to attract qualified teachers for our programs. In many cases, vocational technical instructors can make more money by working in their respective fields than they can by teaching.

We are also requesting contingency positions to replace the position pool that has been operated by the Department of Workforce Education. This will give us more flexibility in hiring staff to be able to respond more quickly to the needs of the state.

ANALYSIS OF BUDGET REQUEST
1999 - 2001**

Funding for this program is received from tuition, resale from the bookstore, and reimbursement programs such as Apprenticeship. This appropriation is used to supplement and enhance General Revenue funding.

Base Level includes positions and supporting operating expenses. The Base Level includes a cost of living increase of 2.8% each year over the FY99 salary levels, and related Personal Services Matching costs.

Change Level requests include increases in operating expenses to enhance programs, resale for use by the bookstores, as well as additional appropriation in various other line items to ensure the Institute accomplishes an orderly transition to a separate entity. The Institute, in addition to its stand alone status, is requesting reclassification of all the Vocational Instructor positions to unclassified status. Maximum salaries for the Instructor positions are \$50,713 in FY00 and \$52,132 in FY01. The classification will allow the Institute to attract the type of qualified instructors needed to address the diversity of occupations and industrial trades found in the Arkansas economy.

The Executive Recommendation provides for the Agency Request. The Executive Recommendations on certain classifications differ from the requested reclassification. Expenditure of appropriation is contingent upon available funding.

Also, we have additional travel costs for instructors who attend competitions with their students. These are sometimes held out of state, which increases travel expenses.

**ARKANSAS BUDGET SYSTEM
ANALYSIS OF BUDGET REQUEST
1999 - 2001**

The Vocational Technical Institutes in the Department of Workforce Education are presenting 1999-01 biennial Budget Requests that would establish each school as a separate entity under strong guidance by the Department of Workforce Education and cooperation with the Arkansas Economic Development Commission. Each school has requested separate budgets that emphasize the instructional programs in each school by providing for enhancement of instructor salaries. Salary increases for the instructional staff of the post secondary technical institutes will be based on a combination of successful completion of competency based requirements and salary guidelines/policies set forth by the State Board of Workforce Education. The budgets also include requests for operating expenses and equipment to respond to the rapidly changing technologies used in the diversified marketplace in which our workers must compete. This will allow the Workforce 2000 funds to be utilized more effectively in addressing the needs of the schools.

Additionally, this proposal hopes to engage the local communities and businesses served by the Institutes. In order to fund the proposed increases, a partnership should be developed between the school and the local community in meeting the local workforce education needs with emphasis on accountability and productivity. Local contributions along with the state resources in each school can provide a significant enhancement of the instructional programs.

Foothills is responding to a need by industry brought about by computer advances. Microcomputer repair and local area network training is emphasized.

Base Level includes positions and supporting operating expenses. The Base Level includes a cost of living increase of 2.8% each year over the FY99 salary levels, and related Personal Services Matching costs.

Change Level requests include increases in operating expenses for program enhancements and the reclassification of all Vocational Instructor positions to unclassified status. Maximum salaries for the Instructor positions are \$50,713 in FY00 and \$52,132 in FY01. This classification request will allow the Institute to attract the type of qualified instructors needed to teach and train Arkansas' workforce. Also included in the request is the establishment of a Contingency line item which will provide each Institute the flexibility to transfer appropriation to various line items within the appropriation as needed to operate as a separate entity.

The Executive Recommendation provides for the Agency Request. Executive Recommendation on certain classifications differs from the requested reclassification.
