STATE OF ARKANSAS
Department of Finance and Administration

July 31, 2026

In accordance with the provisions of Ark. Code Ann. § 26-64-101 et seq., the Department of Finance and Administration has determined the wholesale tax on motor fuel (gasoline) and distillate special fuel (clear diesel) for the period of October 1, 2026 through September 30, 2027 to be $.032 per gallon on wholesale sales of gasoline and $.060 per gallon on wholesale sales of clear diesel fuel. The total tax rates for gasoline and clear diesel fuels will remain at the existing tax rates of $.247 per gallon for gasoline and $.285 per gallon for clear diesel fuel.

The per gallon wholesale tax rates have been determined based on the average wholesale selling prices of the fuels during 2025 as published by the Energy Information Administration of the United States Department of Energy for the United States Gulf Coast Region.
