ARKANSAS BUDGET SYSTEM AGENCY PROGRAM COMMENTARY 1999 - 2001

A continued commitment to the professional training needs of law enforcement in Arkansas was made by the State of Arkansas during the 1997 Legislative Session. The second phase of the Driving Training Course was funded and construction of the first and second phase have been completed. Many needs regarding maintenance, operation, and equipment continued to be addressed. In addition, monies were appropriated for an Arkansas Law Enforcement Training Academy satellite facility in Northwest Arkansas to meet the continued demands in the area due to a rapidly increasing population. At this point, the expenditure of these funds has been requested and is under consideration.

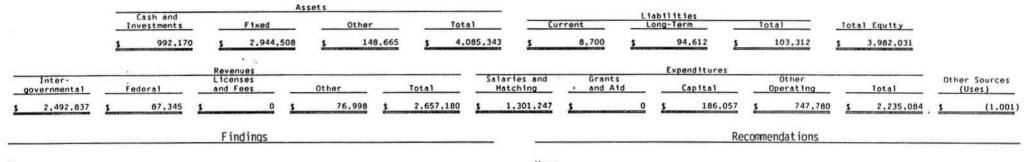

However, the training needs of law enforcement officers throughout Arkansas, as the dynamics of law enforcement continue to change, must continue to be addressed by the State of Arkansas as we enter the 21st century.

Due to the need to complete current projects, and in order to continue to improve and up-date all aspects of law enforcement training throughout the State of Arkansas, it is essential that the State of Arkansas' commitment toward this end continue as regard to all aspects of professional law enforcement training. The funding of the third phase of the Driving Training Course at the Arkansas Law Enforcement Training Academy, the acquisition of training vehicles for student use on the Driving Course and the maintenance on these vehicles, adequate funding for the staffing and operation of the Arkansas Law Enforcement Training Academy's Northwest facility, and the need for increased and up-dated facilities at the East Camden facility are critical.

With the commitment by the State of Arkansas, demonstrated during the 1995 and 1997 Legislative Session (s), we have moved professional law enforcement training in the State of Arkansas back to the forefront. With the State of Arkansas' continued commitment, the future of professional law enforcement training in Arkansas, as we move into the 21st century, looks positive.

*Excess funding in the Biennium Request column for each year is reduced, due to unfunded appropriation for the CLIP Program. Excess funding in the Executive Recommendation column is reduced due to this and unfunded appropriation recommended for Overtime.

The Commission on Law Enforcement Standards and Training requests an additional \$80,000 in appropriation authority each year of the biennium over the Base Level in the cash funded Special Training appropriation. The source of cash funds collected are fees paid by state agencies for use of the academy's facilities for special training of their police officers, and for meals purchased by the Fire Training Academy for students enrolled in programs. The academy anticipates an increased number of agencies to request the use of their facilities during the next biennium. Fees collected would be used to reimburse food costs, replace equipment on an as-needed basis, and to purchase uniforms for officers enrolled in training courses at the Academy.

In the past the Academy has not provided uniforms. However, the request has been made to allow the purchase of uniforms with funds from sources other than General Revenue. In this case, funds generated from facility rental and food service would go toward the purchase of the uniforms.

The Executive Recommendation provides for Agency Request. Expenditure of appropriation is dependent upon available funding.

The Commission on Law Enforcement Standards and Training requests the federally funded Rape Investigative Training appropriation be authorized to continue in the 1999-01 biennium at the Base Level of \$12,000 each year. This program provides training to law enforcement officers statewide in the area of rape/child sexual assault investigation. Funding is provided through the UAMS Preventative Health and Health Services Block Grant.

The Executive Recommendation provides for Agency Request.

FUND FES LAW ENF STD TRNG-(950)

1

BR 215

This General Revenue appropriation request provides for the operations of the Commission on Law Enforcement Standards and Training (ALETA). The ALETA provides basic law enforcement training as well as specialized training in the following areas: Radar Operator and the refresher course, Jailer Training, Instructor Development, Firearms Instructor, and the Law Enforcement refresher course which is required if a law enforcement officer has been out of the state or out of law enforcement for an extended period of time. There are approximately thirty additional courses offered in addition to the most demanded courses listed above.

Included in the Base Level budget is a 2.8% salary increase for employees, related personnel services matching as well as supporting Maintenance & Operations.

The requests made above Base Level include Operating Expenses to maintain the Driving Track, for utilities, and food; Travel to allow instructors to take refresher courses in their specific training area; Overtime to be in compliance with the Fair Labor Standards Act; Professional Fees & Services for court reporters and for assistance with writing a conversion program for the new computer system; Capital Outlay for equipment replacement on an as-needed basis; and eight positions, two for support at the existing facility and six for the facility in Northwest Arkansas.

The Executive Recommendation provides for \$25,000 each year for Capital Outlay, \$5,000 each year for Professional Fees & Services, \$33,158 for Operating Expenses, and the request for Overtime, above the Base Level. Funding is provided for all increases, with the exception of the amount recommended for Overtime. The appropriation for this character will afford the agency the flexibility necessary to remain in compliance with Fair Labor Standards.

The Career Ladder Incentive Program (CLIP) requests reflected in agency budgets are intended to provide appropriate job classifications, that may be utilized to promote classified employees who complete competency-based criteria during the biennium. The Executive Recommendation may reflect an adjustment in the requested CLIP levels for certain positions. These changes are to indicate the maximum job classification to which an employee would be expected to progress within the new biennium, based on the experience and other competency-based criteria required under the Program.

The Commission on Law Enforcement Standards and Training currently provides street level and advanced training to police officers/investigators in the field of drug investigation. Funding for this program is received from the Office of Intergovernmental Services under the Department of Finance and Administration. DFA receives funding from the U.S. Department of Justice.

The Program operates on a federally funded FY99 budget of \$39,975.

The Agency Request for appropriation is for Base Level only.

The Executive Recommendation provides for Agency Request.
